Each such Purchased Receivable (i) was underwritten by CA Auto Bank S.p.A. The Temporary Global Notes will be exchangeable not earlier than 40 calendar days and not later than 180 calendar days after the Issue Date, upon certification of non-U.S. beneficial ownership. The Notes will be deposited with a common safekeeper appointed by Euroclear Bank S.A./N.V. ("**Euroclear**") and/or Clearstream Banking S.A. ("**Clearstream, Luxembourg**", together with Euroclear the "**Clearing Systems**"). The Notes represented by a Temporary Global Note or a Permanent Global Note may be transferred in book-entry form only. The Notes will be issued in a denomination of EUR 100,000 and will not be exchangeable for definitive notes.

This document constitutes a prospectus for the purposes of Article 6 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC ("**Prospectus Regulation**").

The Prospectus has been approved by the Commission de Surveillance du Secteur Financier (the "**CSSF**"), as competent authority under the Prospectus Regulation. The CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation and the Luxembourg law dated 16 July 2019 on prospectuses for securities (*loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières*) (the "**Luxembourg Prospectus Law**"). Such approval should not be considered as an endorsement of the quality of the Notes that are subject to this Prospectus or an endorsement of the Issuer that is subject to this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. By approving the Prospectus the CSSF does not give any undertaking as to the economic and financial soundness of the operation or the quality or solvency of the Issuer in line with the provisions of Article 6 Section 4 of the Luxembourg law on prospectuses for securities.

This Prospectus, once approved by the CSSF, will be published in electronic form on the website of the Luxembourg Stock Exchange (www.luxse.com).

Application has also been made via the Listing Agent to the Luxembourg Stock Exchange for the Notes to be admitted to the official list and trading on its regulated market. It is expected that admission to the official list and to trading on the regulated market of the Luxembourg Stock Exchange will be granted on or about the Issue Date subject to the issue of the Global Note Certificates. However, there can be no assurance that any such listing will be obtained, and if obtained, maintained.

The Notes and interest thereon will be obligations solely of the Issuer and will not be guaranteed by, or be the responsibility of, any other entity. In particular, the Notes will not be obligations of, and will not be guaranteed by, or be the responsibility of the Arranger or the Joint Lead Managers.

The Originator will retain for the life of the Transaction a material net economic interest of not less than five (5) per cent. in the Transaction in accordance with Article 6 of Regulation (EU) No 2017/2402 of the European Parliament and of the Council of 12 December 2017 laying down a general framework for securitisation and creating a specific framework for simple, transparent and standardised securitisation, and amending Directives 2009/65/EC, 2009/138/EC and 2011/61/EU and Regulations (EC) No. 1060/2009 and (EU) No. 648/2012 (as amended) (the "**European Securitisation**

Regulation"), provided that the level of retention may reduce over time in compliance with Article 15 (1) of Commission Delegated Regulation 2023/2175 (the "**Retention RTS**"). As of the Issue Date and thereafter on an on-going basis, the Originator will retain a material net economic interest of not less than five (5) per cent. of the initial Note Principal Amount of each of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class M Notes and the Class X Notes (the "**Retained Notes**"), representing the nominal value of each of the tranches sold or transferred to the investors, as set out in Article 6(3)(a) of the European Securitisation Regulation.

Pursuant to Article 27(1) of the European Securitisation Regulation, the Originator intends to notify the European Securities Markets Authority ("**ESMA**") that the Transaction will meet the requirements of Articles 20 to 22 of the European Securitisation Regulation (the "**STS Notification**"). The purpose of the STS Notification is to set out how in the opinion of the Originator each requirement of Articles 19 to 22 of the European Securitisation Regulation has been complied with. Where the Transaction is classified STS, the STS Notification would then be available for download on the website of ESMA. On 3 September 2020 the Commission Delegated Regulation (EU) 2020/1226 of 12 November 2019 supplementing Regulation (EU) 2017/2402 of the European Parliament and of the Council and laying down regulatory technical standards specifying the information to be provided in accordance with the STS notification requirements was published, specifying the information that the originator, sponsor and SSPE are required to provide in order to comply with their STS notification requirements. ESMA is obliged to maintain on its website a list of all securitisations which the originators and sponsors have notified as meeting the STS Requirements in accordance with Article 27(5) of the European Securitisation Regulation. For this purpose, ESMA has set up a register on an interim basis under (https://www.esma.europa.eu/policy-activities/securitisation/simple-transparent-and-standardised-sts-securitisation#title-paragrah-4). According to ESMA, a more established register may be launched in due course and placed on the dedicated section of its website under https://registers.esma.europa.eu/publication/.

None of the Arranger, the Joint Lead Managers, the Issuer, CAAB, their respective Affiliates nor any other person makes any representation, warranty or guarantee that the information provided by any party with respect to the transactions described in this Prospectus are compliant with the requirements of the European Securitisation Regulation and no such person shall have any liability to any prospective investor or any other person with respect to the insufficiency of such information or any failure of the transactions contemplated by this Prospectus to satisfy or otherwise comply with the requirements of the European Securitisation Regulation.

No assurance can be given that the Notes will also be issued in compliance with the European Securitisation Regulation as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018, as amended by The Securitisation (Amendment) (EU Exit) Regulations 2019 (UK SI 2019/660), as further amended, supplemented or replaced, from time to time (the "**UK Securitisation Regulation**") and potential purchasers contemplating an investment in the Notes should consult with their advisers as to whether the Transaction complies with the requirements of the UK Securitisation Regulation.

After the Issue Date, the Issuer will prepare (or have prepared) monthly reports wherein relevant information with regard to the Purchased Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Originator for the purposes of which the Originator will provide the Issuer with all information reasonably required in accordance with Article 7(1)(e) of the European Securitisation Regulation.

The Notes have not been and will not be registered under the US Securities Act of 1933 (the "**Securities Act**") and, subject to certain exceptions, may not be offered or sold within the United States.

The Notes at all times may not be purchased, without the prior consent of the Originator, by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). "**U.S. Risk Retention Rules**" means the final rules promulgated under Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of "U.S. person" in Regulation S. Each purchaser of Notes, including beneficial interests therein, will be deemed to, and in certain circumstances will be required to, represent and agree that (1) it is not a Risk Retention U.S. Person, (2) it is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) it is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

The Notes may not be offered, or sold within the United States or to, or for the account or benefit of, U.S. Persons except (i) pursuant to an exemption from, or in a transaction not subject to the registration requirements of, the Securities Act and (ii) without the prior consent of the Originator, in accordance with an exemption from the U.S. Risk Retention Rules.

The issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules other than the exemption under Section _.20 of the U.S. Risk Retention Rules and no other steps have been taken by the Issuer, the Originator, the Arranger, the Joint Lead Managers or any of their affiliates or any other party to accomplish such compliance.

Benchmark Regulation - Interest amounts payable under the Notes will be calculated by reference to the Euro Interbank Offered Rate ("**EURIBOR**"), which is provided by the European Money Markets Institute, Brussels, Belgium (the "**Administrator**"). The Administrator appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) 596/2014 (the "**Benchmark Regulation**") as it has been authorised as benchmark administrator for EURIBOR on 2 July 2019.

Disclosure Requirements under the European Securitisation Regulation – Article 7 of the European Securitisation Regulation requires, *inter alia*, that prospective investors have readily available access to information on the underlying exposures, the underlying documentation that is essential for the understanding of the transaction, quarterly investor reports containing, inter alia, all materially relevant data on the credit quality and performance of the individual underlying exposures and data on the cash flows generated by the underlying exposures and by the liabilities of the securitisation. For that purpose, materially relevant data shall be determined pursuant to Article 7 of the European Securitisation Regulation as at the date of the securitisation and where appropriate due to the nature of the securitisation thereafter.

Pursuant to Article 7(2) of the European Securitisation Regulation the Originator or the Issuer are required to designate amongst themselves one entity as reporting entity (the "**Reporting Entity**") to make available to the Noteholders, potential investors in the Notes and competent authorities, the documents, reports and information necessary to fulfil the relevant reporting obligations under Article 7(1) of the European Securitisation Regulation. The Reporting Entity shall make the information for a securitisation transaction available by means of the European Data Warehouse in its function as a securitisation repository registered in accordance with Article 10 of the European Securitisation Regulation. MIFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EC of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU ("**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment. However, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

UK MIFIR product governance / Professional investors and ECPs only target market - Solely for the purposes of each manufacturer's product approval process, the target market assessment pursuant to the FCA Handbook Conduct of Business Sourcebook ("**COBS**") in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in COBS and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law of the United Kingdom by virtue of the EUWA ("**UK MiFIR**") and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate, noting the responsibility of each manufacturer under COBS only. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment. However, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

PRIIPs Regulation / Prohibition of sales to EEA and UK retail investors – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**") and the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA and the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA and the UK may be unlawful under the PRIIPS Regulation.

(d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and

(e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Any projections, forecasts and estimates contained in this Prospectus are forward looking statements. RISK FACTORS

THE PURCHASE OF NOTES MAY INVOLVE SUBSTANTIAL RISKS AND MAY BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE NOTES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES ALL THE INFORMATION SET FORTH IN THIS PROSPECTUS AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW. PROSPECTIVE INVESTORS SHOULD MAKE SUCH INQUIRIES AS THEY DEEM NECESSARY WITHOUT RELYING ON THE ISSUER, THE ARRANGER OR THE JOINT LEAD MANAGERS.

Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Originator, the Arranger or the Joint Lead Managers makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory capital treatment of their investment on the Issue Date or at any time in the future. Each prospective purchaser of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes:

(a) is fully consistent with its (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objective and condition;

(b) complies and is fully consistent with all investment policies, guidelines and restriction applicable to it; and

(c) is a fit, proper and suitable investment for it, notwithstanding the substantial risks inherent to investing in or holding the Notes.

The following is a description of factors which prospective investors should consider before deciding to purchase the Notes. The Issuer does not represent that the statements below regarding the risk of holding any Notes are exhaustive. Additional risks and uncertainties not presently known to the Issuer or that the Issuer currently believes to be immaterial could also have a material impact on the Issuer's financial strength in relation to Notes.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER THE NOTES

Various factors that may affect the Issuer's ability to fulfil its obligations under the Notes are categorised below as either (i) risks relating to the Issuer, (ii) risks relating to the Notes, (iii) risks relating to the Purchased Receivables, (iv) risks relating to the Transaction Parties and (v) tax risks which are material for the purpose of taking an informed investment decision with respect to the Notes. Several risks may fall into more than one of these five categories and investors should therefore not conclude from the fact that a risk factor is discussed under a specific category that such risk factor could not also fall and be discussed under one or more other categories.

1. RISKS RELATING TO THE ISSUER

1.1 Liability under the Notes; Limited Resources of the Issuer

The Notes represent obligations of the Issuer only, and do, in particular, not represent an interest in, or constitute a liability or other obligations, of any kind of the Transaction Parties or any of

their respective Affiliates or any other third Person. See "CONDITIONS OF THE NOTES - Status; Limited Recourse; Security - Obligations under the Notes".

The Notes are not, and will not be, insured or guaranteed by any of the Transaction Parties or any of their respective affiliates or any third person or entity and none of the foregoing assumes, or will assume, any liability or obligation to the Noteholders if the Issuer fails to make a payment due under the Notes.

The Issuer is a special purpose vehicle with limited resources and with no business operations other than the purchase of the Purchased Receivables, the issue and repayment of the Notes and the connected transactions and its ability to satisfy its payment obligations under the Notes will be wholly dependent upon receipt by it of sufficient payments:

(A) of principal and interest and other amounts payable under the Purchased Receivables including Related Claims and Rights as Collections from the Servicer;

(B) of amounts payable by the Swap Counterparties under the Swap Agreements;

(C) under the other Transaction Documents to which it is a party; and/or

(D) of proceeds resulting from enforcement of the Security Interest in the Security granted by the Issuer to the Trustee under the Trust Agreement and the English Security Deed (to the extent not covered by (A) to (C) above).

Other than the sources of payments to the Issuer mentioned above, the Issuer will have no funds available to meet its obligations under the Notes and the Notes will not give rise to any payment obligation in excess of the foregoing. Upon the Enforcement Conditions being fulfilled the following applies: If the Issuer Available Funds, subject to the Acceleration Priority of Payments, are ultimately insufficient to pay in full all amounts whatsoever due to any Noteholder and all other claims ranking *pari passu* to the claims of such Noteholders pursuant to the Acceleration Priority of Payments, the claims of such Noteholders against the Issuer will be limited to their respective share of such remaining Issuer Available Funds. After payment to the Noteholders of their relevant share of such remaining Issuer Available Funds, the obligations of the Issuer to the Noteholders will be extinguished in full and neither the Noteholders nor anyone acting on their behalf will be entitled to take any further steps against the Issuer to recover any further sum.

Remaining Issuer Available Funds will be deemed to be "ultimately insufficient" at such time when, in the opinion of the Trustee, no further assets are available and no further proceeds can be realised to satisfy any outstanding claims of the Secured Creditors, and neither assets nor proceeds will be so available thereafter. If no sufficient funds are available to the Issuer, there is a risk that the Noteholders will ultimately not receive the full principal amount of the Notes and/or interest thereon.

See "CONDITIONS OF THE NOTES - Status; Limited Recourse; Security - Limited Recourse".

1.2 Insolvency of the Issuer

The Issuer is a limited liability company (*société à responsabilité limitée*) incorporated under the laws of Luxembourg, has its registered office in Luxembourg and is managed by its managers professionally residing in Luxembourg. Accordingly, bankruptcy proceedings with respect to the Issuer would likely proceed under, and be governed by, the bankruptcy laws of Luxembourg.

Under Luxembourg law, a company is bankrupt (*en faillite*) when it is unable to meet its current liabilities and when its creditworthiness is impaired. In particular, under Luxembourg bankruptcy law, certain acts deemed to be abnormal and carried out by the bankrupt party during the so-called "suspect period" may be unenforceable against the bankruptcy estate of such party. Whilst the unenforceability is compulsory in certain cases, it is optional in other cases. The "suspect period" is the period that lapses between the date of cessation of payments (*cessation de paiements*), as determined by the bankruptcy court, and the date of the court order declaring the bankruptcy. The "suspect period" cannot exceed six (6) months.

Under Article 445 of the Luxembourg Code of Commerce: (a) a contract for the transfer of movable or immovable property entered into or carried out without consideration, or a contract or transaction entered into or carried out with considerably insufficient consideration for the insolvent party; (b) a payment, whether in cash or by transfer, assignment, sale, set-off or otherwise for debts not yet due, or a payment other than in cash or bills of exchange for debts due or (c) a contractual or judiciary mortgage, pledge, or charge on the debtor's assets for previously contracted debts, would each be unenforceable against the bankruptcy estate if carried out during the suspect period or ten (10) days preceding the suspect period.

According to Article 61(4) second paragraph of the Luxembourg Securitisation Law and without prejudice to the provisions of the law of 5 August 2005 on financial collateral arrangements, the validity and perfection of each of the security interests mentioned under item (c) in the above paragraph cannot be challenged by a bankruptcy receiver with respect to Article 445 fourth paragraph of the Luxembourg Code of Commerce and such security interests are hence enforceable even if they were granted by the company during the suspect period. However, Article 61(4) second paragraph of the Luxembourg Securitisation Law is only applicable if (i) the articles of incorporation of the company granting the security interests are governed by the Luxembourg Securitisation Law and (ii) the company granted the respective security interest no later than the issue date of the securities or at the conclusion of the agreements secured by such security interest.

Under Article 446 of the Luxembourg Code of Commerce, any payments made by the bankrupt debtor in the suspect period may be rescinded if the creditor was aware of the cessation of payment of the debtor.

Under Article 448 of the Luxembourg Code of Commerce, transactions entered into by the bankrupt debtor with the intent to deprive its creditors are null and void (Article 448 of the Code of Commerce), regardless of the date on which they were made.

The Issuer can be declared bankrupt upon petition by a creditor of the Issuer or at the initiative of the court or at the request of the Issuer in accordance with the relevant provisions of Luxembourg bankruptcy law. The conditions for opening bankruptcy proceedings are the stoppage of payments (*cessation des paiements*) and the loss of commercial creditworthiness (*ébranlement du credit commercial*). If the above mentioned conditions are satisfied, the Luxembourg court will appoint a bankruptcy trustee (*curateur*) who shall be the sole legal representative of the Issuer and obliged to take such action as he deems to be in the best interests of the Issuer and of all creditors of the Issuer. Certain preferred creditors of the Issuer (including the Luxembourg tax authorities) may have a privilege that ranks senior to the rights of the Noteholders in such circumstances.

The Luxembourg law of 7 August 2023 on the preservation of business and modernising bankruptcy law, implementing Directive EU 2019/1023 on preventive restructuring frameworks (as amended from time to time, the "**Luxembourg Insolvency Modernisation Act**") which entered into force on 1 November 2023 introduced other proceedings under Luxembourg law which include (i) reorganisation by amicable agreement (*réorganisation par accord amiable*), whereby the Issuer and at least two of its creditors mutually agree to

reorganise all or part of the assets or the business of the Issuer and which agreement can be validated by the District Court upon request of the Issuer and (ii) the judicial reorganisation procedure (*réorganisation judiciaire*).

The Luxembourg Insolvency Modernisation Act repealed the laws on the proceedings of controlled management (*gestion contrôlée*) and composition proceedings (*concordat préventif de la faillite*).

If the Issuer fails for any reason to meet its obligations or liabilities (that is, if the Issuer is unable to pay its debts and may obtain no further credit), a creditor, who has not (and cannot be deemed to have) accepted non petition and limited recourse provisions in respect of the Issuer, will be entitled to make an application for the commencement of bankruptcy proceedings against the Issuer. In that case, the commencement of such proceedings may, in certain conditions, entitle creditors to terminate contracts with the Issuer and claim damages for any loss suffered as a result of such early termination.

Furthermore, the commencement of such proceedings may – under certain conditions – entitle creditors (including the relevant counterparties) to terminate contracts with the Issuer and claim damages for any loss created by such early termination. The Issuer will seek to contract only with parties who agree not to make application for the commencement of winding-up, liquidation and bankruptcy or similar proceedings against the Issuer. Legal proceedings initiated against the Issuer in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court.

However, in the event that the Issuer were to become subject to a bankruptcy or similar proceeding, the rights of the Noteholders could be uncertain, and payments on the Notes may be limited and suspended or stopped.

2. RISKS RELATING TO THE NOTES

2.1 Deferred Interest Payment in case of Insufficient Funds

If the Issuer has insufficient funds to pay in full all amounts of interest payable on the Notes on any Payment Date in accordance with the applicable Priority of Payments then no further payment of interest on the respective Class of Notes or Classes of Notes (other than the Most Senior Class of Notes) will become due and payable on such Payment Date and the claim of a Noteholder to receive such interest payment will be deferred in accordance with Condition 4.4. However, a Noteholder will have a claim to receive such deferred interest on the next Payment Date(s) on which, and to the extent that, sufficient funds are available to pay such Interest Amount in accordance with the applicable Priority of Payments. Interest will not accrue on such deferred Interest Amounts.

If deferred Interest Amounts are finally discharged in accordance with Condition 4.4, the amount of interest on the Notes expected to be received will be delayed. This will correspondingly adversely affect the yield on the Notes. See "CONDITIONS OF THE NOTES – Condition 4.4".

2.2 Credit Enhancement Provides Only Limited Protection Against Losses

The credit enhancement mechanisms established for the Transaction provide only limited protection to the holders of the Notes. Although the credit enhancement mechanisms are intended to reduce the effect of delinquent payments or losses incurred under the Purchased Receivables, the amounts available under such credit enhancement mechanisms are limited and once reduced to zero, the holders of the Notes, may suffer losses and not receive all amounts of interest and principal due to them.

2.3 Optional Redemption upon occurrence of a Regulatory Change Event

In the event that a Regulatory Change Event has occurred or continues to exist (e.g. due to a deferred application or implementation date), the Originator will have an option, subject to certain requirements in accordance with the Originator Loan Agreement, to advance the Originator Loan to the Issuer for an amount that is equal to the Originator Loan Disbursement Amount in order to redeem the Mezzanine Notes and the Class X Notes (in whole but not in part) and the Class M Notes (in whole or in part), in each case together with any accrued but unpaid interest thereon. The Issuer will, upon due exercise of such option by the Originator to advance the Originator Loan, apply such amounts received from the Originator towards redemption of the Mezzanine Notes, the Class M Notes and the Class X Notes at their current Note Principal Amount (together with any accrued but unpaid interest thereon) on the Payment Date following a Regulatory Change Event in accordance with the Regulatory Call Priority of Payments.

See "CONDITIONS OF THE NOTES – Condition 11 (*Optional Redemption upon occurrence of a Regulatory Change Event*)".

2.4 Early Redemption following Issuer Event of Default

Upon the occurrence of an Issuer Event of Default (which also occurs if the Issuer fails to make interest payments on the Most Senior Class of Notes when due), the Trustee may or under certain conditions will be required to serve a Trigger Notice to the Issuer. Following such Trigger Notice the Trustee will in particular apply any available Issuer Available Funds on the Payment Date following the Termination Date and thereafter on each subsequent Payment Date in accordance with the Acceleration Priority of Payments.

See "CONDITIONS OF THE NOTES – Condition 12 (*Early Redemption for Default*)".

In such events, the Issuer is not obliged to pay the Noteholders a premium or any other compensation for the redemption of the Notes prior to the Final Maturity Date. In case of such early redemption of all Notes, the overall interest payments under the Notes may be lower than expected.

In addition, if on the Regulatory Change Event Redemption Date, the Issuer does not have sufficient funds to redeem in full the Class M Notes (together with any accrued but unpaid interest thereon), the portion of Class M Notes (and accrued but unpaid interest thereon) not redeemed will be cancelled, as a result of which the overall principal and interest payments under the Class M Notes may be lower than expected.

See "CONDITIONS OF THE NOTES – Condition 9.3 (*Regulatory Call Priority of Payments*)".

2.5 Early Redemption – Portfolio Repurchase Option of the Originator

The Originator may repurchase under certain conditions all (but not only some) of the Purchased Receivables (including any Related Collateral) at the Repurchase Price.

See "CONDITIONS OF THE NOTES – Condition 13 (*Early Redemption by the Issuer*)".

In such events, the Issuer is not obliged to pay the Noteholders a premium or any other compensation for the redemption of the Notes prior to the Final Maturity Date. In case of such early redemption of all Notes, the overall interest payments under the Notes may be lower than expected.

2.6 Reform of EURIBOR Determinations

The Benchmark Regulation applies to "contributors", "administrators" and "users of" benchmarks (such as EURIBOR) in the EU, and, among other things, (i) requires benchmark administrators to be authorised (or, if non-EU-based, to be subject to an equivalent regulatory regime) and to comply with extensive requirements in relation to the administration of "benchmarks" and (ii) ban the use of benchmarks of unauthorised administrators.

Changes in the manner of administration of benchmarks (such as EURIBOR) may result in such benchmarks performing differently than in the past, or benchmarks could be eliminated entirely, or there could be other consequences which cannot be predicted. The potential elimination of a benchmark, or changes in the manner of administration of any benchmark, could require an adjustment to the terms and conditions (including by way of determination of an alternative base rate), early redemption, discretionary valuation of the Calculation Agent, delisting or result in other consequences in respect of the Notes. Any such consequence could have a material adverse effect on the ability of the Issuer to meet its obligations under the Notes and/or on the value of and return on any such Notes.

2.7 European Market Infrastructure Regulation (EMIR) and Markets in Financial Instruments Directive (MiFID II)

Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories, known as the European Market Infrastructure Regulation ("**EMIR**"), including a number of regulatory technical standards and implementing technical standards in relation thereto, introduce certain requirements in respect of OTC derivative contracts. Such requirements include, amongst other things, the mandatory clearing of certain OTC derivative contracts (the "**Clearing Obligation**") through an authorised central counterparty (a "**CCP**"), the reporting of OTC derivative contracts to a registered or recognised trade repository (the "**Reporting Obligation**") and certain risk mitigation requirements in relation to derivative contracts which are not centrally cleared in relation to timely confirmation, portfolio reconciliation and compression, and dispute resolution.

EMIR has further been amended by, *inter alia*, Regulation (EU) 2019/834 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No 648/2012 as regards the clearing obligation, the suspension of the clearing obligation, the reporting requirements, the risk-mitigation techniques for OTC derivative contracts not cleared by a central counterparty, the registration and supervision of trade repositories and the requirements for trade repositories ("**EMIR REFIT**"). For the avoidance of doubt, any reference to EMIR is to the version as amended by EMIR REFIT. The changes introduced by EMIR REFIT are in force since 17 June 2019 and 18 June 2021, respectively.

The Clearing Obligation applies to financial counterparties ("**FCs**") and certain non-financial counterparties ("**NFCs**") which have positions in OTC derivative contracts exceeding specified "**clearing thresholds**" in the relevant asset class (such NFCs, "**NFC+s**"). Such OTC derivative contracts also need to be of a class of derivative which has been designated by ESMA as being subject to the Clearing Obligation. On the basis of the relevant technical standards, it is expected that the Issuer will be treated as an NFC for the purposes of EMIR, that the Issuer will calculate its positions in OTC derivative contracts against the clearing thresholds and the swap transactions to be entered into by it will not exceed the relevant "**clearing threshold**" ("**NFC-** "), however, this cannot be excluded. Thus, as of the date hereof, it cannot be excluded that the Issuer will be subject to the Clearing Obligation in the future in respect of any swap replacing the Swap Agreement. In that case, the Issuer might, however, be exempt from the Clearing Obligation under Article 42(2) of the Securitisation Regulation in connection with Commission Delegated Regulation (EU) 2020/447 of 16 December 2019 supplementing

Regulation (EU) No 648/2012 of the European Parliament and of the Council with regard to regulatory technical standards on the specification of criteria for establishing the arrangements to adequately mitigate counterparty credit risk associated with covered bonds and securitisations because this Transaction is structured to comply with the requirements for simple, transparent and standardised securitisations transactions as set out in Articles 20, 21 and 22 of the Securitisation Regulation.

OTC derivatives contracts that are not cleared by a CCP may be subject to variation and/or initial margin requirements (the "**Margin Obligation**"). Variation margin obligations applying to all in scope transactions entered into by FCs or NFC+ from 1 March 2017 and initial margin requirements have been phased in from September 2017 through September 2020, depending on the type of the FCs or NFC+. However, on the basis that the Issuer is an NFC-, OTC derivatives contracts that are entered into by the Issuer would not be subject to any Margin Obligation. If the Issuer's counterparty status as an NFC- changes, then uncleared OTC derivatives contracts that are entered into or materially amended by the Issuer from such time as it is no longer an NFC- may become subject to the Margin Obligation and the Swap Counterparty may terminate the Swap Agreement. If the Issuer qualifies as a NFC, the Issuer might, however, be exempt from the Margin Obligation under Article 42(3) of the Securitisation Regulation in connection with Commission Delegated Regulation (EU) 2020/448 of 17 December 2019 amending Delegated Regulation (EU) 2016/2251 as regards the specification of the treatment of OTC derivatives in connection with certain simple, transparent and standardised securitisations for hedging purposes because this Transaction is structured to comply with the requirements for simple, transparent and standardised securitisations transactions as set out in articles 20, 21 and 22 of the Securitisation Regulation.

The Reporting Obligation applies to all types of counterparties and covers the entry into, modification or termination of cleared and non-cleared derivative contracts which were entered into on or after 12 February 2014. The deadline for reporting derivatives is one business day after the derivate contract was entered into, amended or terminated with the details of such derivative contracts required to be reported to a trade repository. It will therefore apply to the Swap Agreements and any replacement swap agreement. Pursuant to EMIR REFIT, since 18 June 2020 onwards, the FC should, as a rule, be solely responsible, and legally liable, for reporting on behalf of both itself and NFC that are not subject to the clearing obligation with regard to OTC derivative contracts entered into by those counterparties, as well as for ensuring the correctness of the details reported.

The EU regulatory framework and legal regime relating to derivatives is set not only by EMIR, but also by the recast version of the Directive 2014/65/EU on markets in financial instruments (as amended, restated or supplemented, "**MiFID II**"), in particular as supplemented by the Regulation (EU) No. 600/2014 (as amended, restated or supplemented, "**MiFIR**"). MiFID II and MiFIR provide for regulations which require transactions in OTC derivatives to be traded on organised markets. MiFIR is supplemented by technical standards and delegated acts implementing such technical standards, such as the delegated Regulation (EU) 2017/2417 of 17 November 2017 supplementing MiFIR with regard to regulatory technical standards on the trading obligation for certain derivatives which, inter alia, determine which standardised derivatives will have to be traded on exchanges and electronic platforms. For the scope of transactions in OTC derivatives subject to the trading obligation, it is Article 28(1) and Article 32 MiFIR referring to the definition of FCs and to NFCs that meet certain conditions of EMIR. Since MiFIR was not amended by EMIR REFIT, following the entry into force of EMIR REFIT on 17 June 2019 there is a misalignment in the scope of counterparties as regards the trading obligation under MiFIR and clearing obligation under EMIR: potentially some NFCs would be subject to the trading obligation while being exempted from the clearing obligation. Although ESMA expects competent authorities not to prioritise their supervisory actions in relation to the MiFIR derivatives trading obligation towards counterparties who are not subject to the clearing obligation, and to generally apply their risk-based supervisory powers in their day-to-day

enforcement of applicable legislation in this area in a proportionate manner, it might not be excluded that national competent authorities in the relevant member states impose respective measures on the Issuer in this respect, including certain information requests, measures that the derivatives shall be traded on a respective trading venue, the cancellation of the derivative transactions or administrative fines. Amongst other requirements, MiFIR requires certain standardised derivatives between FCPs and NFC+s to be traded on exchanges and electronic platforms (the "**Trading Obligation**"). On 7 February 2020, ESMA published this final report on the alignment of the MiFIR Trading Obligation with the scope of the EMIR Clearing Obligation, as amended by EMIR REFIT. ESMA recommends that the changes made by EMIR REFIT to the scope of the EMIR Clearing Obligations for FCs and NFCs should be replicated in MiFIR. It also recommends that the mechanism introduced by EMIR REFIT for temporarily suspending the clearing obligation in certain circumstances should be mirrored in MiFIR in respect of the Trading Obligation, with adaptations to the criteria for suspension to the specificities of the Trading Obligation. ESMA has submitted its report to the European Commission, as required under EMIR REFIT. Further regulatory technical standards will be developed to determine which derivatives will be subject to the Trading Obligation. In this respect, it is difficult to predict the full impact of these regulatory requirements on the Issuer. However, on the basis that the Issuer is currently an NFC-, it would not be subject to the Trading Obligation, but the Issuer could therefore become subject to the Trading Obligation if its status as a NFC- changes in the future.

Prospective investors should be aware that EMIR, EMIR REFIT and MiFID II/MiFIR (including other rules and regulatory technical standards relating thereto) may lead to more administrative burdens and higher costs for the Issuer. As a result of such increased costs or increased regulatory requirements, investors may receive less interest or return, as the case may be. Further, if any party fails to comply with the applicable rules under EMIR it may be liable for a fine. If such fine is imposed on the Issuer, this may also reduce the amounts available to make payments with respect to the Notes. Investors should be aware that such risks are material and that the Issuer could be materially and adversely affected thereby. As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR, EMIR REFIT, MiFID II/MiFIR and regulatory technical standards made thereunder, in making any investment decision in respect of the Notes.

2.8 Resolutions of Noteholders

The Notes provide for resolutions of Noteholders to be passed by vote taken without meetings. Each Noteholder is subject to the risk of being outvoted. As resolutions properly adopted are binding on all Noteholders of a Class of Notes, certain rights of such Noteholder against the Issuer under the Conditions may be amended or reduced or even cancelled.

If the Noteholders of a Class of Notes appoint a Noteholders' representative by a majority resolution of the Noteholders of such Class of Notes, it is possible that a Noteholder may be deprived of its individual right to pursue and enforce its rights under the Conditions against the Issuer, such rights passing to the Noteholders' representative who is then exclusively responsible to claim and enforce the rights of all the Noteholders of such Class of Notes.

Further, the Noteholders of any Class of Notes may agree by majority resolution to amend the Terms and Conditions which shall be binding on all Noteholders of the relevant Class of Notes. Resolutions which do not provide for identical conditions for all Noteholders may be void, unless the Noteholders of such Class of Notes who are disadvantaged have expressly consented to their being treated disadvantageously.

See "OVERVIEW OF RULES REGARDING RESOLUTIONS OF NOTEHOLDERS".

2.9 Limited Liquidity; Absence of Secondary Market

There is currently only a limited secondary market for the Notes and there is no guarantee that a liquid secondary market will be established in the near future nor that such limited secondary market for the Notes will continue.

There can be no assurance that a secondary market for the Notes will develop or that a market will develop for all Classes of Notes or, if it develops, that it will provide Noteholders with liquidity of investment, or that it will continue for the whole life of the Notes. Further, the secondary markets for asset-backed securities are currently experiencing severe disruptions resulting from reduced investor demand for asset-backed securities and increased investor yield requirements for those securities. As a result, the secondary market for asset-backed securities is experiencing extremely limited liquidity. These conditions may continue or worsen in the future. Limited liquidity in the secondary market for asset-backed securities has had a severe adverse effect on the market value of asset-backed securities. Limited liquidity in the secondary market may continue to have a severe adverse effect on the market value of asset-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors.

Consequently, any purchaser of the Notes must be prepared to hold such Notes for an indefinite period of time or until final redemption or maturity of such Notes. The market values of the Notes are likely to fluctuate. Any such fluctuation may be significant and could result in significant losses to investors in the Notes. In addition, the forced sale into the market of asset-backed securities held by structured investment vehicles, hedge funds, issuers of collateralised debt obligations and other similar entities that are currently experiencing funding difficulties could adversely affect an investor's ability to sell, and/or the price an investor receives for, the Notes in the secondary market.

3. RISKS RELATING TO THE PURCHASED RECEIVABLES

3.1 Factors Affecting the Payment under the Purchased Receivables

The payment of interest on and the repayment of principal of the Notes is, *inter alia*, dependent on the performance of the Purchased Receivables. If Debtors default under Purchased Receivables the Noteholders may suffer a loss in respect of the amounts invested in the relevant Notes. In addition, there is also a risk that for that reason Noteholders will not receive the expected amount of interest on the Notes.

The payments of amounts due by the Debtors under the Purchased Receivables may be affected by various factors and are generally subject to credit risk, liquidity risk and interest rate risk. The factors negatively affecting payments by the Debtors include, in particular, adverse changes in the national or international economic climate, adverse political developments and adverse government policies. Any deterioration in the economic conditions in locations where Debtors are concentrated may adversely affect the ability of such Debtors to make payments on the Purchased Receivables. Further, the financial standing of the relevant Debtor, loss of earnings, illness, divorce and other comparable factors may negatively affect payments by the Debtors on the Underlying Agreements.

Such factors may lead to an increase in defaults under the Underlying Agreements and ultimately to insufficient funds of the Issuer to pay the full amount of interest and/or repay the Notes in full.

3.2 No Independent Investigation

None of the Transaction Parties or any of their respective Affiliates has undertaken or will undertake any due diligence, investigations, searches or other actions to verify the details of the Purchased Receivables, the related Underlying Agreements or to establish the creditworthiness of any Debtor, the Originator or any other party to the Transaction Documents. Each of the persons named above will only rely on the accuracy of the representations and warranties made by the Originator to the Issuer in the Receivables Purchase Agreement in respect of, in particular, the Purchased Receivables.

The ability of the Issuer to make payments on the Notes may be adversely affected if, in case of a breach of such representations and warranties, no corresponding payments are made by the Originator as such obligation of the Originator is unsecured.

3.3 Changing characteristics of the Purchased Receivables during the Revolving Period

The payment of principal and interest on the Notes is, *inter alia*, conditional on the performance of the Purchased Receivables. The performance of the Purchased Receivables depends on a number of factors, including general economic conditions, unemployment levels, the circumstances of individual Debtors and the Originator's underwriting standards at origination. In addition, it should be noted that, during the Revolving Period, the Issuer Available Funds will, subject to the Revolving Priority of Payments, be used by the Issuer to purchase and acquire Additional Receivables. As a consequence, the composition and characteristics of the Portfolio on any Purchase Date, even so selected in accordance with the Eligibility Criteria and the Pool Eligibility Criteria, may be substantially different from the Portfolio on the Issue Date and the historical performance of the receivables set out, in particular, in "DESCRIPTION OF THE PORTFOLIO" should not be taken as an indication of future performance. Any such differences could result in faster or slower repayments or higher losses suffered by the Noteholders than originally expected in relation to the Portfolio on the Issue Date. There is no assurance that the Noteholders will receive the total initial Note Principal Amount in respect of the relevant Class of Notes plus interest as stated in the Conditions nor that the distributions and amortisation payments which are made will correspond to the monthly payments originally agreed upon in the Underlying Agreements.

3.4 Non-Existence of Purchased Receivables

If any of the Purchased Receivables have not come into existence at the time of their assignment to the Issuer under the Receivables Purchase Agreement or belong to another Person than the Originator, the Issuer would not acquire title to such Purchased Receivable. The Issuer would not receive adequate value in return its purchase price payment. This result is independent of whether or not the Issuer, at the time of assignment of the Purchased Receivables, is aware of the non-existence and therefore acts in good faith (*gutgläubig*) with respect to the existence of such Purchased Receivable. Investors rely on the creditworthiness of the Originator in this respect and the ability of the Issuer to make payments on the Notes may be adversely affected if no corresponding payments are made by the Originator.

3.5 Impact of the Banking Secrecy Duty and Data Protection Provisions

Under the Banking Secrecy Duty a bank may not disclose information regarding its customer without the prior consent of such customer. Such Banking Secrecy Duty results from the bank's contractual duty of loyalty in respect of its agency relationship with its customer and the specific relationship built on trust between the bank and its customer.

In order to protect the interest of the Debtors, the Originator will appoint, on the Issue Date, the Data Trustee on a basis closely resembling the data protection structure described in the

guidelines of the German financial services authority (*BaFin - Bundesanstalt für Finanzdienstleistungsaufsicht*) for asset-backed transactions in BaFin Circular 4/97 (*Rundschreiben 4/97*) and the corresponding publications by BaFin in respect thereof.

Further, effective as of 25 May 2018, Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (*Datenschutzgrundverordnung*) (the "**General Data Protection Regulation**" or "**GDPR**") generally supersedes and replaces the data protection rules of the German Federal Data Protection Act (*Bundesdatenschutzgesetz* or "**BDSG**"), except where the GDPR still allows for data protection rules on the Member State level as will be contained in the new German Federal Data Protection Act ("**BDSG-Neu**") applicable as of 25 May 2018, and although the rules of the former German Federal Data Protection Act remain applicable with respect to the transfer and processing of personal data prior to such date.

The question whether in the event of the assignment of a receivables the transfer of the name and address of the relevant debtor to the assignee, even in encrypted form, is justified by the interests of the assignor, or whether the assignor must notify the debtors of such assignment, has not yet been finally answered in legal literature or case law. In addition, there is no jurisprudence or publication from a court or other competent authority available confirming the traditional view on the manner and procedures for an assignment of loan receivables to be in compliance with, or the consequences of a violation of, the Data Protection Amendment and Implementation Act (*Datenschutzanpassungs- und Umsetzungsgesetz*) and the GDPR. Here, the Issuer receives from the Originator on any Purchase Date and in encrypted form the information with respect to the Purchased Receivables and the Related Collateral which are the subject of a respective offer on each Purchase Date during the Revolving Period. The Data Trustee receives from the Originator, and safeguards, the Confidential Data Key and may release such Confidential Data Key only upon the occurrence of certain event, including a notice to the Data Trustee by either the Issuer or the Originator of the occurrence of a Servicer Termination Event. Whilst there are good arguments to support the view that the transfer of the information relating to the Purchased Receivables in encrypted form is justified and that the Debtors do not need to be informed by the Issuer when a data trust structure is used, at this point there remains some uncertainty to predict the potential impact on the Transaction.

If the Issuer was considered to be in breach of the GDPR or the Data Protection Amendment and Implementation Act (*Datenschutzanpassungs- und Umsetzungsgesetz*) despite the Transaction being structured in line with BaFin Circular 4/97 (*Rundschreiben 4/97*), it could be fined up to EUR 20,000,000 or in the case of an undertaking, up to four (4) per cent. of the total worldwide annual turnover of the preceding financial year, whichever is higher (Article 83 paragraph 5 GDPR), and in case of such fines being substantial, this could have an impact on the ability of the Issuer to make payments on the Notes ultimately leading to a risk of the Noteholders to incur a loss. Further, there may be a limited risk that a Debtor may, in case of disclosure of its personal data in the securitisation transaction, have the right to terminate the respective Loan Agreement for good cause (*wichtiger Grund*).

3.6 Reduction of Interest Rate

Pursuant to Section 494 para. 2 BGB the interest rate under a Loan Agreement entered into with a consumer (*Verbraucher*) is reduced to the statutory interest rate if the Loan Agreement does not state the applicable interest rate (*Sollzinssatz*), the effective annual rate of interest (*effektiver Jahreszinssatz*) or the total amount (*Gesamtbetrag*). If the effective annual rate of interest (*effektiver Jahreszinssatz*) is understated, the interest rate applicable to the Loan Agreement is reduced by the percentage amount by which the effective annual rate of interest (*effektiver Jahreszinssatz*) is understated (Section 494 para. 3 BGB).

Any Purchased Receivable which has not been created in compliance with all applicable laws, rules and regulations has to be repurchased by the Originator under the Receivables Purchase Agreement. Correspondingly, investors rely on the creditworthiness of the Originator in this respect and the ability of the Issuer to make payments on the Notes may be adversely affected if no corresponding payments are made by the Originator as such obligation of the Originator is unsecured.

3.7 Right of Revocation regarding Purchased Receivables

(A) The German statutory law provisions on consumer protection provide for a right of revocation (*Widerrufsrecht*) of the consumer. The Originator is, pursuant to the consumer protection provisions of the German Civil Code (for example section 495 BGB in connection with section 355 et seq. BGB and Article 247 paragraph 2 EGBGB), obliged to properly instruct each Debtor about its right of revocation (*Widerrufsbelehrung*). The statutory revocation period is fourteen (14) calendar days from the date the Debtor was duly notified of such right.

(B) Such instruction by the Originator needs to comply with certain legal specifications. If the relevant Debtor is not or not properly instructed about its right of revocation the Debtor may revoke the Loan Agreement at any time during the lifetime thereof, and in case of a revocation, the Loan Agreement and the related Receivable will be void ab initio. As a consequence, the Debtor is obliged to repay the loan amount it had received in full. If the market interest rate at the time when the Loan Agreement was entered into was lower than the interest rate agreed between the Originator and the relevant Debtor, the Debtor may have a claim for compensation of the difference between the market interest rate and the agreed interest rate. The Debtor may potentially set off its compensation claim against its obligation to repay the loan amount.

(C) The law relating to consumer protection has been amended to comply with the latest EU directive (*Gesetz zur Umsetzung der Verbraucherrechterichtlinie und zur Änderung des Gesetzes zur Regelung der Wohnungsvermittlung*) and the above mentioned paragraphs reflect the amendment, which came into force on 13 June 2014. Loan Agreements entered into before that date and the respective information about the right of revocation need to comply with the regulation applicable at that time.

(D) The provisions of the BGB with respect to consumer loans (*Verbraucherdarlehen*), in particular, as regards the required information with respect to a borrower's right of revocation (*Widerrufsrecht*) apply where a Debtor of a Purchased Receivable qualifies as consumer. Under these provisions, a borrower may, if (i) not properly informed of its right of revocation (*Widerrufsrecht*) or, in some cases, (ii) not provided with certain mandatory information (*Pflichtangaben*) about the lender and the contractual relationship created under a consumer loan, revoke the relevant Loan Agreement at any time. German courts have adopted strict standards in this respect and it cannot be excluded that a German court may consider the language and presentation used in the Loan Agreements as falling short of such standards. If any revocation information (*Widerrufsinformation*) is considered to be misleading or if the relevant Debtor is not properly provided with the relevant mandatory information (*Pflichtangaben*) in line with the requirements of the BGB, the Debtor is entitled to revoke the Loan Agreement at any time.

(E) With respect to the requirements of the BGB as to the relevant mandatory information (*Pflichtangaben*), the Introductory Act to the German Civil Code (*Einführungsgesetz zum Bürgerlichen Gesetzbuch* –"**EGBGB**") (i) provides for a revocation information template (the "**Revocation Instruction Template**"), (ii) stipulates that the use of the Revocation Instruction Template shall be sufficient for the lender to comply with its

obligation to provide a suitable revocation information and (iii) assumes the legality of a revocation information rendered in line with the Revocation Instruction Template.

On 26 March 2020, the European Court of Justice ("**ECJ**") rendered a widely noticed decision (C-66/19 dated 26 March 2020, the "**ECJ Cascade Decision**") regarding the requirements as to a revocation information in a consumer Loan Agreement. In the ECJ Cascade Decision, the European Court of Justice dismissed the so-called cascade reference as contained in the Revocation Instruction Template referring to the BGB which in itself includes a further reference to certain provisions of the EGBGB as being non-compliant with the corresponding Directive 2008/48/EC with respect to a particular case at hand.

Despite the fact that the Revocation Instruction Template is not in compliance with the Directive 2008/48/EC, the German Federal Supreme Court (*Bundesgerichtshof*) has held in its decision dated 31 March 2020 (docket number XI ZR 198/19) that if the revocation instruction conforms to the Revocation Instruction Template, there is no room for a directive-compliant interpretation or development (*richtlinienkonforme Auslegung oder Rechtsfortbildung*) against the very clear and precise wording of the EGBGB and that in such cases, the ECJ Cascade Decision would not be applicable. However, in more recent decisions the German Federal Supreme Court (*Bundesgerichtshof*) ruled that the German law provisions regarding the required information with respect to a borrower's right of revocation are subject to a directive-compliant interpretation *(richtlinienkonforme Auslegung oder Rechtsfortbildung*) in line with the ECJ Cascade Decision, if the respective revocation instruction diverts from the Revocation Instruction Template.

On 15 June 2021, a German legislation came into force, adjusting the statutory template revocation information with the aim of conforming the Revocation Instruction Template to the requirements of the Directive 2008/48/EC as specified by the European Court of Justice in the ECJ Cascade Decision (*Gesetz zur Anpassung des Finanzdienstleistungsrechts an die Rechtsprechung des Gerichtshofs der Europäischen Union vom 11. September 2019 in der Rechtssache C-383/18 und vom 26. März 2020 in der Rechtssache C-66/19*). Therefore, cascade references within the revocation information are no longer permissible under German law.

In its decision dated 21 December 2023 (related matters C-38/21, C-47/21 and C-232/21), the ECJ ruled that Directive 2008/48/EC must be interpreted as precluding national legislation that assumes the legality of a revocation information rendered in line with the Revocation Instruction Template if it contains a so-called cascade reference. Furthermore, the ECJ ruled that, if it is not possible to interpret the national legislation at issue in a manner consistent with Directive 2008/48, a national court hearing a dispute exclusively between private individuals is not required, solely on the basis of EU law, to disapply such legislation, without prejudice to the possibility for that court to disapply it on the basis of its domestic law and, failing that, without prejudice to the right of the party harmed as a result of national law not being in conformity with EU law to claim compensation for the resulting loss which he or she has suffered.

It is important to note that the ECJ decision dated 21 December 2023 does not concern the statutory template revocation information introduced by the German legislation which came into force on 15 June 2021 and would therefore only be applicable to cases where the previous Revocation Instruction Template was used.

(F) In a further recent ruling the European Court of Justice (ECJ ruling in the related matters C-33/20, C-155/20 and C-187/20 dated 9 September 2021 as confirmed in the

ECJ ruling in the related matters C-38/21, C-47/21 and C-232/21 dated 21 December 2023) held that the mandatory information (*Pflichtangaben*) in consumer loan agreements must, *inter alia*, (i) provide for the rate of default interest (*Verzugszinssatz*) applicable at the time of the conclusion of the consumer loan agreement in the form of a specific percentage and describe the mechanism of adjustment of the default interest (*Verzugszinssatz*) in a comprehensive manner, (ii) describe the method for calculating the breakage costs (*Vorfälligkeitsentschädigung*) in a specific and easily comprehensible manner, so that an average consumer can determine the amount of the breakage costs on such basis and (iii) specify the essential information on any out-of-court complaint or redress mechanisms (*außergerichtlichen Beschwerde-oder Rechtsbehelfsverfahren*) available to the consumer and, where applicable, the costs associated therewith, whether the complaint or redress is to be submitted by post or electronically, the physical or electronic address to which the complaint or redress is to be sent and the other formal requirements, which the complaint or redress is subject to. Lacking such information the fourteen (14)-day revocation period will not commence and the consumer may withdraw from the Loan Agreement at any time.

(G) In its decision dated 27 February 2024 (docket number XI ZR 258/22), the German Federal Supreme Court (*Bundesgerichtshof*) has ruled that in the event of incomplete or incorrect information the revocation period does not commence if the incompleteness or incorrectness of the mandatory information (*Pflichtangaben*) is likely to affect the consumer's ability to exercise his rights under the loan agreement. Accordingly, the German Federal Supreme Court (*Bundesgerichtshof*) ruled that an information on the default interest rate and the manner of its potential adjustment is, even if it is incomplete, as the borrower was not informed of the specific percentage of the default interest rate applicable at the time of the conclusion of the contract does not prevent the commencement of the revocation period. The revocation period in the case of incomplete or incorrect information starts to run only if the incompleteness or incorrectness of this information is not likely to affect the consumer's ability to assess the extent of their rights and obligations arising from the loan agreement, or their decision to conclude the contract, and thereby possibly deprive them of the opportunity to exercise their rights under essentially the same conditions as if the information had been provided completely and correctly.

The German Federal Supreme Court (*Bundesgerichtshof*) further ruled, in view of the ECJ ruling in the related matters C-38/21, C-47/21 and C-232/21 dated 21 December 2023, that missing, incorrect or invalid information on the calculation method of the claim for early repayment compensation does not prevent the commencement of the 14-days revocation period as such incorrect statement regarding the calculation of the early repayment compensation only leads to the exclusion of the claim for early repayment compensation, without affecting the commencement of the 14-days revocation period.

As a result, it cannot be excluded that a German court could consider the revocation instructions used in certain Loan Agreements as falling short of the above standards with the effect that such Loan Agreements can be revoked at any time after its conclusion.

3.8 Linked Contracts (*Verbundene Verträge*) and Ancillary Contracts (*Zusammenhängende Verträge*)

The Loan Agreements have been entered into between the Originator and the Debtors with the purpose of financing the purchase of Vehicles, i.e. the supply of goods (*Lieferung einer Ware*). Accordingly, such Loan Agreements and the Vehicle purchase agreements constitute linked contracts (*verbundene Verträge*) within the meaning of Sections 358 and 359 BGB. It cannot

be excluded that this also applies for Loan Agreements which are connected with an additional insurance agreement (such as a payment protection insurance). Statutory German law imposes upon the Originator an extended instruction obligation regarding the Debtor's revocation right in respect of such linked contract. If the Debtor effectively revokes its declaration within the statutory revocation period to enter into such contract for the supply of goods or rendering of other services, or additional insurance, such Debtor is no longer bound by its declaration to enter into the relevant Loan Agreement. The Debtor would then be obliged to repay the loan amount it had received in full. If the market interest rate at the time when the Loan Agreement was entered into was lower than the interest rate agreed between the Originator and the relevant Debtor, the Debtor may have a claim for compensation of the difference between the market interest rate and the agreed interest rate which it may set off against the repayment claim of the Issuer relating to the loan amount.

The same applies to an ancillary contract (*zusammenhängender Vertrag*). Ancillary contract means a contract by which the consumer acquires goods or services related to a distance contract or an off-premises contract and where those goods are supplied or those services are provided by the trader or by a third party on the basis of an arrangement between that third party and the trader.

Further, in the context of linked contracts (*verbundene Verträge*) the Debtor may raise any defences it may have against the insurance company under payment protection insurance, or the relevant party under a contract for the supply of goods (*Lieferung einer Ware*) or the rendering of other services (*Erbringung einer anderen Leistung*) also in connection with payment obligations under the relevant Loan Agreement.

In case of any termination of a payment protection insurance due to the insolvency of the relevant insurance company (including by way of statutory termination), such insurance company may be obliged to repay any unutilised part of the insurance premium. It cannot be excluded that a German court would consider any claim of the relevant Debtor being a consumer (*Verbraucher*) for the repayment of such insurance premium as a defence which such Debtor being a consumer (*Verbraucher*) could raise against its payment obligations relating to the financing of the insurance premium under the relevant Loan Agreement. As a relevant part of Debtors have entered into group insurance contracts providing for a payment protection insurance (*Restschuldversicherung*) with CACI Life Limited and CACI Non-Life Limited and/or a GAP-insurance with AXA Partners - Credit & Lifestyle Protection there are some concentration risks in case of an insolvency of the relevant insurer and the relevant Debtors raising such repayment claims as regards the unutilised part of the relevant insurance premium.

However, in case of life protection insurances, a Debtor being a consumer (*Verbraucher*) may have a claim to obtain the amount which corresponds to his share of the minimum amount of the security fund (*Sicherungsvermögen*) pursuant to Section 66 para. 1a German Insurance Supervisory Act (*Versicherungsaufsichtsgesetz*).

Even if a contract for the supply of goods or the rendering of services of the Originator concluded in connection with a Loan Agreement does not qualify as a linked contract (*verbundenes Geschäft*) there may be the risk that the relevant Loan Agreement and the other contract might be considered as connected contracts (*zusammenhängende Verträge*). If the customer revokes a Loan Agreement to which a contract relates that qualifies as a connected contract, any withdrawal by the customer of the connected contract would also cause the withdrawal of the related consumer Loan Agreement.

Should a Debtor revoke a Loan Agreement, the Debtor would be obliged to prepay the relevant loan amount. Hence, the Issuer would receive interest under such Purchased Receivable for a shorter period of time than initially anticipated. In addition, depending on the specific circumstances, a Debtor may be able to successfully reduce the amount to be prepaid if it can

be proven that the interest it would have paid to another lender had the relevant Loan Agreement not been made, would have been lower than the interest paid under the relevant Loan Agreement until the Debtor's revocation of its consent to the relevant Loan Agreement (i.e., that the market interest rate was lower at that time). The Debtor may potentially set off its compensation claim against its obligation to repay the loan amount. Thus, if a Debtor exercised any such revocation right, the Noteholders may suffer a risk of a reduction or non-receipt of principal and/or interest due to them in respect of their Notes.

3.9 Right to Early Termination for Serious Cause (*Kündigung aus wichtigem Grund*) and Risk of Early Repayment

Pursuant to section 314 paragraph 1 sentence 1 BGB a Debtor may early terminate an Underlying Agreement (which qualifies as an agreement for the performance of a continuing obligation (*Dauerschuldverhältnis*)) for serious cause (*aus wichtigem Grund*) without notice. Pursuant to section 314 paragraph 1 sentence 2 BGB a serious cause exists if, having regard to the circumstances of the specific case and balancing the interests of the parties involved, the terminating party cannot reasonably be expected to continue the contractual relationship until the agreed termination date or until the end of a notice period. This right may neither be entirely excluded nor may it be unreasonably exacerbated or linked to consent from a third party. Such a termination for serious cause will lead to an early repayment of the relevant Purchased Receivables without the obligation of the Debtor to pay a compensation for such early termination.

In the event that the Underlying Agreements are prematurely terminated or otherwise settled early, the Noteholders will (not taking into account any loss suffered by the Issuer with respect to some or all of the Purchased Receivables) be repaid the principal which they invested, but will receive interest for a period of time that is shorter than the period originally stipulated in the respective Loan Agreement. In addition, faster than expected prepayments on the Purchased Receivables in combination with any purchase price above par on a purchaser's Notes may reduce the yield.

3.10 Risks in connection with the application of the German Corporate Stabilisation and Restructuring Act (*Gesetz über den Stabilisierungs- und Restrukturierungsrahmen für Unternehmen*)

With respect to Debtors, which are not natural persons, the German Corporate Stabilisation and Restructuring Act (*Gesetz über den Stabilisierungs- und Restrukturierungsrahmen für Unternehmen* – "**StaRUG**"), which entered into force on 1 January 2021, introduces a variety of measures aimed at, *inter alia*, restructuring a debtor's debt obligations outside of formal insolvency proceedings. Most notably, under §§ 49 et seqq. StaRUG, the competent restructuring court may, upon request of a debtor and for an aggregate time period of maximum 8 months, issue one or more stabilisation orders (*Stabilisierungsanordnung*) with the effect of (i) prohibiting or temporarily suspending any court-based enforcement procedures (*Vollstreckungssperre*) against a debtor or (ii) prohibiting the realization of any rights in moveable assets of a debtor, which in formal insolvency proceedings would entitle its creditors to segregation (*Aussonderungsrecht*) or to preferential satisfaction (*Absonderungsrecht*), and further allowing a debtor to utilise such moveable assets to continue its business operations.

Although a stabilisation order neither prohibits nor invalidates any voluntary payments made by a debtor prior to or subsequent to its issuance, it may adversely affect payments on the Notes as the collection of monies owed by a debtor under a Purchased Receivable or the enforcement of any Loan Collateral may be delayed for as long as such stabilisation order is in force.

4. RISKS RELATING TO TRANSACTION PARTIES

4.1 Reliance on the Servicer and Substitution of Servicer

Pursuant to the Servicing Agreement, the Issuer has appointed the Originator to be the Servicer on its behalf and to service, administer and collect all Purchased Receivables subject to the conditions of the Servicing Agreement and subject to the Trust Agreement. The Servicer will (subject to certain limitations) have the authority to do or cause to be done any and all acts which it reasonably considers necessary or convenient in connection with the servicing of the Purchased Receivables in accordance with the Collection Policy and the supplements and limitations thereto set out in the Servicing Agreement.

Pursuant to the Servicing Agreement, the Issuer has appointed the Back-Up Servicer Facilitator to facilitate the appointment of a Back-Up Servicer upon the occurrence of a Servicer Termination Event. Subject to any mandatory provision of German law, the Servicer will continue to exercise its rights and perform its duties under the Servicing Agreement until a Back-Up Servicer has been appointed.

The Issuer's ability to meet its obligations under the Notes will be dependent on the performance of the duties by the Servicer (or the Back-Up Servicer (as applicable)). Furthermore, the takeover of the duties of the Servicer by the Back-Up Servicer requires the Issuer in collaboration with the Back-Up Servicer Facilitator to appoint a Back-Up Servicer.

Accordingly, the Noteholders are relying, inter alia, on the business judgement and practices of the Servicer (reflected in the Collection Policy) and the Back-Up Servicer in administering the Purchased Receivables and enforcing claims against Debtors, and (as the case may be) on the timely performance of the appointment of the Back-Up Servicer.

There can be no assurance that the Servicer or the Back-Up Servicer Facilitator will be willing or able to perform such service in the future. If the appointment of the Servicer is terminated in accordance with the Servicing Agreement there is no guarantee that a Back-Up Servicer can become active or a Substitute Servicer (as applicable) can be appointed within a reasonable timeframe or at all that provides for at least equivalent services at materially the same costs.

4.2 Commingling Risk

The assignment of the Purchased Receivables will only be notified to the Debtors following the occurrence of a Servicer Termination Event. Until a Debtor has been notified of the assignment of the Purchased Receivables owed by it, it may pay with discharging effect to the Originator. Each Debtor may further raise defences against the Issuer arising from its relationship with the Originator which are existing at the time of the assignment of the Receivables.

If the Servicer does not notify the Debtors of the assignment the notification has to be conducted by the Back-Up Servicer. However, this requires the Back-Up Servicer to be appointed by the Issuer in collaboration with the Back-Up Servicer Facilitator. In addition, for the purposes of notification of the Debtors in respect of the assignments of the Purchased Receivables, the Back-Up Servicer or any Substitute Servicer or the Issuer will require the Encrypted Confidential Data to be decrypted. Under the Data Trust Agreement, the Data Trustee is obliged to deliver the Confidential Data Key to the Back-Up Servicer, the Substitute Servicer or the Issuer the Confidential Data Key for decrypting the Encrypted Confidential Data under certain conditions. Under the Servicing Agreement, the Back-Up Servicer Facilitator is obliged to deliver the Encrypted Confidential Data to the Back-Up Servicer, the Substitute Servicer or the Issuer under the Servicing Agreement, in each case under certain conditions. However, the Back-Up Servicer or any Substitute Servicer may not be appointed in a timely manner or the receipt of such Encrypted Confidential Data and such Confidential Data Key may be delayed

as a result of which the notification of the Debtors may be considerably delayed. Until such notification of such assignments has occurred, the Debtors may undertake payment with discharging effect to the Originator or enter into any other transaction with regard to the Purchased Receivables which will have binding effect on the Issuer and the Trustee.

Whilst any such amounts received prior to a Debtor notification with discharging effect shall be transferred by the Servicer under the terms of the Servicing Agreement as Collections received by it on the Business Day immediately following the Business Day of receipt of the funds by the Servicer (either by SEPA Direct Debit Mandate or otherwise) and such funds shall be identified as Collections, such undertaking of the Servicer is not secured. Further, if the Servicer becomes Insolvent, there is a risk that amounts collected by the Servicer and not transferred to the Collection Account may be subject to attachment by other creditors of the Servicer. Accordingly, Noteholders rely on the creditworthiness of the Servicer.

4.3 Reliance on Originator's Representations and Warranties

If any Purchased Receivables does not correspond, in whole or in part, to the representations and warranties made by the Originator in the Receivables Purchase Agreement, the Issuer has certain rights of recourse against the Originator. In case of a breach of certain representations and warranties, the Originator will be required to, *inter alia*, indemnify the Issuer or to repurchase the relevant Purchased Receivable that did not comply with the Eligibility Criteria (e.g. in case of any set-off right or counterclaim by the Debtor that existed as at the relevant Closing Date or the relevant Additional Purchase Date in deviation from the agreed Eligibility Criteria).

The ability of the Issuer to make payments on the Notes may be adversely affected in case of a set-off by a Debtor if the Originator does not meet its payment obligations under the afore-mentioned representation.

Moreover, set-off rights could result from deposits of Debtors which are held in accounts maintained with the Originator. Such set-off risk is mitigated as the Originator represents that (i) as of the Closing Date, the Debtors to the Initial Receivables and (ii) as of the relevant Additional Purchase Date, the Debtors to the Additional Receivables transferred on such Additional Purchase Date, do not hold any deposits with the Originator, the balance of which is higher than EUR 100,000.

Consequently, a risk of loss exists in the event that such representation or warranty is breached. This could potentially cause the Issuer to default under the Notes.

4.4 Risks relating to the Swap Counterparty and the Swap Agreement

While the Purchased Receivables bear interest at fixed rates, the Notes will bear interest at a floating rate based on 1-month EURIBOR. In order to mitigate a mismatch of amounts of interest paid under the Loan Agreements and amounts of interest due under the Notes the Issuer will enter into the Swap Agreements with the Swap Counterparties according to which the Issuer will make payments to CAAB or, following a CAAB Default Notice, to the Standby Swap Counterparty, in each case by reference to a certain fixed interest rate and the relevant Swap Counterparty will make payments to the Issuer by reference to a rate based on a EURIBOR-basis (subject to required adjustments in case of EURIBOR ceasing to be provided).

During periods in which floating rate interest payments to be made by the Swap Counterparty under the respective Swap Agreement are substantially greater than the fixed rate interest payments to be made by the Issuer under such Swap Agreement, the Issuer will be more dependent on receiving net payments from the Swap Counterparty in order to make interest payments on the Notes. If, CAAB or, following a CAAB Default Notice, the Standby Swap

Counterparty fails to pay any amounts when due under the respective Swap Agreement, the Collections from the Purchased Receivables and the funds credited to the Reserve Account may be insufficient to make the required payments on the Notes and the holders of the Notes may experience delays and/or losses in the interest payments on such Notes.

During periods in which floating rate interest payments to be made by the Swap Counterparty under the respective Swap Agreement are less than the fixed rate interest payments to be made by the Issuer under such Swap Agreement, the Issuer will be obliged under the Swap Agreement to make a net payment to the Swap Counterparty. The Swap Counterparty's claims for payment (other than certain termination payments required to be made by the Issuer upon a termination of the Swap Agreement) under the Swap Agreements will rank higher in priority than all payments on the Notes. If the payment under the Swap Agreement is due to a Swap Counterparty on a Payment Date, the Collections from the Purchased Receivables and the funds credited to the Reserve Account may be insufficient to make the required payments to the Swap Counterparty and to the Noteholders, so that the Noteholders may experience delays and/or losses in the interest payments on the Notes.

A Swap Counterparty may terminate a Swap Agreement if the Issuer becomes insolvent, if the Issuer fails to make a payment under the Swap Agreement when due and such failure is not remedied within three Business Days after notice of such failure being given, if its performance of the obligations under the Swap Agreement becomes illegal or if an Enforcement Event occurs. The Issuer may terminate a Swap Agreement, among other things, if relevant Swap Counterparty becomes insolvent, the relevant Swap Counterparty fails to make a payment under the relevant Swap Agreement when due and such failure is not remedied within three Business Days after the notice of such failure being given, its performance of the obligations under the Swap Agreement becomes illegal or payments to the Issuer are required to be reduced, or payments from the Issuer are required to be increased, due to tax for a period of time.

In the event that the Standby Swap Counterparty suffers a rating downgrade, the Issuer may terminate the Standby Swap Agreement if the Standby Swap Counterparty fails, within a set period of time, to take certain actions intended to mitigate the effects of such downgrade. Such actions could include the Standby Swap Counterparty collateralising its obligations as a referenced amount, transferring its obligations to a replacement standby swap counterparty or procuring a guaranty. However in the event the Standby Swap Counterparty is downgraded there can be no assurance that a guarantor or replacement swap counterparty will be found or that the amount of collateral will be sufficient to meet the relevant Swap Counterparty's obligations.

In the event that a Swap Agreement is terminated by either party, then, depending on the market value of the swap, a termination payment may be due to the Issuer or to the relevant Swap Counterparty. Any such termination payment could be substantial. Under certain circumstances, termination payments required to be made by the Issuer to a Swap Counterparty will rank higher in priority than all payments on the Notes. In such an event, Collections and the funds standing to the credit of the Reserve Account may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest payments on the Notes.

4.5 Reliance on Third Parties and Insolvency related Termination Clauses

The Issuer has entered into agreements with a number of third parties that have agreed to perform services in relation to the Notes. The ability of the Issuer to meet its obligations under the Notes will be dependent on the performance of the services, duties, obligations and undertakings by each party to the Transaction Documents. The Issuer is relying on the creditworthiness of the other parties to the Transaction Documents. It cannot be ruled out that the creditworthiness of such parties will deteriorate in the future. If any of such third parties fail

to perform their obligations under the respective agreements to which they are a party, the ability of the Issuer to meet its obligations under the Notes may be adversely affected.

Certain Transaction documents provide for replacement provisions, which provide for a termination right in case that a party becomes insolvent. In this respect, it is disputed in German legal literature, whether so-called insolvency-related termination clauses (*insolvenzabhängige Lösungsklauseln*) may be invalid or challengeable under German insolvency law.

In the context of termination clauses linked to the filing of a petition for the opening of insolvency proceedings, the Federal Court of Justice (*Bundesgerichtshof*) has ruled in a decision dated 15 November 2012 (IX ZR 169/11) (the "**Decision**") that a clause which provided for an automatic termination of an energy supply contract in the event of an application for the opening of insolvency proceedings of a contractual counterparty is invalid on the basis that such a clause deprives the insolvency administrator from its right to select whether to continue or discontinue a relevant contract. Since the Decision has been made in connection with a supply contract in the energy sector and in relation to an automatic termination (*auflösende Bedingung*), it could be argued that it may not apply to other agreements containing termination rights (*Kündigungsrechte*) or to the occurrence of a statutory reason to open insolvency proceedings. There are contradictory court rulings in this regard (see BGH II ZR 394/12, OLG Schleswig 1 U 72/11 or OLG Celle 13 U 53/11). However, there is a risk that a court could interpret the Decision as a landmark decision of the Federal Court of Justice with regard to the ongoing dispute in relation to insolvency-related termination and expiration clauses (*insolvenzabhängige Lösungsklauseln*) such that the courts may apply the general principles set out in the Decision not only to automatic termination clauses or agreements made in the energy sector, but in relation to all termination rights and expiration clauses under any form of mutual contract which are linked to insolvency events, potentially also including statutory reasons to open insolvency proceedings (see BGH IX ZR 314/14).

If the termination right is held invalid on this basis and any of such third parties fail to perform their obligations under the respective agreements to which they are a party, the ability of the Issuer to meet its obligations under the Notes may be adversely affected.

4.6 Conflicts of Interest

CAAB, The Bank of New York Mellon, Intertrust and Crédit Agricole Corporate and Investment Bank are acting in a number of capacities in connection with the Transaction. They will have only the duties and responsibilities expressly agreed by them in its respective capacity and will not, by virtue of acting in any other capacity, be deemed to have any other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each such capacity. These companies, in their various capacities in connection with the Transaction, may enter into business dealings from which it may derive revenues and profits without any duty to account therefore in connection with the Transaction.

In particular, CAAB may hold and/or service receivables other than the Purchased Receivables. The interests or obligations of the Originator with respect to such other receivables may in certain aspects conflict with the interests of the Noteholders. This may especially be the case if the Originator holds and/or services in relation to a Debtor other receivables in addition to a Purchased Receivable, where such Debtor becomes Insolvent. In such a case, the interests of the Originator or its affiliates may differ from, and compete with, the interests of the Noteholders. Decisions made with respect to such other receivables may adversely affect the value of the Purchased Receivables and therefore, ultimately, the ability of the Issuer to make payments under the Notes.

4.7 Termination for Serious Cause (*Kündigung aus wichtigem Grund*)

As a general principle of German law any contract providing for continuing obligations (*Dauerschuldverhältnis*) may be terminated for serious cause (*wichtiger Grund*). This right may neither be entirely excluded nor may it be unreasonably exacerbated or linked to consent from a third party. As a consequence, if applicable, a Transaction Document may be subject to termination for serious cause (*wichtiger Grund*). This may apply even if the documents contain any limitations of the right of the parties to terminate for serious cause (*wichtiger Grund*).

5. TAXATION

This subsection should be read in conjunction with the Section entitled "TAXATION", where more detailed information is given. Prospective purchasers of the Notes are advised to consult their own tax advisors as to the tax consequences of purchasing, holding and disposing of the Notes under the tax laws of the country of which they are residents.

5.1 Taxation in Germany

Germany does not offer a general legal framework relating to the tax treatment of securitisations. Therefore, any German transaction has to rely on the application of general principles of German tax law. The following should be read in conjunction with "TAXATION - Taxation in Germany".

Value Added Tax

The German tax administration has provided guidance on the VAT treatment of asset backed securities transactions (ABS) in the Value Added Tax Application Ordinance (*Umsatzsteuer-Anwendungserlass*, **"UStAE**") which contains an interpretation of the German Value Added Tax Act (*Umsatzsteuergesetz*). According to the UStAE, in ABS transactions (i) the sale and assignment of receivables constitutes a VAT exempt (*steuerfrei*) supply by the seller and (ii) the ongoing servicing of the receivables by the seller does not constitute a supply which would be subject to VAT because the seller's activities (i.e. the administration, collection and enforcement of the receivables) are either not considered to be a supply that is subject to German VAT (*nicht steuerbar*) or they are considered as a supplementary supply to the tax-exempt sale and assignment of the receivables (*steuerfreie Nebenleistung*). According to the German tax administration, the purchaser of receivables in an ABS transaction does not render VAT-able services to the seller. Based on the guidance provided by the UStAE the Issuer would neither incur any non-refundable VAT from input supplies provided to it by the Servicer nor render VAT-able supplies to the Originator in the context of the acquisition and the servicing of the Purchased Receivables.

It should be noted that the provisions of the UStAE are binding on the tax administration, but they can be overruled by the tax courts, as a result of which the tax administration may adapt their interpretation for the future in order to implement new case law. If, different from the provisions of the UStAE, the activities of the Originator in respect of the collection of the Purchased Receivables were considered to be a VAT-able supply of a debt collection service, the Orignator would, in principle, have to charge German VAT on the supply at a rate of 19 per cent., unless the Issuer qualifies as a taxable person resident in Luxembourg. In that case, the place of supply would be considered to be at the location where the Issuer pursues its business. Should the Issuer not qualify as a taxable person for VAT purposes, the Originator would be obliged to charge German VAT on the consideration for the debt collection service and the Issuer would not be entitled to a credit or refund of such VAT. On the other hand, should the Issuer qualify as a taxable person for VAT purposes, the debt collection service should be considered to be supplied in Luxembourg and the so-called "reverse charge procedure" would apply: consequently, the Originator would not charge German VAT, but the Issuer would have

to calculate the respective amount of Luxembourg VAT (16 per cent. of the consideration for the year 2024 in accordance with the law of 26 October 2022 implementing a temporary reduction in VAT) and pay it to the Luxembourg tax authorities, provided the supply is treated as a taxable supply in Luxembourg.

If, instead of the Servicer, the Issuer (or a third party appointed by the Issuer) were to service the Purchased Receivables (in particular, after occurrence of a Servicer Termination Event), such replacement of the Servicer could change the VAT treatment described in the preceding paragraphs and, as a consequence, the Issuer might be considered supplying a (debt collection) service to the Originator. Such service would not be exempt from VAT but the Originator rather than the Issuer should be liable to bear the VAT. If the Issuer commences the collection of the Purchased Receivables (or appoints a third party to service the Purchased Receivables on his behalf) it could be argued that it does not render any services for consideration to the Orignator but rather realises and collects its assets in its own name and on its own account which would not be a commercial activity that would be subject to VAT. This understanding would be consistent with the GFKL Financial Services AG decision of the ECJ dated 27 October 2011 (C-93/10). In this decision, the ECJ made a distinction between a taxable factoring service and a non-taxable purchase of (delinquent) receivables. It explicitly stated that the principles developed in the MKG-Kraftfahrzeuge-Factoring GmbH-Case (decision of 26 June 2003, C-305/01) only applied to factoring transactions where the purchaser assumes the credit risk of the debtor and releases the customer from the actual collection of the receivable for a specific consideration. In any event, any change in the VAT treatment should in our view not retroactively affect the accurateness of the initial VAT treatment as described above.

On 2 December 2015 the German Ministry of Finance issued a circular (*Umsatzsteuerrechtliche Behandlung des Erwerbs zahlungsgestörter Forderungen (sog. Non- Performing-Loans – NLP); Änderung der Verwaltungsauffassung; EuGH-Urteil vom 27. Oktober 2011, C-93-10, (GFKL) und BFH-Urteile vom 26. Januar 2012, V R 18/08, sowie vom 4. Juli 2013, V R 8/10, IV D 2 – III C 2 – S 7100/08/10010,* "**NPL-Circular**") implementing recent decisions of the European Court of Justice and the German Federal Fiscal Court in the Guidelines. As, however, this NPL-Circular mainly deals with non-performing receivables (i.e. receivables that are due but have not been (partly or fully) paid for more than ninety (90) days or if the requirements for a termination are fulfilled or a termination has been declared), in our view the NPL-Circular should not affect the aforementioned German VAT treatment of the sale of receivables to the Issuer because the German Federal Ministry of Finance maintains its position that the sale of receivables where the purchaser of receivables (irrespective whether in non-recourse or recourse transactions) does not collect such receivables and where the debtor of such receivables is not notified of the sale of such receivables is not subject to German VAT.

Any amounts nevertheless to be paid by the Issuer to the German tax authorities would reduce the amounts available for payments under the Notes.

Corporate income tax and trade tax

Investors should be aware that with respect to the Issuer's liability for income tax there is no assurance that the German tax authorities will always treat the Issuer as having its place of effective management and control (*Ort der Geschäftsleitung*) outside Germany. Any taxable net income of the Issuer would be subject to German corporate income tax (*Körperschaftsteuer*) at a rate of 15 per cent. plus solidarity surcharge (*Solidaritätszuschlag*) at a rate of 5.5 per cent. thereon (amounting to an aggregate rate of corporate income tax and solidarity surcharge of 15.825 per cent.), if the Issuer (i) had its place of effective management and control (*Ort der Geschäftsleitung*) in Germany, (ii) otherwise maintained a permanent establishment (*Betriebsstätte*) in Germany or (iii) appointed a permanent representative (*ständiger Vertreter*) for its business in Germany. However, with respect to (i) above, income derived from sources outside of Germany would be exempt from German taxation under the treaty for the avoidance

of double taxation (*Doppelbesteuerungsakommen,* "**DTT**") between Germany and Luxembourg ("**Luxembourg DTT**") to the extent such income can be attributed to a Luxembourg permanent establishment and, with respect to (ii) and (iii) above, income would be subject to German taxation only to the extent it is attributable to such German permanent establishment or permanent representative. In addition, taxable net income of the Issuer would be subject to trade tax (*Gewerbesteuer*), if the Issuer had its place of effective management and control or otherwise maintained a permanent establishment in Germany; but only to the extent the taxable net income would be attributable to such permanent establishment.

A foreign corporation is considered to have its place of effective management and control in Germany, if the majority of management decisions which are crucial for the day-to-day business are made in Germany. A permanent establishment is constituted by a fixed place of business or facility which serves the purposes of a foreign principal and over which the principal's management has effective power of disposal (*Verfügungsmacht*), such as an office or other premises. A permanent representative is defined as a (individual or legal) person that is (i) doing business for a foreign principal on a continuing basis while it is (ii) subject to instructions of that foreign principal. Both prerequisites are in particular (but not exclusively) met, if the person concludes contracts in the name and on behalf of the foreign principal or acts as an intermediary with respect to contracts concluded by that principal or solicits orders for that principal. However, pursuant to the Luxembourg DTT, persons acting without an authority to conclude contracts (*Abschlussvollmacht*) or acting in the capacity of a broker, general commission agent, or any other agent of independent status (*unabhängiger Vertreter*) in the ordinary course of its business would not qualify as permanent representative.

On 7 June 2017 the so-called Multilateral Instrument (MLI) has been signed by Germany which may change DTTs to which Germany is a party. Article 12 paragraph 2 of MLI states with regard to the independence of a permanent agent that a permanent agent will not be considered an independent agent if such person is exclusively or almost exclusively acting for one or more related entities. Germany has opted out of this Article 12 paragraph 2 of the MLI which may significantly narrow down the independence of a permanent agent in a given case. Therefore, no changes to the German position on the person of an independent agent taken in e.g. its DTT with Luxembourg should result from Article 12 paragraph 2 of the MLI.

There are good and valid reasons for not treating the Issuer as maintaining its place of effective management and control or a permanent establishment in Germany or as having appointed a permanent representative for its business in Germany. *Firstly*, the Issuer should be able to demonstrate to the satisfaction of the German tax authorities or to a competent German tax court that the management of the Issuer's day-to-day business is actually carried out outside of Germany and cannot be treated as carried out in Germany. The collection and other servicing activities performed by the Servicer are attributable to the Servicer acting as an independent service provider in its own interest, for its own account and in its own name, and do therefore not form part of the Issuer's business activities. *Secondly*, the Issuer has no power to dispose of the business premises of any person located in Germany, including the Servicer. *Thirdly*, the Corporate Servicer's services (*inter alia*, keeping the corporate records, convening director's meetings, providing registered office facilities and suitable office accommodation, preparing and filing all statutory and annual returns, preparing the financial statements and performing certain other corporate administrative services) are supplied outside of Germany. Also, representatives of the German Ministry of Finance (*Bundesministerium der Finanzen*) have expressed the view in an informal discussion with representatives of financial institutions that the mere collection activity carried out by the originator on behalf of a purchaser does not result in the purchaser having a permanent establishment in Germany (see Finanznachrichten 22/2001 of 19 September 2001, p. 5). Such view is also supported by a decision of the German Federal Tax Court (*Bundesfinanzhof*, "**BFH**") dated 12 February 2004 (IV R 29/02), which confirmed that according to the established case law of the BFH a "functional" approach is required to be taken in order to determine where an entity's place of effective management and control is

located. In its decision the BFH stressed that procuring the funding of an asset acquisition outweighs the day-to-day business decisions taken with respect to the acquisition of the assets themselves. Given the relative importance of the business decisions taken by the Issuer outside Germany compared against the business activities performed by the Servicer in Germany this court ruling provides additional support to the conclusions mentioned above. The same holds true with respect to a more recent decision of the BFH dated 24 August 2011 (I R 46/10) regarding the prerequisites of a permanent establishment. The court held that premises of a management company can be attributed to a foreign entity and therefore such foreign entity would be considered to maintain a permanent establishment for purposes of a double taxation treaty, if the management company provided the operational and personal "*apparatus*" for the foreign entity to pursue its business. Even though the business activities performed by the Servicer are of significance for the business of the Issuer, these activities should not constitute such operational and personal "*apparatus*" for the Issuer and therefore should not create any permanent establishment of the Issuer in Germany. Rather, the decision supports the view that the premises provided by the Corporate Servicer constitute a place of management and control or other fixed place of business of the Issuer in Luxembourg. On the other hand, in a decision of 5 November 2014 (IV R 30/11) the BFH held that in a situation, where relevant management decisions are taken in different locations an entity or partnership may have two (or more) places of management and control, if it cannot be decided where the more substantial decisions are taken.

The German tax authorities could, in disregard of the arguments set out above, take the view that, due to the decisions to be made and activities to be carried out by, in particular, the Servicer, the Issuer has either its place of effective management and control or a permanent establishment or a permanent representative in Germany and is, as a consequence, subject to German corporate income tax (plus solidarity surcharge thereon) and trade tax. In such case, the exposure of the Issuer to a corporate income tax liability in Germany should not be material as the relevant business expenses incurred by the Issuer attributable to a potential German principal place of management and control, a permanent establishment or a permanent representative, including any interest payments under the Notes, should reduce the annual taxable net income.

However, with respect to the obligations of the Issuer under the Notes it might be questionable whether the Issuer may record a liability for the repayment of the principal amount and the interest accruing under the Notes since, according to § 5 paragraph 2a of the German Income Tax Act ("**ITA**"), a borrower may not account for a liability (but will rather have to treat as income the proceeds received in incurring the liability) if the liability is only repayable from future income (*Einnahmen*) or profits (*Gewinnen*). Since the payment claims under the Notes need to be settled in accordance to the waterfall provisions from the cash flow § 5 paragraph 2a ITA should not apply to the obligation under the Notes because the payment obligations are not contingent on future income or profits of the Issuer but rather can be fulfilled from its other free assets (*freies Vermögen*), too. In accordance with the case law of the BFH (decision of 10 November 2005, IV R 13/04) regarding the accounting of subordinated loans it can be concluded that according to the terms and conditions of the Notes the obligations can be settled by using the Issuer's other assets because it is fair to assume that the Noteholders will request payment irrespective of the Issuer's income and will not release the Issuer from its payment obligations as long as the Issuer still owns any assets.

Provided the Issuer is considered to either maintain its place of effective management and control or a permanent establishment or a permanent representative in Germany it would have to take into account the interest barrier regime (*Zinsschranke*). Under this regime the net interest expenses (interest income minus interest expenses) exceeding 30 per cent. of the Issuer's German taxable EBITDA are not tax deductible, if the annual net interest expenses equal or exceed EUR 3,000,000. The EBITDA calculation only takes into account the taxable items of the income and those expenses which are tax deductible.

The so-called stand-alone exemption according to § 4h paragraph 2, sentence 1, lit. b) ITA in connection with § 8a paragraph 2 German Corporate Income Tax Act, as amended effective January 1, 2024, should not apply to the Issuer. The administrative guidance issued by the German Federal Ministry of Finance (*Bundesfinanzministerium*) on 4 July 2008 (*Zinsschrankenerlass,* "**Interest Barrier Decree**") has not been updated to reflect this change in law. Any guidance in the Interest Barrier Decree with regard to special purpose vehicles used in securitisation transactions (*Verbriefungszweckgesellschaften*) is specifically about the old consolidation requirements and thus obsolete.

On 14 October 2015, the BFH rendered a verdict (I R 20/15) in which it concluded that the interest barrier regime violates fundamental constitutional principles and, therefore, must not be applied by the court in deciding the case it had to consider. The BFH therefore had to suspend the case and had to refer it to the Federal Constitutional Court (*Bundesverfassungsgericht*). Only the Federal Constitutional Court has the power to declare a legal provision to be unconstitutional and to decide that it must not be applied in pending cases.

The BFH's decision is not binding for the tax administration until the Federal Constitutional Court has rendered its final judgment. However, the tax administration and the tax courts will suspend any appeal procedure against tax assessments which are based on the interest barrier regime.

Under the so-called anti hybrid mismatch rules in § 4k ITA interest payments to a Noteholder that is not tax resident in Germany may not be deductible for German tax purposes if and to the extent the Notes, different to German tax law, did not qualify as debt instruments under the foreign tax law relevant to the Noteholder and would therefore not be taxable for such Noteholder or would be taxable at a lower rate than if the same qualification as under German tax law applied. However, these deduction limitations should only apply if (i) the respective Noteholder is a related party of the Issuer within the meaning of § 1 paragraph 2 German Foreign Tax Act (i.e. substantially controls or holds at least a 25 per cent. interest in the Issuer) or (ii) the tax benefit has been taken into account when agreeing the contractual terms with the Noteholder.

Interest paid to Noteholders that are tax resident in countries which are considered non-cooperative in tax matters would become subject to withholding tax in Germany at a rate of 15.825 per cent. according to § 10 of the German Act for the Defense against Tax Evasion and unfair Tax Competition (*Steueroasen-Abwehrgesetz*). The exclusive list of such non-cooperative countries is published in an ordinance issued by the German Federal Ministry of Finance and the German Federal Ministry of Commerce and currently includes the following countries: American-Samoa, Anguilla, Antigua and Barbuda, Bahamas, Belize, Fiji, Guam, Palau, Panama, Russia, Samoa, Seychelles, Trinidad and Tobago, Turks and Caicos Islands, US Virgin Islands and Vanuatu. The list may be amended from time to time. The Issuer is generally liable for such withholding tax. Since the law is new and there is also no application guidance by the German tax authorities yet, it is currently unclear whether the Issuer could be held liable even if it is not aware of the fact that a Noteholder is domiciled in a non-cooperative country..

The taxable income determined for the purposes of corporate income tax would also be subject to trade tax. For trade tax purposes the taxable net income is subject to certain add-back (*Hinzurechnung*) provisions. In particular an add-back of 25 per cent. of the remuneration payable on debt (*Vergütungen für Entgelte für Schulden*) may apply to the interest accruing under the Notes which potentially could result in a material trade tax exposure even though the net income for accounting purposes would be small. The Issuer expects to qualify for the exemption from this particular add-back provision provided in § 19 paragraph 3 no. 2 of the Trade Tax Application Ordinance (*Gewerbesteuerdurchführungsverordnung*). The exemption will, however, only apply in case the Issuer is exclusively (*ausschließlich*) engaged in the securitisation (*Ausgabe von Schuldtiteln*) of bank receivables and bank risks within the meaning

of § 1 paragraph 1 sentence 2 no. 2, 3 and 8 of the German Banking Act (*Kreditwesengesetz*). The ancillary operations undertaken by the Issuer besides the acquisition of the Purchased Receivables and the issuing of the Notes should not impair the application of the exemption.

Any German corporate income tax or trade tax amounts paid by the Issuer to the German tax authorities would reduce the amounts available for payments under the Notes.

5.2 The Common Reporting Standard

(A) The common reporting standard framework was first released by the OECD in February 2014 as a result of the G20 members endorsing a global model of automatic exchange of information in order to increase international tax transparency. On 21 July 2014, the Standard for Automatic Exchange of Financial Account information in Tax Matters was published by the OECD and this includes the Common Reporting Standard ("**CRS**"). The goal of the CRS is to provide for the annual automatic exchange between governments of financial account information reported to them by local reporting financial institutions (as defined) ("**FIs**") relating to account holders who are tax resident in other participating jurisdictions.

(B) Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation ("**DAC II**") implements CRS in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis commencing in 2017 in respect of the 2016 calendar year. Under the law of 18 December 2015 implementing DAC II and CRS, since 1 January 2016, the Luxembourg financial institutions are required to provide to the fiscal authorities of other EU Member States and jurisdictions participating to the CRS details of payments of interest, dividends and similar type of income, gross proceeds from the sale of financial assets and other income, and account balances held on reportable accounts, as defined in the DAC2 and the CRS, of account holders residents of, or established in, an EU Member State and certain dependent and associated territories of EU Member States or in a jurisdiction which has introduced the CRS in its domestic law.

(C) For the purposes of complying with its obligations under CRS and DAC II, if any, the Issuer shall be entitled to require Noteholders to provide any information regarding their and, in certain circumstances, their controlling persons' tax status, identity or residence in order to satisfy any reporting requirements which the Issuer may have as a result of CRS and DAC II and Noteholders will be deemed, by their holding, to have authorised the automatic disclosure of such information by the Issuer (or any nominated service provider) or any other person to the relevant tax authorities who will exchange the information with the tax authorities of other participating jurisdictions, as applicable. Failure by the Issuer to comply with its CRS and DAC II obligations, if any, may result in the Issuer being deemed to be non-compliant in respect of its CRS obligations and monetary penalties may be imposed as a result under applicable law.

5.3 U.S. Foreign Account Tax Compliance Act

On 18 March 2010, the Hiring Incentives to Restore Employment Act (the "**HIRE Act**") was enacted in the United States. The HIRE Act includes provisions known as the Foreign Account Tax Compliance Act ("**FATCA**"). Final regulations under FATCA were issued by the United States Internal Revenue Service (the "**IRS**") on 17 January 2013 (as revised and supplemented by the regulations issued by the IRS on 20 February 2014) (the "**FATCA Regulations**"). FATCA generally imposes a 30 per cent. U.S. withholding tax on "withholdable payments" (which include (i) U.S.–source dividends, interest, rents and other "fixed or determinable annual or periodical income" paid after 30 June 2014 and (ii) certain U.S.–source gross

proceeds paid after 31 December 2016 (however, proposed regulations issued on 13 December 2018 by the United States Department of Treasury and the IRS (the "**Proposed Regulations**"), but does not include payments that are effectively connected with the conduct of a trade or business in the United States) paid to (a) "foreign financial institutions" ("**FFIs**") unless they enter into an agreement with the IRS to collect and disclose to the IRS information regarding their direct and indirect U.S. owners (an "**FFI Agreement**") and (b) "non-financial foreign entities" ("**NFFEs**") (i.e., foreign entities that are not FFIs) unless (x) an NFFE is exempt from withholding as an "excepted NFFE" or an "exempt beneficial owner" (as such terms are defined in the FATCA Regulations) or (y) an NFFE (I) provides to a withholding agent a certification that it does not have "substantial U.S. owners" (i.e., certain U.S. persons that own, directly or indirectly, more than 10 per cent. of the stock (by vote or value) of a non-U.S. corporation, or more than 10 per cent. of the profits interests or capital interests in a partnership) or (II) provides the name, address and taxpayer identification number of each substantial U.S. owner to a withholding agent and the withholding agent reports such information to the IRS. FATCA does not replace the existing U.S. withholding tax regime. However, the FATCA Regulations contain coordination provisions to avoid double withholding on U.S.-source income.

The United States Department of Treasury is in discussions with a number of foreign governments with respect to alternative approaches to FATCA implementation, including the negotiation of intergovernmental agreements ("**IGAs**") that, for example, would require FFIs located in a foreign jurisdiction to (i) report U.S. account information to the tax authorities in such jurisdiction, which the tax authorities would in turn provide to the IRS (a "**Model 1 IGA**"), or (ii) register with the IRS and report U.S. account information directly to the IRS in a manner consistent with the FATCA Regulations, except as expressly modified by the relevant IGA (a "**Model 2 IGA**"). An FFI located in a jurisdiction that has executed an IGA with the United States as described in (i) above generally will not need to enter into a separate FFI Agreement. The United States Department of Treasury currently has executed IGAs with a large number of jurisdictions including, most relevant, Germany, Luxembourg and the United Kingdom.

The FATCA rules described above do not apply to any payments made under an obligation that is outstanding on 1 July 2014 (provided such obligation is not materially modified subsequent to such date) and any gross proceeds from the disposition of such obligation. An obligation for this purpose includes a debt instrument and any agreement to extend credit for a fixed term (e.g., a line of credit or a revolving credit facility), provided that the agreement fixes the material terms at the issue date. A material modification is any significant modification of a debt instrument as determined under the U.S. tax regulations.

Under FATCA, non-U.S. entities that do not enter into an FFI Agreement or that otherwise do not cooperate with certain documentation requests may be subject to a 30 per cent. U.S. withholding tax on their receipt of "foreign pass-thru payments" from an FFI that does enter into an FFI Agreement (a "**Participating FFI**"). Foreign Pass-thru payments (i.e. a payment made by an FFI that is attributable to a withholdable payment) are not yet defined. The Proposed Regulations extend the earliest application date for withholding on "foreign pass-thru payments" to the date two (2) years following the publication of final regulations defining the term "foreign pass-thru payment".

Luxembourg signed a Model 1 IGA with the United States on 28 March 2014. Germany signed a Model 1 IGA with the United States on 31 May 2013. Under the Model 1 IGA (and assuming the Issuer complies with the relevant obligations under the IGA), the Issuer should not be subject to withholding under FATCA in respect of any payments it receives and the Issuer should not be required to withhold under FATCA or the IGA (or any Luxembourg / German law implementing the IGA) from any payments it makes. If the Issuer determines that it is an FFI the Issuer may still, however, be required under the Model 1 IGA to report certain information in respect of the holders of the Notes to the Luxembourg / German tax authorities.

However, if an amount in respect of such withholding tax were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the Conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors in the Notes may receive less interest or principal than expected.

Prospective holders of the Notes should consult their own tax advisor with respect to the FATCA rules and the application of FATCA to such holder in light of such holder's individual circumstances.

5.4 ATAD Laws and ATAD 3 Proposal

The Issuer is liable to Luxembourg corporate income tax on its worldwide net profits. The Luxembourg laws of 21 December 2018, which implements the Council Directive (EU) 2016/1164 of 12 July 2016 laying down rules against tax avoidance practices that directly affect the functioning of the internal market (commonly known as "**ATAD**") and the Luxembourg law of 20 December 2019 implementing the Council Directive (EU) 2017/952 of 29 May 2019 regarding hybrid mismatches with third countries (commonly known as ATAD 2), together known as the "**ATAD Laws**", introduced new tax measures into Luxembourg law, including among others a limitation as regards so-called "exceeding borrowing costs" and hybrid mismatch rules.

Whilst certain exemptions and safe harbor provisions (for example, exceeding borrowing costs up to 3 million euro will always remain deductible) exist in relation to the limitation of exceeding borrowing costs, these new rules may in certain situations result in the limitation respectively the denial of the deduction of payments to investors for Luxembourg tax purposes, which may adversely affect the income tax position of the Issuer and as such affect generally its ability to make payments to the holders of the Notes. According to the December infringement package published by the European Commission on 2 December 2021, the European Commission sent a reasoned opinion to Luxembourg asking it to correctly transpose the ATAD into its local laws regarding the treatment of securitisation vehicles subject to and compliant with the Securitisation Regulation. Under current Luxembourg law and contrary to the wording of the ATAD, securitisation companies covered by the Securitisation Regulation are excluded from the scope of the interest deduction limitation rules. The reasoned opinion follows a formal notice sent to Luxembourg on 14 May 2020. In response, Luxembourg adopted a bill of law on 9 March 2022 to remove securitisation vehicles subject to and compliant with the Securitisation Regulation from the list of financial undertakings that are out of scope of the interest deduction limitation rule as from 1 January 2023. Given the absence of ratification of the bill of law so far, the European Commission considered Luxembourg's reply to its reasoned opinion as not satisfactory and decided, on 14 July 2023, to refer Luxembourg to the ECJ for failing to correctly transpose ATAD. The action was brought on 20 February 2024 to the ECJ by the European Commission. The outcome of an ECJ court case and/or of the bill of law, and the impacts on the Issuer, if any, as well as whether such outcome/impacts ultimately will or will not have a retroactive effect remain uncertain and may as such negatively impact this Prospectus or alter the tax position of the Issuer.

In any case, clarifications as regards the ATAD Laws and their interpretation may be enacted after the date of this Prospectus, possibly with retroactive effect, and could alter the tax position of the Issuer. In addition, the Issuer may take positions with respect to certain tax issues resulting from the ATAD Laws which may depend on legal conclusions not yet resolved by the courts. Should any such positions be successfully challenged by the applicable tax authority, there could be a materially adverse effect on the Issuer and its ability to make payments to the holders of the Notes.

On 17 July 2024 the Luxembourg government proposed a new Draft Law nº 8414 introducing a new escape clause which would allow, under certain conditions, securitization vehicles financed by third parties to nonetheless deduct all their payments to investors. This new escape rule would apply to taxpayers which are (i) not part of a consolidated group for financial accounting purposes and (ii) not stand-alone entities within the meaning of 164ter of the Luxembourg Income Tax law dated 4 December 1967 as amended. The taxpayer will be entitled to deduct the entirety of its interest expenses if the taxpayer's equity ratio (equity/total assets) is equal or higher to the ratio of the single-entity group. For the purposes of determining the single-entity group ratio, the amount of the group's own funds is to be increased by amounts likely to give rise to borrowing costs and which are owed by the taxpayer to associated undertakings within the meaning of article 168ter, paragraph 1, number 18. The Luxembourg legislative process is on-going so that the possible impacts of the Draft Law on the Issuer remain currently unknown.

In addition, on 22 December 2021, the Council of the European Union published the proposal for a Council Directive laying down rules to prevent the misuse of shell entities for tax purposes and amending Directive 2011/16/EU (the "**ATAD 3 Proposal**"). Under the ATAD 3 Proposal, reporting obligations would be imposed on certain entities resident in a Member State for tax purposes. If these entities qualify as shell entities, they would not be able to access the benefits of the tax treaty network of its Member State nor to qualify for benefits under Council Directive 2011/96EU of 30 November 2011, as amended (known as the EU parent-subsidiary directive) and/or Council Directive 2003/49/EC of 3 June 2003, as amended (known as the EU interest and royalties directive). Furthermore, they would not be entitled to a certificate of tax residence to the extent that such certificate serves to obtain any of these benefits. Member States are expected to apply the provisions of the ATAD 3 Proposal as from 1 January 2024.

Securitisation companies covered by and compliant with Article 2 point 2 of the Securitisation Regulation are excluded from the scope of the current version of the ATAD 3 Proposal. However, the ATAD 3 Proposal is still subject to negotiation and the final text of the ATAD 3 Proposal as well as its implementation into local laws remain currently uncertain. Consequently, the possible impacts of the ATAD 3 Proposal on the Issuer remain currently unknown.

Therefore, prospective holders of the Notes should make an investment decision only after careful consideration, with its independent advisers, as to the consequences of the ATAD Laws as well as to the evolution of the ATAD 3 Proposal and its potential impacts on the Issuer.

5.5 No Gross-Up for Taxes

If required by law, any payments under the Notes will only be made after deduction of any applicable withholding taxes (including FTT, FATCA or any domestic provisions referring to the implementation of an automatic exchange of account information for financial institutions) and other deductions and neither the Issuer nor any other person is obliged to gross up or otherwise compensate Noteholders for receiving an amount under the Notes reduced by such withholding or deduction. See "CONDITIONS OF THE NOTES — Condition 14 (*Taxes*)". In such event, subject to certain conditions, the Issuer will be entitled (but will have no obligation) to redeem the Notes. This will shorten the average lives of the Notes and will reduce the amount of interest on the Notes expected to be received and will correspondingly adversely affect the yield on the Notes.

RETENTION OF NET ECONOMIC INTEREST

1. EU RISK RETENTION AND REPORTING

In the Trust Agreement, the Originator has undertaken for the benefit of the Noteholders (by way of a contract for the benefit of a third party (*echter Vertrag zugunsten Dritter*) pursuant to Section 328 para. 1 BGB) as follows:

(A) it will acquire on the Issue Date and, thereafter on an on-going basis for the life of the Transaction, hold a material net economic interest of not less than five (5) per cent. of the initial Note Principal Amount of each of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class M Notes and the Class X Notes (the "**Retained Notes**"), representing the nominal value of each of the tranches sold or transferred to the investors in accordance with Article 6(3)(a) of the European Securitisation Regulation;

(B) the Retained Notes will not be subject to any credit risk mitigation or any short positions or any other hedge as required by Article 6(1) of the European Securitisation Regulation in connection with the Retention RTS;

(C) it will not change the manner in which the net economic interest set out above is held until the earlier of (i) the date on which all Notes have been fully and finally redeemed and (ii) the Final Maturity Date, unless a change is required due to exceptional circumstances and such change is not used as a means to reduce the amount of retained interest in the securitisation, in which case it will notify the Issuer, the Arranger and the Trustee of any change to the manner in which the net economic interest set out above is held and will procure for publication in the Investor Report immediately following such change;

(D) it will comply with the disclosure obligations imposed on originators under Article 7(1)(e) of the European Securitisation Regulation, and will make available, on a monthly basis through the Investor Report, the information that can, under normal circumstances, be expected to be required under Article 7(1)(e) of the European Securitisation Regulation, to the extent not already included in the Prospectus; and

(E) it will make available to each Noteholder on each Publication Date, subject to legal restrictions and in particular Data Protection Provisions, upon its reasonable written request, all such necessary information in its possession to comply with the Noteholder's on-going monitoring obligations arising as a direct and immediate consequence of Article 5 of the European Securitisation Regulation. For the purposes of this provision, a Noteholder's request of information will be considered reasonable to the extent that the relevant Noteholder demonstrates to the Originator that the additional information required by it is necessary to comply with Article 5 of the European Securitisation Regulation, and such information was not provided by way of Investor Reports or the Prospectus. If the request has been delivered to the Originator less than 1 calendar month prior to a Publication Date the Originator may respond to such request on the subsequent Publication Date.

(F) Article 5 of the European Securitisation Regulation places an obligation on institutional investors (as defined in the European Securitisation Regulation) before investing in a securitisation and thereafter, to analyse, understand and stress test their securitisation positions and monitor on an ongoing basis in a timely manner performance information on the exposures underlying their securitisation positions. After the Issue Date, the Originator as designated reporting entity under Article 7 of the European Securitisation Regulation will prepare Monthly Reports wherein relevant information with regard to

the Purchased Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Originator in accordance with Article 7 of the European Securitisation Regulation.

(G) Where the relevant retention requirements are not complied with in any material respect and there is negligence or omission in the fulfilment of the due diligence obligations on the part of a credit institution that is investing in the Notes, a proportionate additional risk weight of no less than two hundred and fifty (250) per cent. of the risk weight (with the total risk weight capped at one thousand two hundred and fifty (1,250) per cent.) which would otherwise apply to the relevant securitisation position will be imposed on such credit institution, progressively increasing with each subsequent infringement of the due diligence provisions.

(H) Following the issuance of Notes, relevant investors, to which the European Securitisation Regulation is applicable, are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with Article 5 of the European Securitisation Regulation.

Noteholders should take their own advice and/or seek guidance from their regulator on compliance with, and the application of, the provisions of Article 5 of the European Securitisation Regulation in particular.

2. U.S. RISK RETENTION

Effective as of 24 December 2016, the major prudential regulators in the United States adopted joint final rules (the "**U.S. Risk Retention Rules**") to implement the credit risk retention requirements of Section 15G of the Securities Exchange Act of 1934, as added by Section 941 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. The U.S. Risk Retention Rules generally require the "sponsor" of a "securitisation transaction" to retain at least five (5) per cent. of the "credit risk" of the "securitised assets", as such terms are defined for purposes of that statute, and generally prohibit a sponsor from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the sponsor is required to retain. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Transaction will not involve risk retention by the Originator for the purpose of the U.S. Risk Retention Rules, but rather will be made in reliance on an exemption provided in Section _.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than ten (10) per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. Persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. Persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as "**Risk Retention U.S. Persons**"); (3) neither the sponsor nor the issuer of the securitisation transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than twenty five (25) per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Transaction provides that the Notes may not be purchased by Risk Retention U.S. Persons. Prospective investors should note that the definition of U.S. Person in the U.S. Risk Retention Rules is different from the definition of U.S. Person under Regulation S under Securities Act and that an investor could be a Risk Retention U.S. Person but not a U.S. Person under Regulation S.

Each prospective investor will be required to make certain representations as a condition to purchasing the Notes and each of the Issuer, the Originator and the Joint Lead Managers will rely on these representations.

None of the Arranger, the Joint Lead Managers, the Originator or any of their respective affiliates takes any responsibility whatsoever as to whether the transactions described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Issue Date or at any time in the future. Investors should consult their own advisers as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

3. INVESTORS TO ASSESS COMPLIANCE

Each prospective investor is required to independently assess and determine the sufficiency of the information described above and in this Prospectus generally for the purposes of complying with Article 5 of the European Securitisation Regulation, and neither the Originator nor the Arranger nor the Joint Lead Managers represents that the information described above or in this Prospectus is sufficient in all circumstances for such purposes. Investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction, should seek guidance from their regulator.

TRANSACTION OVERVIEW

The following overview (the "**Overview**") should be read as an introduction to the Prospectus.

Any decision to invest in the Notes should be based on consideration of the Prospectus as a whole by the investor (including, in particular, the factors set out under "RISK FACTORS").

The Overview does not purport to be complete and is taken from and qualified in its entirety by the remainder of this Prospectus.

(c) The payments by the Issuer to the Noteholders with respect to the relevant Payment Date shall, to the extent the Issuer has not discharged such payments, be deferred until the next Payment Date (including in accordance with Condition 4.4) and, if relevant, any subsequent Payment Date, provided that any payments that have not been discharged after application of the Issuer Available Funds in accordance with the applicable Priority of Payments on the Final Maturity Date shall be extinguished in full and neither the Noteholders nor anyone acting on their behalf shall be entitled to take any further steps against the Issuer to recover any further sum.

Upon the Enforcement Conditions being fulfilled the following applies:

(a) If the Issuer Available Funds, subject to the Acceleration Priority of Payments, are ultimately insufficient to pay in full

all amounts whatsoever due to any Noteholder and all other claims ranking *pari passu* to the claims of such Noteholders pursuant to the Acceleration Priority of Payments, the claims of such Noteholders against the Issuer will be limited to their respective share of such remaining Issuer Available Funds.

(b) After payment to the Noteholders of their relevant share of such remaining Issuer Available Funds, the obligations of the Issuer to the Noteholders will be extinguished in full and neither the Noteholders nor any Person acting on their behalf will be entitled to take any further steps against the Issuer to recover any further sum.

The Issuer Available Funds will be deemed to be "ultimately insufficient" at such time when, in the opinion of the Trustee, no further assets are available and no further proceeds can be realised to satisfy any outstanding claims of the Secured Creditors, and neither assets nor proceeds will be so available thereafter.

Optional Redemption upon occurrence of a Regulatory Change Event

In the event that a Regulatory Change Event has occurred or continues to exist (e.g. due to a deferred application or implementation date), the Originator will have an option, subject to certain requirements in accordance with the Originator Loan Agreement, to advance the Originator Loan to the Issuer for an amount that is equal to the Originator Loan Disbursement Amount in order to redeem the Mezzanine Notes and the Class X Notes (in whole but not in part) and the Class M Notes (in whole or in part), in each case together with any accrued but unpaid interest thereon.

The Issuer will, upon due exercise of such option by the Originator to advance the Originator Loan, apply such amounts received from the Originator towards redemption of the Mezzanine Notes, the Class M Notes and the Class X Notes at their current Note Principal Amount (together with any accrued but unpaid interest thereon) on the Payment Date following a Regulatory Change Event and following the sending of a notice by the Originator (such date being the "**Regulatory Change Event Redemption Date**") in accordance with the Regulatory Call Priority of Payments. If the Issuer does not have sufficient funds to redeem in full the Class M Notes (together with any accrued but unpaid interest thereon) on the Regulatory Change Event Redemption Date, the portion of Class M Notes (and accrued but unpaid interest thereon) not redeemed shall be cancelled (such event being a "**Regulatory Change Cancellation Event**"). For the avoidance of doubt, if and to the extent any excess funds exist after application of the Originator Loan Disbursement Amount towards redemption of the Mezzanine Notes, the Class M Notes and the Class X Notes, the Issuer shall repay such excess funds to the Originator on such Payment Date as Deferred Purchase Price in accordance with the Regulatory Call Priority of Payments.

"**Regulatory Change Event**" means:

(a) any enactment or establishment of, or supplement or amendment to, or change in any law, regulation, rule, policy or guideline of any relevant competent international, European or national body (including the ECB or the German Federal Financial Supervisory Authority (*Bundesanstalt für*

Finanzdienstleistungsaufsicht) or the Bank of Italy or any other relevant competent international, European or national regulatory or supervisory authority) or the application or official interpretation of, or view expressed by any such competent body with respect to, any such law, regulation, rule, policy or guideline which becomes effective on or after the Issue Date; or

(b) a notification by or other communication from the applicable regulatory or supervisory authority is received by the Originator as to the negative outcome of the supervisory significant risk transfer assessment or the withdrawal of the significant risk transfer status on or after the Issue Date, or any other notification by or communication from the applicable regulatory or supervisory authority is received by the Originator with respect to the transactions contemplated by the Transaction Documents on or after the Issue Date,

which, in each case, in the reasonable opinion of the Originator, has the effect of materially adversely affecting the rate of return on capital of the Originator or materially increasing the cost or materially reducing the benefit to the Originator of the transactions contemplated by the Transaction Documents. For the further avoidance of doubt, the declaration of a Regulatory Change Event will not be excluded by the fact that, prior to the Issue Date: (a) the event constituting any such Regulatory Change Event was: (i) announced or contained in any proposal (whether in draft or final form) for a change in the laws, regulations, applicable regulatory rules, policies or guidelines (including any accord, standard, or recommendation of the Basel Committee on Banking Supervision), as officially interpreted, implemented or applied by the Federal Republic of Germany, the Italian Republic or the European Union; or (ii) incorporated in any law or regulation approved and/or published but the effectiveness or application of which is deferred, in whole or in part, beyond the Issue Date, provided that the application of the Revised Securitisation Framework shall not constitute a Regulatory Change Event, but without prejudice to the ability of a Regulatory Change Event to occur as a result of any implementing regulations, policies or guidelines in respect thereof announced or published after the Issue Date; or (iii) expressed in any statement by any official of the competent authority in expert meetings or other discussions in connection with such Regulatory Change Event or (b) the competent authority has issued any notification, taken any decision or expressed any view with respect to any individual transaction, other than this Transaction. Accordingly, such proposals, statements, notifications or views will not be taken into account when assessing the rate of return on capital of the Originator or an increase the cost or reduction of benefits to the Originator of the transactions contemplated by the Transaction Documents immediately after the Issue Date.

Early Redemption for Default

Immediately upon the earlier of (i) being informed in accordance with Condition 12.5(A) or (ii) becoming aware in any other way of the occurrence of an Issuer Event of Default, the Trustee may at its discretion – and will if so requested by Noteholders holding at least

twenty five (25) per cent. of the Notes Outstanding Amount of the Most Senior Class of Notes – serve a Trigger Notice to the Issuer.

Following the delivery of a Trigger Notice by the Trustee to the Issuer, the Trustee (in accordance with the Trust Agreement):

(a) may at its discretion – and will if so requested by Noteholders holding at least twenty five (25) per cent. of the Notes Outstanding Amount of the Most Senior Class of Notes – enforce the Security Interest over the Security (including the Pledged Accounts) to the extent the Security Interest over the Security (including the Pledged Accounts) has become enforceable; and

(b) will apply any available Issuer Available Funds on the Payment Date following the Termination Date and thereafter on each subsequent Payment Date in accordance with the Acceleration Priority of Payments.

For the avoidance of doubt, an Issuer Event of Default will not occur in respect of claims hereunder which are deferred or extinguished in accordance with Condition 3.3 or deferred in accordance with Condition 4.4 (other than in respect of the Most Senior Class in accordance with item (a) of the definition of Issuer Event of Default).

Any Noteholder may declare due the Notes held by it at the then outstanding Note Principal Amount plus accrued interest by delivery of a notice to the Issuer with a copy to the Trustee if the following conditions are met:

(a) an Issuer Event of Default, as set out in item (a) of the definition of Issuer Event of Default, has occurred with respect to the Notes held by it and has not been remedied prior to receipt by the Issuer of such notice; and

(b) the Trustee has failed to issue a Trigger Notice if requested in accordance with Condition 12.1 within ten (10) Business Days upon receipt of such request.

Upon receipt by the Issuer of a notice from a Noteholder to the effect that an Issuer Event of Default, as set out in item (a) of the definition of Issuer Event of Default, has occurred:

(a) the Issuer will promptly (*unverzüglich*) notify the Trustee hereof in writing; and

(b) provided that such Issuer Event of Default is continuing at the time such notice is received by the Issuer, all Notes (but not some only) will become due for redemption on the Payment Date following the Termination Date in an amount equal to their then outstanding Aggregate Note Principal Amount plus accrued but unpaid interest.

Early redemption by the Issuer

If, on any Reference Date:

(a) the aggregate Outstanding Principal Amount of the Portfolio represents less than ten (10) per cent. of the aggregate Outstanding Principal Amount of the Portfolio as at the Initial Cut-Off Date (the "**Clean-Up Redemption Event**"); or

(b) as a result of any change of the legal or regulatory framework in the laws of Germany, Luxembourg, the EU, or any other applicable law, or the official interpretation or application of such laws occurs which becomes effective on or after the Issue Date and which, for reasons outside the control of the Originator and/or the Issuer:

(i) the Issuer would be restricted from performing any of its material obligations under the Notes (the "**Illegality Redemption Event**"); or

(ii) the Issuer is or becomes at any time required by law to deduct or withhold in respect of any payment under the Notes current or future taxes, levies or governmental charges, regardless of their nature, which are imposed under any applicable system of law or in any country which claims fiscal jurisdiction by, or for the account of, any political subdivision thereof or government agency therein authorised to levy taxes (the "**Tax Redemption Event**"),

the Originator may, by delivering a Repurchase Notice to the Issuer (with a copy to the Trustee and the Calculation Agent) at least (i) in the event set out in sub-paragraph (a) above, 15 (fifteen) calendar days, and (ii) in the events set out in sub-paragraph (b) above, 30 (thirty) calendar days, prior to a Payment Date (such Payment Date, the "**Early Redemption Date**"), repurchase, on the Early Redemption Date, all (but not only some) of the then outstanding Purchased Receivables and the Related Collateral at the Repurchase Price (the "**Portfolio Repurchase Option**") provided that:

(a) the Originator is not Insolvent and will not be Insolvent as a result of the repurchase;

(b) the aggregate of the Repurchase Prices for all repurchased Purchased Receivables is at least sufficient to redeem the Senior Notes and the Mezzanine Notes in full together with any accrued but unpaid interest subject, to and in accordance with, the applicable Priority of Payments; and

(c) the Originator has agreed to reimburse the Issuer for its costs and expenses in respect of the repurchase and reassignment or retransfer of such Purchased Receivables and the Related Collateral (if any).

Concurrently with (*Zug um Zug*) the receipt by the Issuer of:

(a) the aggregate Repurchase Prices on the Payments Account with discharging effect (*Erfüllungswirkung*), and

(b) a closing certificate (in form and substance satisfactory to the Issuer) signed and dated as of the repurchase date,

the Issuer will re-assign or retransfer, as applicable, the Purchased Receivables together with the Related Collateral to the Originator and will apply the aggregate Repurchase Prices towards redemption of all (but not some only) of the Senior Notes and the Mezzanine Notes on the Early Redemption Date at their then outstanding Note Principal Amount together with accrued but unpaid interest.

If Reuters screen page EURIBOR01 is not available or if no such quotation appears thereon, in each case as at such time, the Calculation Agent shall request the principal Euro-zone office of the Reference Banks selected by it to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for one-month deposits (with respect to the first Interest Period, the linear interpolation between two (2) weeks and one (1) month) in euro at approximately 11:00 a.m. (Brussels time) on the relevant Interest Determination Date to prime banks in the Euro-zone inter-bank market for the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time. 10. REDEMPTION – MATURITY

10.1 During the Revolving Period, the Class X Notes will be redeemed on each Payment Date subject to the Issuer Available Funds in accordance with the Revolving Priority of Payments. During the Amortisation Period and the Acceleration Period (as applicable) the Notes of each Class, including the Class X Notes if not redeemed in full during the Revolving Period, will be redeemed on each Payment Dates subject to the Issuer Available Funds and in accordance with the relevant Priority of Payments.

10.2 Unless previously redeemed in full or cancelled (as applicable), the Issuer will redeem the Notes of each Class at their outstanding Aggregate Note Principal Amount plus any accrued interest in the Final Maturity Date in accordance with the applicable Priority of Payments. Any claims arising from the Notes, i.e. claims to interest and principal, cease to exist with the expiration of two (2) years after the Final Maturity Date, unless the Global Note representing such Class of Notes is submitted to the Issuer for redemption prior to the expiration of two (2) years after the Final Maturity Date, in which case, the claims will become time-barred after one (1) year beginning with the end of the period for presentation (ending two (2) years after the Final Maturity Date in accordance with the Conditions). The commencement of judicial proceedings in respect of the claim arising from a Global Note will have the same legal effect as the presentation of a Global Note.

11. OPTIONAL REDEMPTION UPON OCCURRENCE OF A REGULATORY CHANGE EVENT

In the event that a Regulatory Change Event has occurred or continues to exist (e.g. due to a deferred application or implementation date), the Originator will have an option, subject to certain requirements in accordance with the Originator Loan Agreement, to advance the Originator Loan to the Issuer for an amount that is equal to the Originator Loan Disbursement Amount in order to redeem the Mezzanine Notes and the Class X Notes (in whole but not in

part) and the Class M Notes (in whole or in part), in each case together with any accrued but unpaid interest thereon.

The Issuer will, upon due exercise of such option by the Originator to advance the Originator Loan, apply such amounts received from the Originator towards redemption of the Mezzanine Notes, the Class M Notes and the Class X Notes at their current Note Principal Amount (together with any accrued but unpaid interest thereon) on the Payment Date following a Regulatory Change Event and following the sending of a notice by the Originator (such date being the "**Regulatory Change Event Redemption Date**") in accordance with the Regulatory Call Priority of Payments. If the Issuer does not have sufficient funds to redeem in full the Class M Notes (together with any accrued but unpaid interest thereon) on the Regulatory Change Event Redemption Date, the portion of Class M Notes (and accrued but unpaid interest thereon) not redeemed shall be cancelled (such event being a "**Regulatory Change Cancellation Event**"). For the avoidance of doubt, if and to the extent any excess funds exist after application of the Originator Loan Disbursement Amount towards redemption of the Mezzanine Notes, the Class M Notes and the Class X Notes, the Issuer shall repay such excess funds to the Originator on such Payment Date as Deferred Purchase Price in accordance with the Regulatory Call Priority of Payments.

"**Regulatory Change Event**" means:

(a) any enactment or establishment of, or supplement or amendment to, or change in any law, regulation, rule, policy or guideline of any relevant competent international, European or national body (including the ECB or the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*) or the Bank of Italy or any other relevant competent international, European or national regulatory or supervisory authority) or the application or official interpretation of, or view expressed by any such competent body with respect to, any such law, regulation, rule, policy or guideline which becomes effective on or after the Issue Date; or

(b) a notification by or other communication from the applicable regulatory or supervisory authority is received by the Originator as to the negative outcome of the supervisory significant risk transfer assessment or the withdrawal of the significant risk transfer status on or after the Issue Date, or any other notification by or communication from the applicable regulatory or supervisory authority is received by the Originator with respect to the transactions contemplated by the Transaction Documents on or after the Issue Date,

which, in each case, in the reasonable opinion of the Originator, has the effect of materially adversely affecting the rate of return on capital of the Originator or materially increasing the cost or materially reducing the benefit to the Originator of the transactions contemplated by the Transaction Documents. For the further avoidance of doubt, the declaration of a Regulatory Change Event will not be excluded by the fact that, prior to the Issue Date: (a) the event constituting any such Regulatory Change Event was: (i) announced or contained in any proposal (whether in draft or final form) for a change in the laws, regulations, applicable regulatory rules, policies or guidelines (including any accord, standard, or recommendation of the Basel Committee on Banking Supervision), as officially interpreted, implemented or applied by the Federal Republic of Germany, the Italian Republic or the European Union; or (ii) incorporated in any law or regulation approved and/or published but the effectiveness or application of which is deferred, in whole or in part, beyond the Issue Date, provided that the application of the Revised Securitisation Framework shall not constitute a Regulatory Change Event, but without prejudice to the ability of a Regulatory Change Event to occur as a result of any implementing regulations, policies or guidelines in respect thereof announced or published after the Issue Date; or (iii) expressed in any statement by any official of the competent authority in expert meetings or other discussions in connection with such Regulatory Change

Event or (b) the competent authority has issued any notification, taken any decision or expressed any view with respect to any individual transaction, other than this Transaction. Accordingly, such proposals, statements, notifications or views will not be taken into account when assessing the rate of return on capital of the Originator or an increase the cost or reduction of benefits to the Originator of the transactions contemplated by the Transaction Documents immediately after the Issue Date.

12. EARLY REDEMPTION FOR DEFAULT

12.1 Immediately upon the earlier of (i) being informed in accordance with Condition 12.5(A) or (ii) becoming aware in any other way of the occurrence of an Issuer Event of Default, the Trustee may at its discretion – and will if so requested by Noteholders holding at least twenty five (25) per cent. of the Notes Outstanding Amount of the Most Senior Class of Notes – serve a Trigger Notice to the Issuer.

12.2 Upon the delivery of a Trigger Notice by the Trustee to the Issuer, the Trustee (in accordance with the Trust Agreement):

(A) may at its discretion - and will if so requested by Noteholders holding at least twenty five (25) per cent. of the Notes Outstanding Amount of the Most Senior Class of Notes – enforce the Security Interest over the Security, if and to the extent that the Security Interest over the Security has become enforceable; and

(B) will apply any available Issuer Available Funds on the Payment Date following the Termination Date and thereafter on each subsequent Payment Date in accordance with the Acceleration Priority of Payments.

12.3 For the avoidance of doubt, an Issuer Event of Default will not occur in respect of claims hereunder which are extinguished in accordance with Condition 3.3 or deferred in accordance with Condition 4.4 (other than in respect of the Most Senior Class of Notes in accordance with item (a) of the definition of Issuer Event of Default).

12.4 Notwithstanding anything in any of the Transaction Documents to the contrary any Noteholder may declare due the Notes held by it at their then outstanding Note Principal Amount plus accrued interest by delivery of a notice to the Issuer with a copy to the Trustee if the following conditions are met:

(A) an Issuer Event of Default, as set out in item (a) of the definition of Issuer Event of Default, has occurred with respect to the Note held by it and has not been remedied prior to receipt by the Issuer of such notice; and

(B) the Trustee has failed to issue a Trigger Notice if requested in accordance with Condition 12.1 within ten (10) Business Days upon receipt of such request.

12.5 Upon receipt by the Issuer of a notice from a Noteholder to the effect that an Issuer Event of Default, as set out in item (a) of the definition of Issuer Event of Default, has occurred:

(A) the Issuer will promptly (*unverzüglich*) notify the Trustee hereof in writing; and

(B) provided that such Issuer Event of Default is continuing at the time such notice is received by the Issuer, all Notes (but not some only) will become due for redemption on the Payment Date following the Termination Date in an amount equal to their then outstanding Aggregate Note Principal Amount plus accrued but unpaid interest.

13. EARLY REDEMPTION BY THE ISSUER

13.1 If, on any Reference Date:

(A) the aggregate Outstanding Principal Amount of the Portfolio represents less than ten (10) per cent. of the aggregate Outstanding Principal Amount of the Portfolio as at the Initial Cut-Off Date (the "**Clean-Up Redemption Event**"); or

(B) as a result of any change of the legal or regulatory framework in the laws of Germany, the EU, or any other applicable law, or the official interpretation or application of such laws occurs which becomes effective on or after the Issue Date and which, for reasons outside the control of the Originator and/or the Issuer:

(1) the Issuer would be restricted from performing any of its material obligations under the Notes (the "**Illegality Redemption Event**"); or

(2) the Issuer is or becomes at any time required by law to deduct or withhold in respect of any payment under the Notes current or future taxes, levies or governmental charges, regardless of their nature, which are imposed under any applicable system of law or in any country which claims fiscal jurisdiction by, or for the account of, any political subdivision thereof or government agency therein authorised to levy taxes (the "**Tax Redemption Event**"),

the Originator may, by delivering a Repurchase Notice to the Issuer (with a copy to the Trustee and the Calculation Agent) at least (i) in the event set out in sub-paragraph (A) above, 15 (fifteen) calendar days, and (ii) in the events set out in sub-paragraph (B) above, 30 (thirty) calendar days, prior to a Payment Date (such date, the "**Early Redemption Date**"), repurchase, on the Early Redemption Date, all (but not only some) of the Purchased Receivables and the Related Collateral at the Repurchase Price (the "**Portfolio Repurchase Option**") provided that:

(a) the Originator is not Insolvent and will not be Insolvent as a result of the repurchase;

(b) the aggregate of the Repurchase Prices for all Purchased Receivables is at least sufficient to redeem the Senior Notes and the Mezzanine Notes in full together with any accrued but unpaid interest subject, to and in accordance with, the applicable Priority of Payments; and

(c) the Originator has agreed to reimburse the Issuer for its costs and expenses in respect of the repurchase and reassignment or retransfer of such Purchased Receivables and the Related Collateral (if any).

13.2 Concurrently with (*Zug um Zug*) the receipt by the Issuer of:

(A) the aggregate Repurchase Prices on the Payments Account with discharging effect (*Erfüllungswirkung*), and

(B) a closing certificate (in form and substance satisfactory to the Issuer) signed and dated as of the repurchase date,

the Issuer will re-assign or retransfer, as applicable, the Purchased Receivables together with the Related Collateral to the Originator and will apply the aggregate Repurchase Prices towards redemption of all (but not some only) of the Senior Notes and the Mezzanine Notes on the Early

Redemption Date at their then outstanding Note Principal Amount together with accrued but unpaid interest.

13.3 The repurchase option by the Originator under the Receivables Purchase Agreement and, accordingly, the early redemption of the Senior Notes and the Mezzanine Notes pursuant to Conditions 13.1 and 13.2 will be excluded if the aggregate of the Repurchase Prices for all Purchased Receivables is insufficient to redeem the Senior Notes and the Mezzanine Notes in full together with any accrued but unpaid interest subject, to and in accordance with, the applicable Priority of Payments.

13.4 Upon the occurrence of any of the events listed in Condition 13.1(B), the Issuer will determine within twenty (20) calendar days of such circumstance occurring whether it would be practicable to arrange for the substitution of the Issuer in accordance with Condition 18 (*Substitution of the Issuer*) or to change its tax residence to another jurisdiction approved by the Trustee. The Trustee will not give such approval unless each Rating Agency has been notified in writing of such substitution or change of the tax residence of the Issuer. If the Issuer determines that any of such measures would be practicable, it will effect such substitution in accordance with Condition 18 (*Substitution of the Issuer*) or (as relevant) such change of tax residence within sixty (60) calendar days from such determination. If, however, it determines within twenty (20) calendar days of such circumstance occurring that none of such measures would be practicable or if, having determined that any of such measures would be practicable, it is unable so to avoid such deduction or withholding within such further period of sixty (60) calendar days, then the Issuer will be entitled at its option (but will have no obligation) to fully redeem all (but not some only) of the Notes, upon not more than sixty (60) calendar days' nor less than thirty (30) calendar days' notice of redemption given to the Trustee, to the Principal Paying Agent and, in accordance with Condition 16 (*Form of Notices*), to the Noteholders at their then outstanding Aggregate Note Principal Amount, together with accrued but unpaid interest (if any) to the date (which must be a Payment Date) fixed for redemption. Any such notice will be irrevocable, must specify the date fixed for redemption and must set forth a statement in summary form of the facts constituting the basis for the right of the Issuer so to redeem.

14. TAXES

14.1 Payments in respect of the Notes will only be made after deduction and withholding of current or future taxes under any applicable system of law or in any country which claims fiscal jurisdiction by, or for the account of, any political subdivision thereof or government agency therein authorised to levy taxes, to the extent that such deduction or withholding is required by law. The Issuer will account for the deducted or withheld taxes with the competent government agencies.

14.2 Neither the Issuer nor the Originator nor any other party is obliged to pay any amounts as compensation for deduction or withholding of taxes in respect of payments on the Notes.

14.3 For the avoidance of doubt, such deductions or withholding of taxes will not constitute an Issuer Event of Default.

15. INVESTOR REPORTS

As long as the Notes are outstanding, with respect to each Payment Date, the Issuer, or the Calculation Agent on its behalf, will provide the Noteholders of each Class of Notes with the Investor Report not later than 6:00 p.m. CET on the second Business Day prior to each Payment Date by making such Investor Report available, as required, to the European Data Warehouse in its function as a securitisation repository registered in accordance with Article 10 of the

Securitisation Regulation or such other website as notified to the Noteholders in advance in accordance with Condition 16 (*Form of Notices*).

16. FORM OF NOTICES

16.1 All notices to the Noteholders hereunder will be (i) published in a newspaper having general circulation in Luxembourg which is expected to be the Luxemburger Wort or on the website of the Luxembourg Stock Exchange (www.luxse.com) (or such other publication required by the rules of the Luxembourg Stock Exchange) if and to the extent a publication in such form is required by the rules of the Luxembourg Stock Exchange and (ii) delivered to the ICSDs for communication by them to the Noteholders. Any notice referred to under (i) above will be deemed to have been given to all Noteholders on the date of such publication in a newspaper having general circulation in Luxembourg which is expected to be the Luxemburger Wort or on the website of the Luxembourg Stock Exchange (www.luxse.com) (or such other publication required by the rules of the Luxembourg Stock Exchange). Any notice referred to under (ii) above will be deemed to have been given to all Noteholders on the seventh calendar day after the day on which such notice was delivered to the ICSDs.

16.2 This Prospectus relating to the Conditions will be published on the website of the Luxembourg Stock Exchange (www.luxse.com). The contents of any website referred to in this Prospectus do not form part of the Prospectus.

17. PRINCIPAL PAYING AGENT

17.1 Appointment of Principal Paying Agent

The Issuer has appointed The Bank of New York Mellon, London Branch, as the Principal Paying Agent. The Principal Paying Agent (including any Substitute Agent) will act solely as agent for the Issuer and will not have any agency or trustee relationship with the Noteholders.

17.2 Obligation to Maintain a Principal Paying Agent

The Issuer will procure that as long any of the Notes are outstanding there will always be a Principal Paying Agent to perform the functions as set out in these Conditions.

18. SUBSTITUTION OF THE ISSUER

18.1 General

(A) The Issuer may, without the consent of the Noteholders, substitute in its place a New Issuer as debtor in respect of all obligations arising under or in connection with the Notes and the Transaction Documents, provided that:

(1) the New Issuer will be a newly formed single purpose company which has not carried on any previous business activities;

(2) the New Issuer will give substantially the same representations and agree to be bound by the same covenants as the Issuer;

(3) a solvency certificate executed by each of the Issuer and the New Issuer dated the date of the proposed substitution confirming that it is solvent and will not become insolvent as a result of the substitution will be delivered to the Trustee;

(4) the New Issuer assumes all rights, duties and obligations of the Issuer in respect of the Notes and

(a) under the Transaction Documents; and

(b) the Security (including each Pledged Account) is, upon the Issuer's substitution, held by the Trustee to secure the assumed Trustee Claim

(5) the New Issuer has obtained all necessary authorisations, governmental and regulatory approvals and consents in the country in which it has its registered office to assume liability as principal debtor and all such approvals and consents are at the time of substitution in full force and effect and is in a position to fulfil all its obligations in respect of the Notes and the other Transaction Documents without discrimination against the Noteholders in their entirety;

(6) the New Issuer will pay in EUR and without being obliged to deduct or withhold any taxes or other duties of whatever nature levied by the country in which the New Issuer has its domicile or tax residence all amounts required for the fulfilment of the payment obligations arising under the Notes and the substitution will not result in any withholding or deduction of taxes on the amounts payable under the Notes which would not arise if there was no such substitution;

(7) there will have been delivered to the Trustee and the Principal Paying Agent one legal opinion for each jurisdiction affected by the substitution from a law firm of recognised standing acceptable to the Trustee in a form satisfactory to the Trustee and to the effect that:

(a) paragraphs (1) to (6) above have been satisfied and that no additional expenses or legal disadvantages of any kind arise for the Noteholders from the substitution;

(b) such substitution does not affect the validity and enforceability of the Security (including the Pledged Accounts); and

(c) the agreements and documents executed or entered into pursuant to paragraph (9) below are legal, valid and binding;

(8) the Trustee receives (at the Issuer's cost and expense) a legal opinion (*Rechtsgutachten*) of a law firm of recognised standing acceptable to the Trustee in a form satisfactory to the Trustee to the effect that the substitution of the Issuer does not adversely affect the rights of the Noteholders;

(9) the substitution does not adversely affect the ratings of the Notes by the Rating Agencies; and

(10) the Issuer and the New Issuer enter into such agreements, execute such documents and comply with such other requirements as the Trustee considers necessary for the effectiveness of the substitution.

(B) Upon fulfilment of the above conditions the New Issuer will in every respect substitute the Issuer and the Issuer will be released vis-à-vis the Noteholders from all its obligations as Issuer of the Notes and party to the Transaction Documents.

18.2 Notice of Substitution

The New Issuer will give notice of the substitution to the Noteholders pursuant to Condition 16 (*Form of Notices*) with a copy to the Luxembourg Stock Exchange. Upon the substitution, the New Issuer will take all measures required by the rules of the Luxembourg Stock Exchange.

18.3 Effects of Substitution

Upon the substitution, each reference to the Issuer in these Conditions will from then on be deemed to be a reference to the New Issuer and any reference to the country in which the Issuer has its registered office, domicile or residency for tax purposes, as relevant, will from then on be deemed to be a reference to the country in which the New Issuer has its registered office, domicile or residency for tax purposes, as relevant.

19. RESOLUTIONS OF NOTEHOLDERS

19.1 The Noteholders of any Class may agree by majority resolution to amend these Conditions, provided that no obligation to make any payment or render any other performance shall be imposed on any Noteholder by majority resolution.

19.2 Resolutions shall be passed by simple majority of the votes cast. Resolutions relating to material amendments to these Conditions, in particular to provisions relating to the matters specified in Condition 19.4(A) to (J) below, require a majority of not less than seventy five (75) per cent. of the votes cast (a "**qualified majority**").

19.3 Majority resolutions shall be binding on all Noteholders of the relevant Class. Resolutions which do not provide for identical conditions for all Noteholders of relevant Class are void, unless the Noteholders of such Class who are disadvantaged have expressly consented to their being treated disadvantageously.

19.4 Noteholders of any Class may in particular agree by majority resolution in relation to such Class to the following:

(A) the change of the due date for payment of interest, the reduction, or the cancellation, of interest;

(B) the change of the due date for payment of principal;

(C) the reduction of principal;

(D) the subordination of claims arising from the Notes of such Class in insolvency proceedings of the Issuer;

(I) the substitution of the Issuer;

(J) the appointment or removal of a common representative for the Noteholders of such Class; and

(K) the amendment or rescission of ancillary provisions of the Notes.

19.5 Noteholders of the relevant Class shall pass resolutions by vote taken without a meeting.

19.6 Each Noteholder participating in any vote shall cast votes in accordance with the nominal amount or the notional share of its entitlement to the outstanding Notes of the relevant Class. As long as the entitlement to the Notes of the relevant Class lies with, or the Notes of the relevant Class are held for the account of, the Issuer or any of its affiliates (Section 271(2) of the German Commercial Code (*Handelsgesetzbuch*)), the right to vote in respect of such Notes shall be suspended. The Issuer may not transfer Notes, of which the voting rights are so suspended, to another person for the purpose of exercising such voting rights in the place of the Issuer; this shall also apply to any affiliate of the Issuer. No person shall be permitted to exercise such voting right for the purpose stipulated in sentence 3, first half sentence, herein above.

19.7 No person shall be permitted to offer, promise or grant any benefit or advantage to another person entitled to vote in consideration of such person abstaining from voting or voting in a certain way.

19.8 A person entitled to vote may not demand, accept or accept the promise of, any benefit, advantage or consideration for abstaining from voting or voting in a certain way.

19.9 The Noteholders of any Class may by qualified majority resolution appoint a common representative (*gemeinsamer Vertreter*) (the "**Noteholders' Representative**") to exercise rights of the Noteholders of such Class on behalf of each Noteholder. (D) is subject to the control of any of the persons set forth in Condition 19.9(A) to (C) above by reason of a special personal relationship with such person,

must disclose the relevant circumstances to the Noteholders of such Class prior to being appointed as a Noteholders' Representative. If any such circumstances arise after the appointment of a Noteholders' Representative, the Noteholders' Representative shall inform the Noteholders of the relevant Class promptly in appropriate form and manner.

If the Noteholders of different Classes appoint a Noteholders' Representative, such person may be the same person as is appointed Noteholders' Representative of such other Class.

19.10 The Noteholders' Representative shall have the duties and powers provided by law or granted by majority resolution of the Noteholders of the relevant Class. The Noteholders' Representative shall comply with the instructions of the Noteholders of the relevant Class. To the extent that the Noteholders' Representative has been authorised to assert certain rights of the Noteholders of the relevant Class, the Noteholders of such Class shall not be entitled to assert such rights themselves, unless explicitly provided for in the relevant majority resolution. The Noteholders' Representative shall provide reports to the Noteholders of the relevant Class on its activities.

19.11 The Noteholders' Representative shall be liable for the performance of its duties towards the Noteholders of the relevant Class who shall be joint and several creditors (*Gesamtgläubiger*); in the performance of its duties it shall act with the diligence and care of a prudent business manager. The liability of the Noteholders' Representative may be limited by a resolution passed by the Noteholders of the relevant Class. The Noteholders of the relevant Class shall decide upon the assertion of claims for compensation of the Noteholders of such Class against the Noteholders' Representative.

19.12 Each Noteholders' Representative may be removed from office at any time by the Noteholders of the relevant Class without specifying any reasons. Each Noteholders' Representative may demand from the Issuer to furnish all information required for the performance of the duties entrusted to it. The Issuer shall bear the costs and expenses arising from the appointment of each Noteholders' Representative, including reasonable remuneration of such Noteholders' Representative.

20. MISCELLANEOUS

20.1 Presentation Period

The presentation period for the Global Notes provided in Section 801(1), first sentence, of the German Civil Code (*Bürgerliches Gesetzbuch*) is reduced to two years.

20.2 Replacement of Global Note Certificates

If a Global Note Certificate is lost, stolen, damaged or destroyed, it may be replaced by the Issuer upon payment by the claimant of the costs arising in connection therewith. As a condition of replacement, the Issuer may require the fulfilment of certain conditions, the provision of proof regarding the existence of indemnification and/or the provision of adequate collateral. If a Global Note Certificate is damaged, such Global Note Certificate will be surrendered before a replacement is issued. If a Global Note Certificate is lost or destroyed, the foregoing will not limit any right to file a petition for the annulment of such Global Note Certificate pursuant to the statutory provisions.

The invalid provision will, according to the intent and purpose of these Conditions, be replaced by such valid provision which in its economic effect comes as close as legally possible to that of the invalid provision.

20.4 Amendments to the Conditions

Subject to giving five (5) Business Days prior notice to the Noteholders pursuant to Condition 16 (*Form of Notices*), by publishing such notice with the Luxembourg Stock Exchange (www.luxse.com), the Issuer will be entitled to amend any term or provision of the Conditions including this Condition 20.4 or the Transaction Documents with the consent of the Trustee, but without the consent of any Noteholder, any Swap Counterparty, the Arranger or any other Person if it is advised by a third party authorised under Article 28 of the European Securitisation Regulation or a reputable international law firm that such amendments are required for the Transaction to comply with the European Securitisation Regulation including the requirements for simple, transparent and standardised securitisations set out therein and in any regulatory technical standards authorised under the European Securitisation Regulation.

20.5 Governing Law

The form and content of the Notes and all of the rights and obligations of the Noteholders and the Issuer under the Notes will be governed in all respects by the laws of Germany.

Any non-contractual rights and obligations of the Noteholders and the Issuer in respect of the Notes will be governed in all respects by the laws of Germany.

20.6 Jurisdiction

The form and content of the Notes and all of the rights and obligations of Noteholders, the Issuer, the Principal Paying Agent and the Servicer under these Notes will be governed by and subject in all respects to the laws of Germany.

The German courts have jurisdiction for the annulment of the Global Note Certificates in the event of loss or destruction.

1.1 Unless the context requires otherwise, terms used in this Agreement (including the recitals) shall have the meaning given to them in the Transaction Definitions Schedule dated on or about the date of this Agreement (the "**Transaction Definitions Schedule**"). The terms of the Transaction Definitions Schedule are hereby expressly incorporated into this Agreement by reference.

Unless otherwise stated herein or in the Transaction Documents to which the Trustee is a party, the Trustee is not obliged to supervise or monitor the discharge by any person of its payment and other obligations arising from the Notes or any other relevant Transaction Documents or to carry out duties which are the responsibility of the Issuer or any other person which is a party to any Transaction Document.

2.2 The Issuer agrees and authorises that the Trustee acts for the Secured Creditors pursuant to the terms of this Agreement and the English Security Deed. The Trustee agrees to act accordingly.

The right of the Issuer to make payments to the respective Secured Creditor shall remain unaffected. The Trustee Claim in whole or in part may be enforced separately from the relevant Secured Creditor's claim related thereto. In the case of a payment pursuant to paragraph (C) above, the Issuer shall have a claim against the Trustee for on-payment to the respective Secured Creditor in accordance with the applicable Priority of Payments.

4.3 The Trustee Claim is separate and independent from any claims in respect of the Issuer Obligations, provided that:

(A) Notwithstanding the provisions of Clause 33.4 (*Amendments*) the following provisions shall apply if the Issuer (or the Servicer acting on behalf of the Issuer) determines that a Benchmark Rate Modification Event has occurred.

(B) Following the occurrence of a Benchmark Rate Modification Event, the Rate Determination Agent shall determine in consultation with each of the Swap Counterparties (acting in good faith and in a commercially reasonable manner) an Alternative Benchmark Rate, provided that where the Rate Determination Agent is not the Servicer, it shall make any determination in consultation with the Issuer (or the Servicer on behalf of the Issuer).

(C) The Trustee shall, subject to the provisions of this Clause 33.5 (*Benchmark Rate Modification*), be obliged to concur with the Issuer in making any Benchmark Rate Modification, provided that the Issuer and the Rate Determination Agent deliver a Benchmark Rate Modification Certificate to the Trustee.

(D) It is a condition to any such Benchmark Rate Modification that:

(1) such Benchmark Rate Modification is acceptable to each of the Swap Counterparties (such consent not to be unreasonably withheld);

(2) the Issuer, or the Servicer on behalf of the Issuer, certifies in the Benchmark Rate Modification Certificate that it has given the Rating Agencies at least 10 Business Days prior written notice of the proposed modification and none of the Rating Agencies has indicated that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of the Notes by such Rating Agency or (y) such Rating Agency placing any Notes on rating watch negative (or equivalent);

(3) the Issuer has provided to the holders of the Notes a Benchmark Rate Modification Noteholder Notice, at least 40 calendar days prior to the date on which it is proposed that the Benchmark Rate Modification would take effect, in accordance with Condition 16 (*Form of Notices*) of the Conditions; and

(4) Noteholders representing at least ten (10) per cent. of the outstanding Note Principal Amount of the Notes on the Benchmark Rate Modification Record Date have not contacted the Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Trustee that such Noteholders do not consent to the Benchmark Rate Modification.

(E) If Noteholders representing at least ten (10) per cent. of the outstanding Note Principal Amount of the Notes on the Benchmark Rate Modification Record Date have notified the Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless a qualified majority resolution is passed in favour of such modification in accordance with Condition 19.2 (*Resolutions of Noteholders*) of the Conditions by the Noteholders.

(F) Other than where specifically provided in this Clause 33.5 (*Benchmark Rate Modification*) or any Transaction Document:

(1) when implementing any modification pursuant to this Clause 33.5 (*Benchmark Rate Modification*), the Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely and without further investigation, on any Benchmark Rate Modification Certificate or evidence provided to it by Rate Determination Agent, the Issuer, or the Servicer on behalf of the Issuer, or the relevant Transaction Party pursuant to this Clause 33.5 (*Benchmark Rate Modification*) and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and

(2) the Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Trustee would have the effect of (i) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protection, of the Trustee in the Transaction Documents and/or the Conditions.

(G) Any Benchmark Rate Modification shall be binding on all Noteholders and shall be notified by the Issuer as soon as reasonably practicable to:

(1) so long as any of the Notes rated by the Rating Agencies remains outstanding, each Rating Agency;

(I) Following the making of a Benchmark Rate Modification, if it becomes generally accepted market practice in the publicly listed asset backed floating rate notes market to use a Benchmark Rate of interest which is different from the Alternative Benchmark Rate which had already been adopted by the Issuer in respect of the Notes pursuant to a Benchmark Rate Modification, the Issuer shall be entitled to propose a further Benchmark Rate Modification pursuant to this Clause 33.5 (*Benchmark Rate Modification*).

(1) the Originator will be required to remedy such breach of the Pool Eligibility Criteria by repurchasing some or all of the Purchased Receivables and the Related Collateral (if any) sold to the Issuer on such Purchase Date so that, after effecting such repurchase, the Pool Eligibility Criteria will be met. The Originator shall randomly select those Purchased Receivables together with the Related Collateral (if any) which will be repurchased to remedy such breach, but shall not be obliged to repurchase any Purchased Receivable if the relevant Debtor is in default with any of its payment obligations under the corresponding Loan Agreement at the time of repurchase; and

(B) the Account Statements;

(C) a notification of the payments due under the Swap Agreements by the Swap Counterparties or the Issuer as applicable; and

(D) a notice of any amount of Expenses to be paid pursuant to the applicable Priority of Payments by the Corporate Servicer.

5.3 Payments to the Principal Paying Agent

The Issuer will transfer to the Principal Paying Agent:

(A) on each Payment Date (no later than 11:00 a.m. London time);

(B) such amount in EUR as will be sufficient to make such payment in respect of the Notes;

(C) to the account of the Principal Paying Agent which the Principal Paying Agent has specified before by written notice to the Issuer (with a copy to the Calculation Agent) at the latest five (5) Business Days prior to the relevant Payment Date;

(D) via T2 or – if the T2 System is not available – by such other method as agreed between the Issuer and the Principal Paying Agent.

5.4 Payments by the Principal Paying Agent

(A) Payments to the Noteholders

Subject to having received in full the funds in accordance with the Paying and Calculation Agency Agreement, the Principal Paying Agent will pay or cause to be paid on behalf of the Issuer to the Noteholders on each Payment Date and on the basis of the relevant Payments Report the amounts payable in respect of the Notes. All payments in respect of the Notes will be made to, or to the order of, ICSD, subject to and in accordance with the provisions of the Conditions.

(B) Receipt of Insufficient Amounts

(1) If the Principal Paying Agent has not received in full the funds in accordance with the Paying and Calculation Agency Agreement the Principal Paying Agent will:

(a) immediately notify the Issuer and the Servicer by fax or in any other agreed form; and

(b) not be bound to make any payment in respect of the Notes to any Noteholder until the Principal Paying Agent has received in full the funds in accordance with the Paying and Calculation Agency Agreement.

(2) If the Principal Paying Agent pays out an amount in accordance with the Paying and Calculation Agency Agreement on the assumption that the corresponding payment in accordance the Paying and Calculation Agency Agreement has been or will be made and such payment has in fact not been made by the Issuer, then the Issuer will, in addition to paying the amounts due under the Paying and Calculation Agency Agreement, pay to the Principal Paying Agent on demand interest (at a rate which represents the Principal

Paying Agent's cost of funding the Distribution Shortfall Amount) on the Distribution Shortfall Amount to but excluding the date on which the Principal Paying Agent receives the Distribution Shortfall Amount in full.

5.5 Investor Report

The Calculation Agent will, based on the information available to it, also prepare the Investor Report substantially in the form as scheduled to the Paying and Calculation Agency Agreement referring to the immediately preceding Collection Period and Interest Period and deliver the Investor Report, not later than 11:00 a.m. CET on the second Business Day prior to each Payment Date via email or facsimile transmission to the Issuer, the Servicer, the Rating Agencies, the Arranger and the Trustee.

5.6 Standard of Care; Delegation

The Principal Paying Agent will perform its duties and obligations pursuant to the Paying and Calculation Agency Agreement in accordance with the Standard of Care and will at all times take into account the Issuer's interests.

The Principal Paying Agent may, acting reasonably, delegate any of its roles, duties or obligations created under the Paying and Calculation Agency Agreement (or any part thereof) to a third party, in each case in compliance with applicable laws and regulations, including but not limited to the Data Protection Provisions, provided that the Principal Paying Agent will be liable for any acts or omissions committed by such person, in accordance with Section 278 BGB, to the same extent as it would have performed such acts or omissions itself.

5.7 Fees, Costs and Expenses

The Issuer will pay to each of the Principal Paying Agent and the Calculation Agent the fees for the services provided under the Paying and Calculation Agency Agreement and costs and expenses, plus any VAT as separately agreed between the Issuer and the Principal Paying Agent or the Calculation Agent respectively in a side letter. No failure by the Issuer to pay such fees will release the Principal Paying Agent or the Calculation Agent from its obligations under the Paying and Calculation Agency Agreement.

5.8 Term; Termination

The Paying and Calculation Agency Agreement will automatically terminate on the Final Discharge Date.

The Issuer may terminate the appointment of any Agent with regard to some or all of its functions with the prior written consent of the Trustee upon giving such Agent not less than thirty (30) calendar days' prior written notice. Any Agent may at any time resign from its office by giving the Issuer and the Trustee not less than thirty (30) calendar days' prior notice, provided that at all times there shall be a Principal Paying Agent and a Calculation Agent as long as the Notes are outstanding.

The right of termination for serious cause (*wichtiger Grund*) will remain unaffected.

6. THE CORPORATE SERVICES AGREEMENT

6.1 Appointment of the Corporate Servicer; Duties and Obligations

Under the Corporate Services Agreement, the Issuer has appointed Intertrust (Luxembourg) S.à r.l. to act as Corporate Servicer. The Corporate Administration Services will include in particular, but not be limited to:

(A) procuring that the Issuer maintains its seat and its place of effective management in Luxembourg;

(B) providing the registered office of the Issuer and a place where notices may be served on the Issuer;

(C) maintaining financial statements of the Issuer;

(D) convening and attending any board meetings and shareholder meetings of the Issuer; and

(E) providing general administrative services to the Issuer including administrative services required to implement investment decisions of the Issuer.

6.2 Fees, Costs and Expenses; Limited Recourse

The Issuer will pay to the Corporate Servicer the fees for the services provided under the Corporate Services Agreement and costs and expenses, plus any VAT as agreed between the Issuer and the Corporate Servicer in the Corporate Services Agreement. The Corporate Servicer has further agreed that it shall have recourse in respect of any claim arisen in connection with the Corporate Services Agreement only to the assets of the Issuer that are available in accordance with any relevant agreements entered into by the Issuer and any limited recourse and priority of payment or subordination provision contained in any transaction document to which the Issuer is a party.

6.3 Resignation and Termination; Term

The Corporate Services Agreement has been entered into for an indefinite period. The Corporate Servicer may, *inter alia*, terminate the Corporate Services Agreement by giving one month notice in writing to the Issuer. Issuer may, *inter alia*, terminate the Corporate Services Agreement by giving one month notice in writing to the Corporate Servicer.

7. THE SWAP AGREEMENTS

7.1 General

On or about the Issue Date, each Swap Counterparty will enter into an interest rate swap transaction with the Issuer (each, a "**Swap Transaction**"). Each Swap Transaction will be governed by a 1992 ISDA Master Agreement (Multicurrency-Cross Border) (the "**ISDA Master Agreement**"), together with a schedule thereto (the "**Schedule**") and a credit support annex (the "**Credit Support Annex**") together with the confirmation (the "**Confirmation**" each dated on or about the Issue Date, and, together with the ISDA Master Agreement, the Schedule and the Credit Support Annex with the relevant Swap Counterparty, each a "**Swap Agreement**"). Each Swap Transaction will be entered into in order to hedge against the potential interest rate exposure of the Issuer in relation to its floating rate interest obligations under the Notes.

7.2 Standby Swap Structure Payments

Under the CAAB Swap Agreement, on each Payment Date starting from the Payment Date falling on 23 December 2024 (i) CAAB will pay to the Issuer an amount calculated with reference to the one month EURIBOR payable on the Notes and (ii) the Issuer will pay to CAAB an amount calculated with reference to a fixed rate. Netting between such payments will apply.

If CAAB fails to make a payment under its Swap Transaction, the Standby Swap Counterparty will replace CAAB without delay pursuant to a mechanism contained in the Swap Agreements so that on the next following Payment Date and on each Payment Date thereafter, the Standby Swap Counterparty will pay to and receive from the Issuer the amounts previously payable under the CAAB Swap Agreement described above. In such circumstances the CAAB Swap Agreement will terminate.

In addition under the Standby Swap Agreement, the Standby Swap Counterparty will receive from the Issuer on each Payment Date starting from the Payment Date falling on 23 December 2024, a standby fee in an amount calculated by reference to a fixed rate per annum multiplied by a notional amount being the higher of:

(A) the Notes Outstanding Amount of the Notes; and

(B) the amount specified for such Payment Date in the relevant Confirmation,

which will be the only amount payable by the Issuer under the Standby Swap Agreement, unless and until CAAB fails to make payments when due under the CAAB Swap Agreement.

If CAAB transfers or novates all of its rights and obligations under the relevant Swap Agreement to another suitably rated entity or if another suitably rated entity agrees to become co-obligor or guarantor in respect of the obligations of CAAB under the CAAB Swap Agreement, then the Standby Swap Agreement shall terminate.

Payments made by the Issuer pursuant to the Swap Transactions shall be made to the Swap Counterparties pro rata and *pari passu* in accordance with the relevant Priority of Payments.

7.3 Early Termination

(A) The occurrence of certain termination events and events of default contained in each Swap Agreement may cause the termination of such Swap Agreement prior to its stated termination date, including, among others, the following Additional Termination Events (as such term is defined in the Swap Agreements):

(1) service of a Trigger Notice;

(2) failure by the Swap Counterparty or the Standby Swap Counterparty, as applicable, to take certain remedial measures (as described further below) required under the Swap Agreements following a downgrading of the Standby Swap Counterparty;

(3) an amendment of any Transaction Document without the prior written consent of the relevant Swap Counterparty that, in the reasonable opinion of the relevant Swap Counterparty, materially and adversely affects or could reasonably be expected to materially and adversely affect the relevant Swap Counterparty; and

(4) the early redemption of the Senior Notes and the Mezzanine Notes in full pursuant to Condition 12 (*Early Redemption by the Issuer*).

(B) In respect of the events described under paragraphs (1), (3) and (4) above, the Issuer shall be the sole Affected Party (as defined in each Swap Agreement) and under paragraph (2) the relevant Swap Counterparty shall be the sole Affected Party (as defined in each Swap Agreement).

(C) In addition, a Swap Agreement may be terminated by either the Issuer or the relevant Swap Counterparty in circumstances affecting the other party including where:

(1) the other party is in default by reason of failure to make payments (whereas in case of a payment default by CAAB under the CAAB Swap Agreement, the replacement mechanism described above will apply); and

(2) certain insolvency-related events affect the other party.

(D) Moreover, a Swap Counterparty will be entitled, under certain circumstances, to terminate its Swap Transaction in the event that:

(1) it is obliged to gross up payments following any withholding or deduction for or on account of any taxes or

(2) it receives a payment in respect of which an amount is required to be deducted or withheld for or on account of any taxes.

7.4 Downgrading

(A) If the Standby Swap Counterparty is downgraded below any of the required credit ratings set out in the relevant Swap Agreement, each of the Swap Counterparties shall carry out, within the time frame specified in the relevant Swap Agreement, one or more remedial measures at the cost of CAAB which will include the following:

(1) transfer or novate all of its rights and obligations under the relevant Swap Agreement to another suitably rated entity;

(2) arrange for another suitably rated entity to become co-obligor or guarantor in respect of the obligations of the Standby Swap Counterparty and of the Swap Counterparty under the relevant Swap Agreement; and/or

(3) post collateral to support its obligations under the relevant Swap Agreement,

provided that for as long as the CAAB Swap Agreement has not been terminated, the Standby Swap Counterparty will not be required to post any collateral under the Standby Swap Agreement.

(B) If, following a downgrading of the Standby Swap Counterparty, a Swap Counterparty fails to take any one of the required measures set out in the Swap Agreement within the relevant time period specified in the Swap Agreement, then, subject to any terms specified under the Swap Agreement, such failure will constitute a termination event with the Issuer being entitled to terminate the relevant Swap Transaction if certain additional conditions are met.

7.5 Swap Collateral

(A) In the event that a Swap Counterparty is required to transfer collateral to the Issuer in respect of its obligations under the relevant Swap Agreement in accordance with the terms of the relevant Credit Support Annex, such collateral will be credited into the relevant Swap Collateral Account.

(B) Any collateral posted by a Swap Counterparty will not be available for the Issuer to make payments to its creditors generally, but may be applied only in accordance with the Swap Agreements. In other words, it will not form part of the Issuer Available Funds distributed by the Issuer on each Payment Date. In particular, the Swap Agreements contain specific provisions regarding the treatment of the swap collateral in case the Standby Swap Counterparty is required to step in as Swap Counterparty on a default by CAAB.

See "THE TRUST AGREEMENT – Clause 22.2 (*Swap Collateral*)".

7.6 Security over Swap Agreements

The Issuer will assign its rights, title and interest in the Swap Agreements by way of security in favour of the Trustee pursuant to the English Security Deed.

See "THE ENGLISH SECURITY DEED" below.

7.7 EMIR

Pursuant to the Trust Agreement, the Issuer has appointed the Servicer to be its agent to perform the reconciliation activity to be performed by the Issuer in relation to the Swap Agreements in order to comply with EMIR. In addition, the Servicer has agreed to cooperate with the Issuer in any administrative activities which the latter is required to perform in order to be compliant with EMIR including but not limited to reporting certain information in relation to the Swap Transactions.

See "THE TRUST AGREEMENT – Clause 22.1 (*EMIR Obligations under the Swap Agreements*)".

7.8 Governing Law and Jurisdiction

The Swap Agreements and any non-contractual obligation arising out of or in connection therewith, are governed by, and will be construed in accordance with, English law.

Any dispute which may arise in relation to the interpretation or the execution of the Swap Agreements, or any non-contractual obligation arising out of or in connection therewith, will be subject to the courts of England and Wales.

8. THE ENGLISH SECURITY DEED

8.1 Pursuant to the English Security Deed to be entered into between the Issuer and the Trustee on or about the Issue Date, the Issuer will assign absolutely with full title guarantee to the Trustee (for its own account and as Trustee for the Transaction Parties) as security for the payment and discharge of the Secured Obligations all of the Issuer's rights, title, interest and benefit (present and future) in and to the Swap Agreements.

8.2 The English Security Deed and any non-contractual obligations arising out of or connected with it are governed by, and will be construed in accordance with, English law. The Courts of England have exclusive jurisdiction to hear any disputes that arise in connection therewith.

OVERVIEW OF RULES REGARDING RESOLUTIONS OF NOTEHOLDERS

Pursuant to the terms and conditions of the Notes (the "**Conditions**"), the Noteholders may agree to amendments or decide on other matters relating to the Notes by way of resolution to be passed by taking votes without a noteholder meeting.

In addition to the provisions included in the Conditions, the rules regarding the solicitation of votes and the conduct of the voting by Noteholders, the passing and publication of resolutions as well as their implementation and challenge before German courts are set out in Schedule 4 (*Provisions regarding Resolutions of Noteholders*) to the Paying and Calculation Agency Agreement which is incorporated by reference into the Conditions. Under the German Bond Act (*Schuldverschreibungsgesetz*), these rules are largely mandatory, although they permit in limited circumstances supplementary provisions set out in or incorporated into the Conditions.

Specific rules on the taking of votes without a meeting

The following is a brief summary of some of the statutory rules regarding the solicitation and conduct of the voting, the passing and publication of resolutions within each Class as well as their implementation and challenge before German courts..

With respect to each Class, the voting shall be conducted by the person presiding over the taking of votes ("**Chairperson**") who shall be (i) a notary appointed by the Issuer, (ii) the Noteholders' Representative if such a representative has been appointed for a specific Class and has solicitated the taking of votes, or (iii) a person appointed by the competent court..

With respect to each Class, the notice for the solicitation of the votes shall specify the period within which votes may be cast. Such period shall not be less than seventy-two (72) hours. During such period, the Noteholders of the respective Class may cast their votes to the Chairperson. The notice for the solicitation of votes shall give details as to the prerequisites which must be met for votes to qualify for being counted.

With respect to each Class, the Chairperson shall determine each Noteholders' entitlement to vote on the basis of evidence presented and shall prepare a roster of the Noteholders of the relevant Class entitled to vote. Each Noteholder of the relevant Class who has taken part in the vote may request from the Issuer, for up to one year following the end of the voting period, a copy of the minutes for such vote and any annexes thereto.

Each Noteholder of the relevant Class who has taken part in the vote may object in writing to the result of the vote within two (2) weeks following the publication of the resolutions passed. The objection shall be decided upon by the Chairperson. If the Chairperson does not remedy the objection, the Chairperson shall promptly inform the objecting Noteholder of such Class in writing.

The Issuer shall bear the costs of the vote and, if the court has convened a meeting or appointed or removed the Chairperson, also the costs of such proceedings..

Rules on noteholders' meetings under the German Act on Debt Securities

In addition to the aforementioned rules, the statutory rules applicable to Noteholders' meetings apply mutatis mutandis to any taking of votes by Noteholders of a Class without a meeting. The following summarises some of such rules.

Meetings of Noteholders of a Class may be convened by the Issuer and the Noteholders' Representative if such a representative has been appointed for such Class. Meetings of Noteholders of a Class must be convened if one or more Noteholders holding five (5) per cent. or more of the outstanding Notes of the relevant Class so require for specified reasons permitted by statute.

Meetings may be convened not less than fourteen (14) calendar days before the date of the meeting. Attendance and voting at the meeting may be made subject to prior registration of Noteholders of the relevant Class. The convening notice will provide what proof will be required for attendance and voting at the meeting. The place of the meeting in respect of a German Issuer is the place of the Issuer's registered office, provided, however, that where the relevant notes are listed on a stock exchange within European Union or the European Economic Area, the meeting may be held at the place of such stock exchange.

With respect to each Class, The convening notice must include relevant particulars and must be made publicly available together with the agenda of the meeting setting out the proposals for resolution.

Each Noteholder of the relevant Class may represented by proxy. A quorum exists if Noteholders representing by value not less than 50% of the outstanding Notes of the respective Class are present or represented at the meeting. If the quorum is not reached, a second meeting may be called at which quorum will be required, provided that where a resolution may only be adopted by a qualified majority, a quorum requires the presence of at least 25% of the principal amount of outstanding Notes of the relevant Class.

All resolutions adopted must be properly published. Resolutions which amend or supplement the Terms and Conditions of Notes of any Class certificated by one or more global notes must be implemented by supplementing or amending the relevant global note(s).

In insolvency proceedings instituted against the Issuer, the Noteholders' Representative of the respective Class, if appointed, is obliged and exclusively entitled to assert the Noteholders' rights under the Notes of such Class. Any resolutions passed by the Noteholders of a Class are subject to German law as the governing law of the Notes.

If a resolution constitutes a breach of the statute or the Terms and Conditions of the Notes of a specific Class, Noteholders of such Class may bring an action to set aside such resolution. Such action must be filed with the competent court within one month following the publication of the resolution.

DESCRIPTION OF THE PORTFOLIO

The portfolio information set out below is based on the portfolio information provided by the Originator. None of the Transaction Parties other than the Originator or any of their respective Affiliates has undertaken or will undertake any investigation or review of, or search to verify the portfolio information.

1. GENERAL CHARACTERISTICS OF THE OBLIGORS

The portfolio consists of auto loans granted to private and commercial obligors located in Germany. The portion of private customers is at 53.6% and commercial at 46.4% in the initial pool. Within the commercial share the sectors are much diversified, the main group are small entities or freelancers providing various services.

The customers are geographically well diversified within Germany. The largest region with 20.9% is Baden-Württemberg, followed by Bayern with 19.7% and Nordrhein-Westfalen with 16.4%. The customers in the pool are not employed by the originator or any affiliates – which is one of the eligible criteria. The securitised portfolio is highly granular, with the 10 and 20 largest borrowers representing 0.5% and 0.9% of the pool, respectively. 25,284 contracts refer to 23,977 borrowers. The share of new car customers is at 43.9%.

2. OVERVIEW OVER THE KEY TERMS OF THE PURCHASED RECEIVABLES

The following text summarises the key terms of the Purchased Receivables and the related Underlying Agreements.

The Purchased Receivables are receivables under auto loan agreements entered into between CAAB and either:

(A) consumers (*Verbraucher*) resident; or

(B) entrepreneurs (*Unternehmer*) located in Germany.

According to the Originator's standard terms and conditions a loan for the purchase of a vehicle may be structured as:

"Classic Loan" repaid on the basis of fixed monthly instalments of equal amounts throughout the term of the loan.

*'Balloon Loan' (Maßkredit) with monthly instalments of equal amounts throughout the term of the loan with a substantial portion of the outstanding principal under the loan being repaid in a single bullet at maturity (the **"Balloon"**). This last instalment is calculated similar to the residual value of a leasing contract depending on mileage and duration of the contract.*

PCP ("Formula Loan") which is structured equal to the 'Balloon Loan'. The borrower under a PCP has to enter into a repurchase agreement with the dealer (Zusatzvereinbarung über den Rückkauf eines Fahrzeugs) under which the dealer agrees to repurchase the vehicle at maturity. The dealer agrees to pay the balloon amount to the Originator. However, the liability of the borrower is independent of the dealer's situation. In short, even if the dealer goes bankrupt CA Auto Bank has got a claim against the borrower.

The agreements are governed by German law and are denominated in EUR.

The Underlying Agreements constitute unconditional, unsubordinated payment obligations of each Debtor secured by the Vehicles. The Underlying Agreements are based on a standardised set of documentation, providing the possibility to include one or more guarantors.

The Portfolio consists of the Purchased Receivables arising under the Underlying Agreements, the Related Claims and Rights and the Related Collateral, originated by the Originator and administered pursuant to the Collection Policy.

3. INFORMATION TABLES REGARDING THE PORTFOLIO

The Portfolio data contained in the tables below is accurate as at 2 October 2024 (the Initial Cut-Off Date). However, the Initial Receivables will be transferred on the Issue Date and any Additional Receivables will be transferred on the relevant Additional Purchase Date. Accordingly, the information set out below does not summarise the status of the portfolio at the time of sale and does not reflect the developments and changes in the Portfolio between the Initial Cut-Off Date and the Issue Date or, as the case may be, the Additional Purchase Date.

All maturities are calculated on the basis that the number of Instalments remaining equals the number of months to maturity. The amounts refer to the NPV rather than outstanding principal (nominal) of the Portfolio.

HISTORICAL PERFORMANCE DATA

Data on the historical performance of receivables originated by CAAB are made available as pre-pricing information by means of the European Data Warehouse in its function as a securitisation repository. These historical data are substantially similar to those of the Receivables comprised in the Portfolio pursuant to, and for the purposes of, Article 22 paragraph 1 of the European Securitisation Regulation, given that (i) the most relevant factors determining the expected performance of the underlying exposures are similar and (ii) as a result of the similarity referred to in paragraph (i) above, it could reasonably have been expected, on the basis of the indications such as past performance or applicable models, that over the life of the Transaction, their performance would not be significantly different.

WEIGHTED AVERAGE LIFE OF THE NOTES

The weighted average life of the Notes refers to the average amount of time that will elapse from the Issue Date of the Notes to the date of distribution of amounts of principal to the Noteholders. The weighted average life of the Notes will be influenced by, amongst other things, the rate at which the Purchased Receivables are repaid or reduced, which may be in the form of scheduled amortisation, prepayments or defaults.

The following table is prepared on the basis of certain assumptions, as described below:

(a) the Notes are issued on 4 November 2024;

(b) the first Payment Date will be 23 December 2024 and thereafter each 21st calendar day of each month;

(c) the Purchased Receivables are subject to a constant annual rate of principal prepayments as set out in the below table;

(d) the Purchased Receivables are fully performing and do not show any delinquencies or defaults;

(e) no Purchased Receivables are repurchased by the Originator;

(f) the Portfolio Repurchase Option is exercised;

(g) the initial amount of each Class of Notes is equal to the corresponding Notes Outstanding Amount as set forth on the front cover of this Prospectus; and

(h) no Early Amortisation Event occurs, Amortisation Period starting on the Payment Date falling on 21 February 2025 (included).

The approximate weighted average lives and principal payment windows of the Notes, at various assumed rates of prepayment of the Purchased Receivables, would be as follows (with "**CPR**" being the constant prepayment rate):

Notes Average Life and Expected Maturity

Weighted Average Life (yr)	0% CPR	5% CPR	10% CPR	15% CPR
Class A Notes	2.64	2.42	2.22	2.04
Class B Notes	2.91	2.74	2.57	2.42
Class C Notes	2.91	2.74	2.57	2.42
Class D Notes	2.91	2.74	2.57	2.42
Class E Notes	2.91	2.74	2.57	2.42
Class M Notes	2.91	2.74	2.57	2.42
Class X Notes	0.25	0.25	0.25	0.25
Expected maturity Classes A through M Notes	September 2029	June 2029	March 2029	December 2028
Expected Maturity Class X Notes	May 2025	May 2025	May 2025	May 2025

The exact average life of the Notes cannot be predicted as the actual rate at which the Purchased Receivables, which qualify as Loan Receivables will be repaid and a number of other relevant factors are unknown.

The average lives of each Class of Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic and they must, therefore, be viewed with considerable caution.

COLLECTION POLICY

The following is an overview of the credit and collection policies of the Originator which must be complied with in respect of the servicing of the Purchased Receivables and the Related Collateral by the Servicer. This Collection Policy forms an integral part of the Conditions of the Notes.

Terms and definitions used in this context can deviate and do not equal the defined definitions set out in the Transaction Definitions Schedule

1. DEALER APPOINTMENT AND MANAGEMENT

The manufacturer / importer (Ferrari, Aston Martin, Lotus, Morgan, McLaren, Hedin, K & W) in Germany are represented through a network of 56 main dealers which are financed by CA Autobank. To support and to steer the dealer network from a CA Autobank perspective, there are up to 17 regional managers active all over Germany who are employed at CA Autobank.

Beside the captive business based on cooperation with manufacturer / importer a big part of wholesale business is the provision of financing offers for the former FCA (Stellantis) partners as well as manufacturer-independent multi-brand or used vehicle dealers. Of the 360 FCA main dealers to date, around 200 were convinced of the advantages of further cooperation with CA Autobank. In total, we offer corresponding wholesale financing products to 356 dealers.

The manufacturer / importer (Erwin Hymer Group, Knauss Tabbert Group, Group Pilote, Carthage, Concorde, Mooveo, Robeta, Wingamm) in Germany are represented through a network of 571 main dealers which are financed by CA Autobank. To support and to steer the dealer network from a CA Autobank perspective, there are 5 regional managers active all over Germany who are employed at CA Autobank.

The dealer is the initial contact point for the retail customer. The dealer financing department administrates the appointment and monitoring of dealers as well as the management of the dealers' credit limits.

The Dealer Incentive Program (DIP) of CA Autobank has the purpose to stimulate retail financing business by granting additional benefits to the dealers in relation to the number and volume of contracts being submitted. In return falling volumes of provided retail contracts will cause less incentive benefits for the dealer. The amount and number of additional benefits is determined by a specific "benefit matrix". The higher retail volumes the more advantages are provided to the dealer, e. g. lower stock financing interest rates, reduced fees for car title handling, advanced cash payments, etc.

2. LOAN ORIGINATION

Customers apply for car loans through the dealer network in order to finance the purchase price of a new or used car.

The Originator follows the processes and regulations outlined in the Corporate Credit Manual of CA Auto Bank and in the process documentation of the Originator. With the dealer network of Aston Martin, Lotus, EHG, Vinfast, Lucid, Tesla, McLaren, Pilote and Knaus Tabert Group the business model of CA Auto Bank has been diversified.

In October 2017 the new revised Minimum Requirements for Risk Management (MaRisk) became effective. This framework provides rules regarding the organizational and operational structure for credit business of credit institutions. It covers processes for identifying, assessing, treating, monitoring and communicating risks.

The Originator operates an automated credit approval system (AKE) through which loan applications, received electronically from a point of sale ('GINA') terminal located in the dealer's premises, are processed. The AKE usually sends a response to the dealer by fax / email within two to five minutes after the request is sent. Any applications that do not meet the criteria for the AKE are processed manually by a credit analyst.

The dealer uses GINA to input the data required for the loan request. GINA is a web-based application. A separate User ID and access is set up for each salesman. The loan request is received by the originator via web-based data transfer and allocated to one of five service teams responsible for different functions. All service teams are located centrally in Heilbronn.

3. CREDIT APPROVAL PROCESS

3.1 Private Customers & Sole Traders

The following steps are performed (whether automatically or manually) to arrive at a credit decision for private customers and sole traders.

(A) Completeness Check

The GINA system checks if the data includes all required information (personal and financial). If necessary, the credit analyst contacts the dealer to complete or correct the information submitted.

(B) Previous History

The incoming loan request files are automatically downloaded by GINA into the Originator's BBUS underwriting system. The underwriting system automatically checks, if the customer is an existing or former customer, examines the customer's previous payment record and assigns a contract number to it. An unsatisfactory previous record results in a red flag. The customer's profession, salary etc. is checked; certain professions, e.g. unemployed, must be processed manually and hence receive a red flag in the AKE.

(C) Online Credit Bureau Check

SCHUFA (*Schutzgemeinschaft für allgemeine Kreditsicherung*) is the main central database for creditor information, which is used when assessing the credit history of private customers and sole traders. Banks and credit institutions report current accounts, mortgages, loans, credit cards and any other financing contracts as well as any negative information. Providers of telecommunication services also provide negative information.

The system automatically accesses the applicant's SCHUFA records via a direct electronic link to SCHUFA. SCHUFA checks the customer's history regarding the two points below and automatically sends the results to the CA AUTO BANK System:

(1) If the customer has a bad payment record, he/she is given a red flag, no previous record results in a yellow flag, a clean record is rewarded with a green flag.

(2) SCHUFA discloses all of the customer's outstanding borrowings. If the information supplied on the loan application is incomplete or inaccurate compared with the data recorded in the SCHUFA system, the customer is allocated a red flag.

(3) SCHUFA also reports the applicant's total monthly commitments under different financing contracts. The system automatically includes this figure in the calculation of the customer's disposable income (see step (D) (*Disposable Income Calculation*)).

The credit analyst also sees a customer's internal SCHUFA score, which splits up customers into different categories. The SCHUFA score is used as an additional criterion for the credit decision.

(D) Disposable Income Calculation

The Originator's IT system calculates the applicant's disposable income. The calculation takes into account:

(1) net income;

(2) an allowance for general living expenditure (including all members of the household);

(3) an allowance for maintaining the vehicle;

(4) Monthly payments of the requested loan; and

(5) any other financial commitments (e.g. rent, mortgage payments, insurance payments, financial commitments according to the SCHUFA report).

Prior to the disbursement of the loan a separate analysis of the customer’s creditworthiness is undertaken on the basis of his/her income certificate, tax return or available financial statements. A sufficient income is approved once the certified income is higher than the running expenses for the borrower (including household expenses, other financial obligations).

(E) Credit Scoring and Internal Rating

The Originator used credit scoring since 1993. The scorecards were developed in co-operation with various providers. Currently, the banking Group has installed a development unit, which allows a pure internal development of scorecards. Separate scorecards exist for commercial and private customers and the scoring system takes into account the most discriminating variables. The results of the scorecards are checked on a regular basis.

The underwriting system automatically determines the credit score resulting in a green, yellow or red flag. If approval is subject to a guarantee being provided, the guarantor is subject to the same approval procedure as described above. The credit analyst also takes additional risk factors (e.g. short employment history) into consideration, which needs to be addressed by compensating factors such as lower loan to value ratios, guarantees or insurance.

(F) Check before disbursement

As soon as the car title and other documentation have been received from the dealer by mail, the funding is released directly to the dealer’s account (thus negating any risk of the customer not using the financing for the purpose intended).

However, in case the dealer goes bankrupt, CA Auto Bank still has a claim of 100% of the outstanding against the borrower. In case the documentation is received and processed by the end of day, the disbursement occurs at that night. Any loan finalized after that cut-off time is paid out at the following business day.

Based on the application scoring results in the underwriting process, the scoring results are transferred to an internal risk classification system ('Internal Rating') according to the meanwhile voluntarily application of the MaRisk requirements in section BTO 1.4. The classification results are an integral part of the risk monitoring and risk reporting processes.

The scoring information is mapped to a common master rating scale with 13 grades applied not only for application rating but also for behavioral rating. For each level, a different probability of default (PD) is assigned.

The assigned PDs are "Target-PDs" in the sense that the realized PD should always be below that value. Due to the currently favorable economic environment the realized PDs are considerably below the target PD.

The mandatory introduction of the new SCHUFA rating V3.0 with a strongly increased discrimination ability higher than 0.6% made a complete recalibration in 2018 necessary leading consequently stronger populating the medium and better rating classes. The worse rating classes 10 and lower comprise less than 1.5% for balloon financing.

3.2 Commercial customers

The loan requests from commercial customers are processed via GINA. The steps taken to determine a credit decision for commercial customers are similar to those outlined before but with some additional features / changes:

- the legal entity of the company needs to be established;
- the credit analyst in general requests third party information to base the credit decision on; the information requested depends on the size of the total exposure to the customer:
    - if greater than EUR 50,000 - reference from a credit bureau for companies, (for example "Credit reform", "*Bürgel*");
    - if greater than EUR 90,000 - bank information/references;
    - if greater than EUR 250,000 - the company's financial statements (income & balance sheet).

3.4 Loan Type Description

(A) The Receivables

The receivables to be securitized consist of monetary obligations (being "Receivables") of borrowers which have their registered office or are resident in the Federal Republic of Germany in respect of loans originated by the Originator for the purchase of vehicles. These receivables are implemented on the basis of the standard terms and conditions of the Originator set out in each loan agreement for a fixed term.

The receivables to be acquired by the issuer are generally interest bearing and the amount of interest includes both lender's fees and expenses and any commissions charged. However, in certain cases the Originator may elect to grant non-interest bearing loans (subsidized by the manufacturer) which are loans where the effective rate of interest payable by a borrower may be zero.

Payments of principal and interest are made in fixed monthly instalments over the term of the loan.

According to the Originator's standard terms and conditions a loan for the purchase of a vehicle may be structured as:

(1) "Classic Loan" repaid on the basis of fixed monthly instalments of equal amounts throughout the term of the loan; or

(2) PCP ("Formula Loan") which is structured equal to the 'Balloon Loan'. The borrower under a PCP has to enter into a repurchase agreement with the dealer (*Zusatzvereinbarung über den Rückkauf eines Fahrzeugs*) under which the dealer agrees to repurchase the vehicle at maturity. The dealer agrees to pay the balloon amount to the Originator. However, the liability of the borrower is independent of the dealer's situation. In short, even if the dealer goes bankrupt CA Auto Bank has got a claim against the borrower; or

(3) "Balloon Loan" (*Maßkredit*) with monthly instalments of equal amounts throughout the term of the loan with a substantial portion of the outstanding principal under the loan being repaid in a single bullet at maturity (the "**Balloon**"). This last instalment is calculated similar to the residual value of a leasing contract depending on mileage and duration of the contract.

(B) The Balloon Exposure

The balloon of a "Formula" and a "Balloon Loan" is generally calculated using residual value tables. These tables estimate a future value for the vehicle based on age in years and number of kilometres driven.

Quarterly RV Committee (participants: Country Manager, CFO, Credit / Repossession, Risk, M&S, RV Manager)

(1) residual values based on Eurotax Schwacke / Autovista; and

(2) additional adjustments of RVs based on expertise from own used car sales bourse and external car bourses.

At the end of the contract there is a recalculation of mileage. The difference of the mileage calculation is refunded or charged according to the calculated figures in the contract. Damages are charged as well.

With a few exceptions all customers pay each instalment by direct debit. For direct debit there is always a SEPA-Mandate required, which is part of the standard loan agreement documentation.

3.5 Collections & Recovery Policies

(A) Payment Methods

All borrowers whose loans are included in the Originator's assets to be securitized pay monthly instalments by direct debit.

The direct debit authorization form is part of the standard loan agreement. Instalments are mostly paid on the 5th, 10th, 15th, 20th or 25th of each calendar month, however, instalments may also be paid on any day on which banks are open in Heilbronn. If any of these dates fall on a day that is not a business day for banks in Germany, the relevant instalment date is deferred to the next business day.

Reasons for rejected direct debits are clarified at first via telephone call by the Originator in order to prevent any potential fraud and to address the problem for non-payment immediately.

(B) Prepayments

In the event that any prepayment is made under a loan such amount is immediately credited to the relevant account once identified by the CA Auto Bank. Following receipt of any such amount the servicer consults the relevant obligor as to how the prepayment should be applied to reduce the instalments outstanding. In a few cases the obligor may require CA Auto Bank to return the amount of the overpaid amount. CA Auto Bank updates the entry recorded in the Originator's ICT system in line with the agreement reached with the obligor.

(C) Shortfalls

Any shortfall in the amounts paid by borrowers under their direct debit arrangements takes up to two days following an instalment date to be confirmed as a non-payment of the amount due under a loan.

(D) Delinquent / Defaulted Receivable

Delinquent Receivable means each Receivable (other than a Defaulted Receivable) in relation to which a Borrower has failed to timely pay at least one Instalment (or any other sum) due pursuant to the relevant Loan Agreement, provided that:

(1) the unpaid amount is higher than EUR 15

(2) the relevant Receivable has been recorded as such in the CA AUTO BANK System in compliance with the Credit and Collections Policies; and

(3) such Receivable continues to be classified as such.

Defaulted Receivable means each Receivable arising from a Loan Agreement:

(1) in relation to which a Borrower has failed to timely pay at least one Instalment (or any other sum) pursuant to the relevant Loan Agreement, provided that:

(a) the unpaid amount is higher than EUR 100 and 1% of the outstanding balance of the Borrower), and

(b) the relevant Receivable has been recorded as such in the CA AUTO BANK System in compliance with the Credit and Collections Policies and, in any case, has remained unpaid for at least 91 (ninety-one) days since the registration in the CA AUTO BANK System of the oldest continuous overdue;

(4) in relation to which the relevant Borrower is insolvent, or the Servicer has determined that such Receivable cannot be collected, or legal proceedings have been commenced for its collection; or

(5) written-off by the Servicer in accordance with the Credit and Collections Policies.

(E) Arrears Management & Enforcement Procedures

The collection department has three divisions: collections (power dialer, direct & legal), special & legal collections and car repossessions & sales.

Enforcement procedures only commence, if arrears > € 15 all collection activities are performed and recorded in the Common Retail Financing System (CRFS).

There are various procedural steps which have to be undertaken at different stages:

(1) Phone collection

The Originator uses a "power dialer" phone collection system to contact a customer immediately after a payment becomes overdue. The "power dialer" system dials the numbers of several customers simultaneously on Mondays to Fridays from 08:00 to 21:00 and on Saturdays from 09:00 to 15:00. When a borrower answers the call, he is put through to one of twenty (20) collectors and the borrower's details appear on the screen immediately. The collector asks for the reason for the non-payment and the borrower is given a deadline to pay within the next thirty (30) days. In general, 5% of non-payments are due to technical banking errors, which can be quickly rectified.

In certain cases the instalment plan may be rescheduled as a consequence of changed customer circumstances. The authorization of the credit analyst to do this with a superior's approval depends on the amount and number of instalments overdue. Phone collection efforts may continue for up to sixty (60) calendar days from the instalment date on which the non-payment occurred.

(2) Direct collection

Reminders are automatically generated and sent within fifteen (15) days from the due date of a missed payment and are subsequently sent at regular intervals

until the termination of the loan agreement or the date on which an alternative arrangement is concluded between the Originator and the borrower.

The direct collection is performed by a specialized department within the Originator. The department's involvement commences thirty (30) days after the relevant instalment date. The department's task is to co-ordinate all written correspondence with the borrower and its objective is to cure the default under the loan. This may include agreeing revised payment schedules with the borrower. The Originator monitors the performance of the collection teams and individual collectors on a monthly basis.

(3) Door Knocking

Where the Originator is unable to reach customers via the "power dialer" system (usually because the telephone number is incorrect), the customer is assigned to an external agency which handles the delinquent contracts until the cancellation and repossession stage.

The external agency first initiates a manual dunning letter. If the customer fails to respond, the external agency seeks the correct telephone number or – if necessary – the new address and starts the collection activities. This may be done partially by phone and partially by visiting the customer following undercover investigations.

(4) Termination

If the phone collection and direct collection activities are not successful, the loan agreement is terminated as soon as possible. Collection staff, may agree promises (a commitment from the obligor to pay in a short time frame) anytime after the termination of the loan agreement.

Under German law, two weeks notice of the cancellation of a contract for private customers must be given and the cancellation may only occur if, for loans with an original term of less than thirty six (36) months, 10% of the initial loan amount is delinquent and, for loans with an original term of more than thirty six (36) months, 5% of the initial loan amount is delinquent. For commercial customers a contract may be cancelled if one instalment is overdue. The termination is only linked to the amount and not to a certain term.

(5) Vehicle Recovery and Resale

The Originator retains the vehicle registration certificate (ZBII). A vehicle purchased under a defaulting loan is usually recovered by one of three external agencies used by the Originator as soon as practical after the contract is terminated. The agency receives a fixed success fee of EUR 230 per car.

Historically, the borrower surrendered the vehicle voluntarily in most of the cases. If the borrower refuses to hand over the vehicle, a standard court procedure is used and normally the completion of the recovery process approximately takes sixty (60) days. The recovered vehicle is then valued by an independent assessor and the borrower is informed about the valuation. The borrower is given the opportunity to find a buyer within ten (10) days. Simultaneously, the Originator offers the vehicle via a used-car internet portal to its dealer network as well as other used car dealers. The vehicle is sold to the highest bidder.

Past experience has shown that total recoveries from defaulted loans are stable between 70% and 80%.

Vehicles are repossessed starting fifteen (15) days from the date a loan agreement is terminated. In general, no court proceedings are needed to repossess a vehicle, as the Originator holds the ownership documents (*Kraftfahrzeugbrief/ Zulassungsbescheinigung Teil 2*).

(6) Legal Proceedings

Following the sale of the vehicle the loan is passed to the legal department, which calculates the remaining outstanding considering the received remarketing price.

If the customer fails to pay the outstanding amount there are two possible courses of action:

(a) sale of bad debts, if the conditions of agreement with the bad debt purchaser are fulfilled (e.g. address of customer is known, customer is not insolvent). The account is then closed and the remaining amount outstanding is written off;

(b) if the outstanding receivables are uncollectable, e.g. the customer has died, they are written off. The recovery process then ceases and the contracts are archived.

The Originator chooses to involve external agencies in the collection process to focus on its core business.

Any recovery costs incurred by the Originator are passed on to the customer; these may include:

- Interest on delayed payment (as per German law)
- Cost of dunning letters
- Cost of door knocking
- Repossession of the car
- Judicial dunning procedure
- Appraisal of car
- Legal fees

The Originator/Servicer/Swap Counterparty confirms that this information has been accurately reproduced and that as far as it is aware and is able to ascertain from information published by the date of this Prospectus no facts have been omitted which would render the reproduced information inaccurate or misleading.

1. GENERAL ECONOMIC ENVIRONMENT AND NEW CAR REGISTRATIONS

In 2023, after the end of the government support for Corona, the GDP suffered and turned to a negative -0.3%. For 2024, GDP is forecasted by the German government to a positive return to + 0.3% and in 2025 to 1%.

The unemployment rate in 2023 was 5.7% on average (as end of the year). Unemployment is predicted to slightly increase to 6.0% for 2024.

Inflation Germany: The inflation rate in 2023 reached a high rate of 5.9%. For 2024, a significant decrease to 2.3% is forecasted.

Insolvencies in Germany: In 2023 the number of commercial insolvencies filed rose to 18,100 (+23% compared to 2022), which can be interpreted as a return to a level before Corona supporting measures from government. Estimations from Creditreform experts forecast another 30% increase for the year 2024.

The weak demand, high energy prices, higher financing costs and geopolitical risks is putting a burden on companies and also on private customers.

Instead, this seemed not to have a big impact on the new business at CAAB in 2023.

The new volumes raised up to EUR 1.531 bn which is the level of 2019 and in the first five (5) months of 2024 EUR 760 bn of new volumes were originated. Main driver of the business was Tesla (not part of the securitized portfolio) and Multibrand.

New car registrations in Germany (2023):

2.84 mio. total new car registrations in 2023 (+7.3% vs. 2022)

SUV segment with a 30.1% share again on a high level in 2023

2023 is not yet on the same level as 2019 (before Corona Crisis)

RATING OF THE NOTES

1. The Class A Notes are expected to be rated AAAsf by Fitch and Aaa(sf) by Moody's. The Class B Notes are expected to be rated AA+sf by Fitch and Aa1(sf) by Moody's. The Class C Notes are expected to be rated AA-sf by Fitch and Aa2(sf) by Moody's. The Class D Notes are expected to be rated Asf by Fitch and A1(sf) by Moody's. The Class E Notes are expected to be rated BBB+sf by Fitch and Baa1(sf) by Moody's. The Class M Notes are not expected to be rated by Fitch. The Class M Notes are expected to be rated B2(sf) by Moody's. The Class X Notes are expected to be rated BB+sf by Fitch and Caa2(sf) by Moody's.

2. It is a condition of the issue of the Notes that the Notes receive the above indicated rating.

3. According to the latest available version of the Fitch rating definitions dated 11 June 2024:

   (A) 'AAAsf' ratings denote the lowest expectation of default risk. They are assigned only in cases of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events;

   (B) 'AAsf' ratings denote expectations of very low default risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events;

   (C) 'Asf' ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings;

   (D) 'BBBsf' ratings indicate that expectations of default risk are currently low. The capacity for payment of financial commitments is considered adequate, but adverse business or economic conditions are more likely to impair this capacity; and

   (E) 'BBsf' ratings indicate an elevated vulnerability to default risk, particularly in the event of adverse changes in business or economic conditions over time; however, business or financial flexibility exists that supports the servicing of financial commitments.

   The suffix 'sf' denotes an issuance that is a structured finance transaction.

4. According to the latest available version of the Moody's rating definitions dated 10 September 2024:

   (A) obligations rated 'Aaa(sf)' are judged to be of the highest quality, subject to the lowest level of credit risk;

   (B) obligations rated 'Aa(sf)' are judged to be of high quality and are subject to very low credit risk;

   (C) obligations 'A(sf)' are judged to be upper-medium grade and are subject to low credit risk;

   (D) obligations rated 'Baa(sf)' are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics; and

   (E) obligations rated 'Caa(sf)' are judged to be speculative of poor standing and are subject to very high credit risk.

Moody's appends numerical modifiers 1,2 and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category, the modifier 2 indicates a mid-range ranking, and the modifier 3 indicates a ranking in the lower end of that generic rating category. In addition, Moody's differentiates structured finance ratings from fundamental ratings (i.e., ratings on nonfinancial corporate, financial institution, and public sector entities) on the global long-term scale by adding (sf) to all structured finance ratings. The addition of (sf) to structured finance ratings should eliminate any presumption that such ratings and fundamental ratings at the same letter grade level will behave the same. The (sf) indicator for structured finance security ratings indicates that otherwise similarly rated structured finance and fundamental securities may have different risk characteristics. Through its current methodologies, however, Moody's aspires to achieve broad expected equivalence in structured finance and fundamental rating performance when measured over a long period of time.

5. The Rating Agencies' rating reflects only the view of that Rating Agency. A Fitch rating addresses the timely payment of interest and the final payment of principal in respect of the Class A Notes and the ultimate payment of principal and interest according to the Conditions in respect of the other Classes of Rated Notes, whereby the rating takes into consideration the characteristics of the Purchased Receivables and the structural, legal, tax and Issuer-related aspects associated with the Notes. A Moody's rating addresses the risk of expected loss in proportion to the initial Notes Outstanding Amount of such Class of Notes posed to holders of any Notes of such Class by the legal redemption date. The Moody's rating addresses only the credit risk associated with this Transaction.

6. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the Rating Agencies at any time. If the ratings initially assigned to any Rated Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to such Rated Notes.

7. The Issuer has considered appointing at least one credit rating agency with no more ten (10) per cent. of the total market share as requested by Article 8d CRA3. The circumstances that the Class A Notes are intended to be issued and rated in a manner which will allow for participation in the Eurosystem liquidity schemes has limited the rating agencies that are capable of rating of the Class A Notes in a way that is accepted by the ECB. The Issuer has decided not to appoint different rating agencies for the different Classes of Notes. From the rating agencies capable of rating all Rated Notes and based on, in particular, economic reasons, the Issuer has decided to appoint the Rating Agencies to rate the Rated Notes. Both Rating Agencies have a market share of more than ten (10) per cent. of the total market share.

8. The Issuer has not requested a rating of the Notes by any rating agency other than the rating of the Rated Notes by the Rating Agencies. There can be no assurance, however, as to whether any other rating agency will rate any Class of Notes or, if it does, what rating would be assigned by such other rating agency. If such "shadow ratings" or "unsolicited ratings" assigned to any Class of Notes by such other rating agency could be lower than the respective ratings assigned by the Rating Agencies and such shadow or unsolicited ratings could have an adverse effect on the value of the Notes of such Class of Notes.

See " CONDITIONS OF THE NOTES — Condition 14 (*Taxes*)".

The Issuer has been advised that under the existing laws of Luxembourg:

(A) all payments of interest and principal by the Issuer under the Notes, when made to non-Luxembourg resident Noteholders, are made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or tax authority thereof or therein;

(B) under Luxembourg general tax laws currently in force and subject to the below-described law of 23 December 2005, as amended (the "**Relibi Law**"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Noteholders, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders. Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payment of interest under the Notes coming within the scope of the Relibi law will be subject to a withholding tax at a rate of 20 per cent.; an individual beneficial owner resident in Luxembourg, acting in the course of the management of his/her private wealth, may opt for a final withholding of 20 per cent. on eligible interest income received from a paying agent established in an EU Member State, EEA State (Iceland, Liechtenstein and Norway). In case such option is exercised, such interest does not need to be reported in the annual tax return;

(C) a holder of a Note will not be subject to Luxembourg taxation with respect to payments of principal or interest (including accrued but unpaid interest), payments received upon redemption, repurchase or exchange of the Notes or capital gains realised upon disposal or repayment of the Notes, unless:

(1) the holder is, or is deemed to be, resident of Luxembourg for Luxembourg tax assessment purposes; or

(2) such income or gain is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in Luxembourg;

(D) Luxembourg resident corporate holders of Notes which are companies benefiting from a special tax regime (such as family wealth management companies subject to the law of 11 May 2007, undertakings for collective investment subject to the law of 17 December 2010, specialised investment funds subject to the law of 13 February 2007 or reserved alternative investment funds subject to article 46 of the law of 23 July 2016) are tax exempt entities in Luxembourg, and are thus not subject to any Luxembourg tax (i.e., corporate income tax, municipal business tax and net worth tax) other than the subscription tax calculated on their share capital or net asset value;

(E) Luxembourg net worth tax will not be levied on a holder of a Note unless:

(1) the holder is, or is deemed to be, a corporate entity being a resident in Luxembourg for Luxembourg tax assessment purposes, except, under certain circumstances, if the holder of Notes is governed by any of the following: (i) the law of 17 December 2010 on undertakings for collective investment; (ii) the law of 11 May 2007 on the *Société de Gestion de Patrimoine Familial*. In case the holder of Notes is governed by the law of 22 March 2004 on securitisation or the law of 15 June 2004 on the investment company in risk capital or by article 48 of the law of 23 July 2016 on reserved alternative investment funds, it will only be subject to the minimum net worth tax, which amount depends on the composition of the balance sheet; or

(2) such Note is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in Luxembourg;

(F) Luxembourg gift or inheritance taxes will not be levied on the occasion of the transfer of a Note by way of gift by, or on the death of, a holder unless:

(1) the holder is, or is deemed to be, resident of Luxembourg for Luxembourg tax assessment purposes at the time of the transfer of the Notes upon death; or

(2) the transfer of the Notes by way of a gift by the holder of the Notes is registered in Luxembourg;

(G) there is no Luxembourg registration tax, capital tax, stamp duty or any other similar tax or duty payable in Luxembourg in respect of or in connection with the issue of the Notes or in respect of the payment of principal or interest under the Notes or the transfer of the Notes;

(H) there is no Luxembourg value-added tax payable in respect of payments in consideration of the issue of the Notes or in respect of payments of interest or principal under the Notes or the transfer of the Notes; and

(I) a holder of a Note will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of a Note or the execution, performance, delivery and/or enforcement of the Note.

The attention of prospective Noteholders is drawn to " CONDITIONS OF THE NOTES — Condition 14 (*Taxes*)".

2. TAXATION IN GERMANY

2.1 Resident Noteholders

Payments of interest on the Notes to persons or entities who are tax residents in Germany (i.e. persons or entities whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany) are, in principle, subject to German personal income tax (*Einkommensteuer*) at the applicable personal income tax rate plus solidarity surcharge (*Solidaritätszuschlag*) at a rate of 5.5 per cent. thereon and, if applicable, church tax (*Kirchensteuer*) which as from 1 January 2015 is generally levied by way of withholding unless such person has filed a blocking notice (*Sperrvermerk*) with the German Federal Tax Office or corporate income tax (*Köperschaftsteuer*) at a rate of 15 per cent. plus solidarity surcharge at a rate of 5.5 per cent. thereon (amounting to an aggregate rate of corporate income tax and solidarity surcharge of 15.825 per cent.). Such interest payments may also be subject to trade tax (*Gewerbesteuer*) if the Notes form part of the property of a German trade or business (*Betriebsvermögen*).

Capital gains arising from the disposition or redemption of the Notes and/or separate interest coupons (i.e. without the Notes, "coupon stripping") realised by persons or entities who are tax residents in Germany (i.e. persons or entities whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany) are, in principle, also subject to German personal income tax at the applicable personal income tax rate plus solidarity surcharge at a rate of 5.5 per cent. thereon and, if applicable, church tax or corporate income tax at a rate of 15 per cent. plus solidarity surcharge at a rate of 5.5 per cent. thereon (amounting to an aggregate rate of corporate income tax and solidarity surcharge of 15.825 per cent.). Such capital gains may also be subject to trade tax if the Notes form part of the property of a German trade or business. Such capital gains are subject to taxation irrespective of any holding period.

If the Notes do not form part of the property of a trade or business, taxable interest income and capital gains from a disposition or redemption of the Notes and/or separate interest coupons qualify as income from private (i.e. non-business) investments and capital gains ("**Private Investment Income**"). Notwithstanding the above, Private Investment Income is subject to a flat taxation (*Abgeltungssteuer*) at a rate of 25 per cent. plus solidarity surcharge at a rate of 5.5 per cent. thereon and, if applicable, church tax. The tax basis of such income will be the relevant gross income. Expenses related to Private Investment Income will not be deductible. Instead, the total Private Investment Income will be decreased by a lump sum allowance (*Sparer-Pauschbetrag*) of EUR 1000 (EUR 2,000 for married couples filing a joint tax return) for the year 2024, but may be amended from time to time.

If the Noteholder keeps the Notes in a custodial account with a German branch of a German or non-German financial institution (*Kreditinstitut*) or financial services institution (*Finanzdienstleistungsinstitut*) or with a securities trading business (*Wertpapierhandelsunternehmen*) or with a securities trading bank (*Wertpapierhandelsbank*), each within the meaning of the KWG and each including a German permanent establishment of foreign institutions (the "**Disbursing Agent**"), the tax will be levied by way of withholding at a rate of 25 per cent. plus solidarity surcharge at a rate of 5.5 per cent. thereon and, if applicable, church tax. The flat rate withholding tax also applies to interest accrued through the date of the sale of the Notes and shown separately on the respective settlement statement (*Stückzinsen*). The flat rate withholding tax is to be withheld by the Disbursing Agent which credits or pays out the interest to the Noteholder. If the Notes are kept in a custodial account the Noteholder maintains with a Disbursing Agent but have not so kept since their acquisition and the relevant acquisition data (*Anschaffungsdaten*) has not been evidenced to the satisfaction of the Disbursing Agent, the Disbursing Agent will generally have to withhold tax a the 25 per cent.-rate (plus solidarity surcharge at a rate of 5.5 per cent. thereon and, if applicable, church tax) on a lump sum basis of 30 per cent. of the proceeds from the disposition, assignment or

redemption of the Notes. If the Notes are not held in a custodial account with a Disbursing Agent at the time the interest is received or at the time of the relevant disposition or redemption no tax will be withheld but the Noteholder will have to include its income on the notes in its tax return and the tax will be collected by way of assessment.

With the flat rate withholding tax the income from capital investments of individual investors holding the Notes as a private asset is deemed discharged and the taxpayer is no longer required to include the income in his or her tax return. However, Noteholders may apply for an assessment on the basis of general rules applicable to them (in lieu of flat taxation) if the resulting income tax burden (excluding solidarity surcharge and, if applicable, church tax) is lower than 25 per cent. For other tax resident investors holding the Notes as a business asset the withholding tax levied, if any, will be credited as prepayments against the German personal or corporate income tax (plus solidarity surcharge and, if applicable, church tax) of the tax resident investor. Amounts over withheld will entitle the Noteholder to a refund, based on an assessment to tax. Foreign withholding tax on interest income may be credited against German tax.

Noteholders may be exempt from the flat rate withholding tax on interest, if (i) their interest income qualifies as investment income and (ii) if they filed a withholding exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent having the respective Notes in custody. However, the exemption applies only to the extent the interest income derived from the Notes together with other investment income does not exceed the maximum exemption amount shown on the withholding exemption certificate. Similarly, no flat rate withholding tax will be levied if the Noteholder submits a certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the relevant local tax office to the German institution having the respective Notes in custody.

A limitation on the deduction of losses may be applicable on the Notes according to which losses incurred in any given year on the Notes may only be offset against income from other capital investments up to an amount of EUR 20,000; any amounts exceeding EUR 20,000 may be carried forward to forthcoming years.

2.2 **Non-Resident Noteholders**

Interest income from the Notes, income from a separate disposition or redemption of interest claims as well as any capital gains deriving from the disposition or redemption of the Notes derived by non-resident Noteholders is not regarded as taxable income in Germany unless such income qualifies as German source income because the Notes are held as business assets in a German permanent establishment including a permanent representative or otherwise constitutes German-source income (such as income from the letting and leasing of certain German *situs* property or income from over the counter transactions with a Disbursing Agent).

If the interest income deriving from the Notes qualifies as German source income and the Notes are held in custody with a German credit institution or a German financial services institution, the German flat rate withholding tax regime (including solidarity surcharge) would apply as to resident Noteholders.

Gains derived from the sale or redemption of the Notes by a non-resident Noteholder are subject to German personal or corporate income tax (plus solidarity tax thereon currently at a rate of 5.5 per cent.) only if the Notes form part of the business property of a permanent establishment maintained in Germany by the Noteholder or are held by a permanent representative of the Noteholder (in which case such capital gains may also be subject to trade tax income). Double tax treaties concluded by Germany generally permit Germany to tax the interest income in this situation.

If the Notes are held in custody with a German credit institution or a German financial services institution (including a German permanent establishment of a foreign credit institution), as Disbursing Agent for the individual Noteholder, the German Central Tax Office is obliged to provide information on interest received by non-resident individual Noteholders to the tax authorities at the state of residence of the respective Noteholder, *provided that* this Noteholder is resident of an EU-Member state or any other territory with which Germany has an active exchange relationship for the automatic exchange of financial account information in tax matters under the OECD's Multilateral Competent Authority Agreement for the Common Reporting Standard, under the EU Directive 2011/16/EU as amended by EU Directive 2014/107/EU or under a bilateral agreement with the European Union or Germany.

2.3 **Gift or Inheritance Tax**

The gratuitous transfer of a Note by a Noteholder as a gift or by reason of the death of the Noteholder is subject to German gift or inheritance tax if the Noteholder or the recipient is resident or deemed to be resident in Germany under German law at the time of the transfer. If neither the Noteholder nor the recipient is resident, or deemed to be resident, in Germany at the time of the transfer no German gift or inheritance tax is levied unless the Notes form part of the business property for which a permanent establishment or fixed base is maintained in Germany by the Noteholder. Exceptions from these rules may apply.

2.4 **Other Taxes**

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax is not levied in Germany.

THE FOREGOING INFORMATION IS NOT EXHAUSTIVE; IT DOES NOT, IN PARTICULAR, DEAL WITH ALL TYPES OF TAXES NOR WITH THE POSITION OF INDIVIDUAL INVESTORS. PROSPECTIVE INVESTORS SHOULD, THEREFORE, CONSULT THEIR PROFESSIONAL ADVISORS.
